N/A

Which changes would you like to provide comment(s) about?
Bus and light rail service and fares
Please indicate if you oppose or support the proposed reductions to bus and rail service.
OPPOSE all proposed service reductions
Service change impacts (bus and rail):
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would no longer be able to get to my current job, training location, or will have to find a new job
I would no longer be able to access medical care locations
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
Other comments (bus and rail service reductions):
These changes will have a negative impact on my daily life. Our system should be protected and we should be expanding service not cutting it.

Bus and light rail service and fares
Please indicate if you oppose or support the proposed reductions to bus and rail service.
Oppose or support specific reductions.
OPPOSE: SV SILVER LINE LIGHT RAIL (Elim.),
Service change impacts (bus and rail):
My travel time would greatly increase
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
See below
Other comments (bus and rail service reductions):
I use the library park and ride to get on the silver line. This helps me save money on parking and gas. It also helps regarding the amount of parking available in town. If all of these reductions or eliminations happen, parking will not be available if people have the option to drive. Others do not drive. I personally know two people who do not drive and depend on PRT
Please indicate if you oppose or support the proposed fare increases:
OPPOSE the proposed fare increases
Fare increase impacts (bus and rail):
See below
Other comments (bus and rail fare increases):
I use the T to save money so if fares are increased, I dont know how much it will benefit me to take it. Also, the service doesn't support the increased fairs. I go in 3 days a week. At least one time each week there was an issue. Car broke down, silver car removed from service etc. If you ran NYC transit system, you would cripple New York.

Other comments (bus and rail service reductions):
Works at AGH in the health field. Our transit system has always fallen short of where it should be. These changes wll turn our current service into a hallow shell.The unemployment rate will go up, we will be reducing peoples ability to get around the city. We need to provide the building blocks of daily living.

Service change impacts (bus and rail):
My travel time would greatly increase
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would no longer be able to get to my current job, training location, or will have to find a new job
I would no longer be able to get to school, daycare, or childcare
I would no longer be able to access medical care locations
I would have to move to another home/dwelling where transit is available
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
I would have to switch to another mode of travel
I would have to take ACCESS instead of fixed route service
The changes may not impact me but will impact my community and/or loved ones
some routes need changes to which way they go vs elimination, not all routse need to go to oakland or downtown
Other comments (bus and rail service reductions):
Please have graduate students of our universities do a research study about fares and route service along with riders to help assist with the buses and ACCESS. They could work in groups from several colleges/univerisities and probably do a btter job than outside consultants. Cutting service is the wrong thing to do!
Please indicate if you oppose or support the proposed fare increases:
OPPOSE the proposed fare increases
Fare increase impacts (bus and rail):
I would have to make decisions about whether to pay for transit or other essential expenses
I would take less public transit trips
The fare increases may not impact me but will impact my community and/or loved ones
Other comments (bus and rail fare increases):
Paying way too much for less services!
Please indicate if you oppose or support the proposed changes to ACCESS service:

I would have to move to another home/dwelling where transit is available
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
I would have to switch to another mode of travel or rely on a family member or friend
The changes may not impact me but will impact my community and/or loved ones
service wait times and travel times are already too long for many people
Other comments (ACCESS service reductions):
Going through downtown and aving to transfer is just wrong. It has taken me over 6 hours to get to a 20 minute doctor appt. because of all of the waiting and tranference and extra time riding all over town to get back home. We need direct service from South Hills to Fox Chapel and South Hills to Monroeville and South Hills to North Hills. We need more drivers, more vehicles and better service, not less. There are many days you can not get the times and rides you

need for medical appts. or groceries! You are limiting our lives in the worst way. Frinds have died without my being able to visit before they passed away due to lack of ACCESS service!

Please indicate if you oppose or support the proposed ACCESS fare increases:

SUPPORT the proposed fare increases

Fare increase impacts (ACCESS):

N/A

Other comments (ACCESS fare increases):

Not everyone has the money. We need dedicated transit money!

Other comments (bus and rail service reductions):
RIP to the 58 bus. Due a vacation, I'm what will be final time I take it before you gut the timetable and stop offering rush hour service. This is irregardless of your idiotic plans to gut service to Upper Greenfield. I also wanted to note that the fare box was out of service so PRT collected no fares. This is why PRT is going under. You cut what would be highly profitable routes by never running the buses on time, which leads to perceived lower ridership because we can never take a bus that never shows up and actually lower ridership as trust is eroded, and then failed to collect any money from a fairly full bus. All of this amounts to fiscal mismanagement at its finest.
You failed Pittsbughers who rely on public transit to live their lives. You failed commuters who want less clogged roads to Oakland. You failed the environment by quashing mass transit.
I'll be buying a car and I'm not happy about it. I never wanted to own a car and the electric car options are pathetic in the US. But I need to be able to get to/from work without having to leave an hour earlier and having to wait 45 minutes after just to MAYBE have a bus show up. I literally can walk to Oakland faster than the bus but I'm required to carry equipment to/from work.
Hope you're all happy with legacy. PRT and its cronies will forever be known as the agency that killed public transit in Pittsburgh and took us back about 8N/A years in progress. My grandma used to be able to rely on the 16 train to take her to work Downtown. Yes, the one the 16 bus is named for. This is pathetic.

Other comments (bus and rail fare increases):
I just was in NYC and it was so easy to get around at the same cost our fare. Just going 3 miles and back between my hotel and family events took me about 20 minutes and half of that was walking to stations. I never waited more than 2 minutes for a train. Swiping at the turnstile was easy (as a bonus, obviously subway is indoors for this). I know that it's not always like this from my other trips to NYC, but my point is that I had great value for my $2.75 fare vs. the will they/won't they daily saga of is my bus going to show up today even though it's clearly parked one block away waiting to begin the route.

Service change impacts (bus and rail):
My travel time would greatly increase
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would no longer be able to get to my current job, training location, or will have to find a new job
I would no longer be able to access medical care locations
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
I would have to switch to another mode of travel
Other comments (bus and rail service reductions):
Public transportation is very important to me as I cannot drive due to my limitation on my visual, I am a PWD so I rely and dependent on PRT, Uber or Lyft rides are very expensive, I humbly urge the government official to hear our plea not to increase fare and not to limit bus frequency or routes as it will affect not just me, but the whole riding public
Please indicate if you oppose or support the proposed fare increases:
OPPOSE the proposed fare increases
Fare increase impacts (bus and rail):
I would have to make decisions about whether to pay for transit or other essential expenses
The fare increases may not impact me but will impact my community and/or loved ones

Bus and light rail service and fares
Please indicate if you oppose or support the proposed reductions to bus and rail service.
OPPOSE all proposed service reductions
Service change impacts (bus and rail):
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
Other comments (bus and rail service reductions):
I will be retiring this year and was looking forward to using the trolley to get from home to downtown and back. Please consider that there is a parkway north, a parkway west and a parkway west but in the south hills none of these parkways exist and taking more access away affects both the south hills and downtown.

OPPOSE all proposed service reductions
Service change impacts (bus and rail):
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
I would lose potential income.
Other comments (bus and rail service reductions):
Now is not the time to be cutting service. With the NFL Draft upon us, I was counting on PRT Silver Line service to be able to generate AirBNB income from my home (and advertisable feature when one can say walkable distance to PRT Silver Line). My family and I also use the Silver Line when going to Steelers games and other North Shore events, as well as to Penguins games and Cultural District offerings. This saves me a considerable amount on parking, making those events more affordable for me. Please don't eliminate this line. I'd rather pay a nominal fare increase than see this eliminated completely.
Alternatively, sponsorships should be pursued. Custom wraps could be created for light rail cars and buses. Farecards could have advertising/couponing on them. Fare bundles with local entities could be pursued (e.g., Science Center travel and admission). Get creative. Think outside the box.
Please indicate if you oppose or support the proposed fare increases:

None of these apply to me
Other comments (ACCESS service reductions):
Removing or limiting ADA would screw with so many people, including those with visible and nonvisible disabilities. There have been multiple times where I have witnessed people relying on ADA to even ride properly. Where will those people go without it? I would rather complete bus lines be removed or fare increases than something that will actively harm the disabled community.

OPPOSE the proposed fare increases
Fare increase impacts (ACCESS):
The fare increases may not impact me but will impact my community and/or loved ones
Other comments (ACCESS fare increases):
Why are we charging people who already struggle with money more?? Some people rely on that transport since its the ONLY way to get anywhere. Again this is something that will harm people who already struggle enough.

Other comments (bus and rail service reductions):
Why not just raise fare for better service?? I think it is appalling that all this money is being spent on PRTX while there is a funding crisis. I also think it is absolutely ridiculous that this was suddenly brought upon everyone after an entire study was done to redesign bus service. Money was also wasted on an unnecessary rebranding..... I say get rid of the leadership and make better choices. Do NOT punish riders for your mistakes.

I would no longer be able to access medical care locations
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
Other comments (bus and rail service reductions):
As a Stadium worker on the North Shore, I rely on the Silver Line to get me safely to and from work. The recent cancellation of Silver Line service has become an extreme hardship on me and several co-workers. Having to change trains at Washington Junction has caused problems. Schedules don't align from Silver, adds a large amount of additional travel time to my day in each direction, etc. Our Silver Line needs to be restored especially with the Draft coming to town. Let's move forward instead of backward!

Which changes would you like to provide comment(s) about?
Bus and light rail service and fares
Please indicate if you oppose or support the proposed reductions to bus and rail service.
OPPOSE all proposed service reductions
Service change impacts (bus and rail):
My travel time would greatly increase
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would no longer be able to get to my current job, training location, or will have to find a new job
Other comments (bus and rail service reductions):
Please do not eliminate the O1 Ross Flyer. People in the north hills suburbs rely on this bus to get to and from work. Do not cut service it is vital to getting people to work, keeping downtown alive, it helps with traffic congestion, helps with safe air quality (less pollution if you take public transit instead of everyone driving separately into town, and helps with overcrowding in parking lots/garages. Do not cut, eliminate or scale back. This is a vital lifeline for the north hills, it is efficient and a quick route into town. Do not move everyone to the N/A8 Perrrysville bus...that is not a solution to the problem. You can't cut sevice to the working class of the north hills community. We are not all rich, that live in the suburbs of the north hills, we cannot afford to pay to park in town 5 DAYS A WEEK...YES, I COME IN 5 DAYS A WEEK. I do not have the luxury of working from home. Look to everyone when public transportation is involved....not just the inner city. WE NEED THE N/A1 bus to stay the way it is, do not change the times or stops...keep it as is...it works. If you need to raise the fare fine but keep the O1. If you don't provide this bus service downtown will die....we keep town alive by working there 5 days a week.
Please indicate if you oppose or support the proposed fare increases:
OPPOSE the proposed fare increases
Fare increase impacts (bus and rail):
I would have to make decisions about whether to pay for transit or other essential expenses
Other comments (bus and rail fare increases):
If you increase the fare do not use it unwisely, take accounting of what you are using it for...like the people that ride the bus...not big raised for Management.

Other comments (bus and rail service reductions):
She has taken public transit for the past 6 years. She rides the bus and has met people on the bus who rely on public transit- the senior, nurse studying on the bus, and many people getting to work. Buses reduce traffic and make us more resilient to climate change. WE are the foundation which allows people to build a life here.

I would no longer be able to access medical care locations
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
Other comments (bus and rail service reductions):
Taking public transportation is one of the best habits she can still do. She can rely on family and friends, but she likes transit for her own independence. We need to keep service to where it was before the pandemic. 25% of our residents live with disabilities and need public transit. Mass transit is a public service not a controversy.

Bus and light rail service and fares
Please indicate if you oppose or support the proposed reductions to bus and rail service.
OPPOSE all proposed service reductions
Service change impacts (bus and rail):
The changes may not impact me but will impact my community and/or loved ones
Other comments (bus and rail service reductions):
Pittsburgh food policy council. Food access in the county... people rely on public transportation to get to food. Wanted the reduced fare system- AghGo so people can get reliable transit at a reduced price. Without this funding people will not be able to get food.

OPPOSE all proposed service reductions
Service change impacts (bus and rail):
I would have to switch to another mode of travel
The changes may not impact me but will impact my community and/or loved ones
Other comments (bus and rail service reductions):
This reduction in services affects not just those who ride the transit system, but also those who rely on those same people to provide much needed services, especially for older people. It deprives everyone. In our area students in high school and college need this service. And those students frequently rent homes or apartments in our area.

The changes may not impact me but will impact my community and/or loved ones
Other comments (ACCESS service reductions):
As an older person I realize I am one fall, one health concern from becoming reliant on public transportation for all my needs. A good transit system keeps communities strong and varied. Arts, sports, and other cultural institutions benefit from workers and visitors using this service , thus reducing the traffic congestion and parking dilemma.

The changes may not impact me but will impact my community and/or loved ones
Other comments (bus and rail service reductions):
Avalon burrow.
Taking away these buses would devastate the communities. Residents are concern about even more traffic on 65. Elimating these routes is a huge step backwards.
California, Emsworth, Ben-Avon bridge closing- need more info on this. If the bridges are closed, they would become landlocked.
Relies on the 19L to get to work.

Other comments (bus and rail service reductions):
I wish to express my deep concern on the future bus routes being eliminated. I am against it. I believe cutting any bus route would create a heath issue. I rely on certain routes to get to my medical appointments. This will also affect other people as especially the elderly and people with a disability especially those with walking issues and in wheelchair/scooter. Also people will lose jobs if service is cut off at 11:N/AN/A.pm. I have an idea stop letting people ride for free.a and I mean people who abuse the system. It is not fair that I have to pay to ride . The 25 cents fair increase is not that bad. . I hope the voice of the prt riders are truly heard.

Other comments (bus and rail service reductions):
Buses use to be affordable and reliable service but not anymore. With these changes things will get even worse.
PRT- name change - the service always gets worse. We are not fixing the system…we continue to make it worse.
We should not be keeping the system for people coming to the city(NFL draft) but for the people who live here.

Service change impacts (bus and rail):
My travel time would greatly increase
I would no longer be able to get to my current job, training location, or will have to find a new job
I would have to switch to another mode of travel
Other comments (bus and rail service reductions):
i currently take two buses to get to work. it is not a perfect system currently but with the cuts i'd have to likely make other arrangements to get to work like using a ride share app or getting a car. if these cuts are made there will only be 1 bus that runs to my neighborhood but the route isn't even accessible to me currently. not to mention the service time is up to an hour between buses. with these cuts the increase in ride share apps will happen which will increase the price of those rides in the morning. it will go from my day costing $5.5N/A to upwards of $4N/A per day. in a time when all prices are increasing for everything this is one of the absurd things that would change with this cut. also these reductions WILL cut off neighborhoods from the city. it will completely diminish the cultural impact the city has because underrepresented communities are not able to make it out to events. i love riding the bus in the morning, it is a beautiful way to start my day. i love going to an event at night and being able to catch the bus out of the city and if these reductions happen and all buses are ended at 11 pm then that ruins evening events in the city. imagine Taylor Swift comes back to town how are you getting all those people out of the city if all the buses stop running at 11 pm. like what are we doing? these transit cuts will ruin our beautiful city for the worst.

Other comments (bus and rail service reductions):
Bike Pittsburgh- urgent need for sustainable transit.
Public transit benefits Pittsburgher's to choose or can't drive. Want people to thrive without owning a car.
First mile last mile with bikes and buses- The bus is a bridge- a shelter from a storm and an extension of mobility. We can access better jobs with public transit. This would undermine the safety of our streets.
Grow our service not cut it. Quality of life will suffer.

Please tell us about any difficulties you had completing this form:
N/A

Which changes would you like to provide comment(s) about?
Bus and light rail service and fares
Please indicate if you oppose or support the proposed reductions to bus and rail service.
OPPOSE all proposed service reductions
Service change impacts (bus and rail):
My travel time would greatly increase
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would no longer be able to get to my current job, training location, or will have to find a new job
I would no longer be able to access medical care locations
I would have to move to another home/dwelling where transit is available
Other comments (bus and rail service reductions):
I take both the T and the bus regularly and do not have a car. I rely on both to get to work and my doctors, both of which are downtown.
Please indicate if you oppose or support the proposed fare increases:
SUPPORT the proposed fare increases
Fare increase impacts (bus and rail):
N/A
Other comments (bus and rail fare increases):
While I don't want the fares to change, if the fare increases means that I get to keep my access to public transportation then that is a preferable solution over losing public transit entirely.

I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
I would have to switch to another mode of travel
Other comments (bus and rail service reductions):
Pittsburgh has finally had an increase in population for the first time in decades. If we want to continually grow this city and make it a better, more integrated community we need MORE funding for the transit lines, not less.
I take the bus to work and school everyday and the service has been phenomenal for me- not just for getting to where I need to go on time, but also for meeting people in the community. I work as a neuroscience graduate researcher at Pitt and my fellow workers all use the bus lines to come to the main campus. This is remarkable!! We all work at this one place but we're able to live in any one of the wonderful neighborhoods around Pittsburgh. If we are unable to keep the current lines- let alone expand the service- then we lose out on this vital piece of Pittsburgh's character: that you can come from any walk of life, any type of work, and travel efficiently to any other part of the community! It's what sets Pittsburgh apart from every other midsize city I've ever been to, and I pray to God that our city government might be able to find a way to fund this transit system and maybe even be able to expand it.
Not to mention how much the transit lines are able to reduce traffic!! Pittsburgh has horrible traffic already, cutting public transit service would make this problem 1N/Ax worse! The downstream cost savings of the transit system such as safer roads, cleaner streets, and better air quality, should certainly be considered when discussing the costs of the service. I, personally, am able to drive less which means I spend less of my budget on gas and car maintenance which means I'm able to spend a little more on local businesses and events, which means the city gets more out of taxes from me as a consumer. I'm also able to do work on the bus I take, which makes me more productive at my laboratory, which means I'm able to bring in more research funds to the university and Pittsburgh as a whole.
I know I don't speak for everyone who uses the transit lines, but I wouldn't mind paying a little more in city taxes if it meant we could have a better public transit system. It's simply the life-blood, the veins that hold our community together, and I very much hope that we are able to save these lines.
Thank you so much for taking the time to read my statement, I don't know how many people in the Pittsburgh community even have the time to fill out a comment form but everyone I know and talk to, from close friends to complete strangers, very much hope that we can find a way to save the public transit system- its benefits are immeasurable for our community, and the downstream costs of cutting service would greatly impede the ability of Pittsburgh to continue growing in the future.
Thank you.

I also use the transit to get to and from the airport. I wish the T would also reach out to the airport, it would certainly make Pittsburgh more attractive to tourism and visitors.

I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
Other comments (bus and rail service reductions):
Bus 87 has been incredibly important for me as I work in entertainment and need to travel to the downtown cultural district often. And stopping the bus service after 11 pm also casts significant restraints on the entertainment industry since the audience may need to be more mindful when selecting which performance to see, and be hesitant about the ones that last past 1N/A:3N/Apm.
Please indicate if you oppose or support the proposed fare increases:
OPPOSE the proposed fare increases
Fare increase impacts (bus and rail):
I would have to make decisions about whether to pay for transit or other essential expenses
Other comments (bus and rail fare increases):
The bus fee increases will heavily impact my life, thinking I may need to spend $6 on bus if I go grocery shopping. In that case, I need to consider if it is even worth my time going to shops in person or just opt to buy things more online and pay the shipping fee. That being said, this may impact local small businesses as well.

OPPOSE the proposed fare increases
Fare increase impacts (bus and rail):
I would take less public transit trips
The fare increases may not impact me but will impact my community and/or loved ones
Other comments (bus and rail fare increases):
Our transit costs are already greater than many other metro areas, including the age at which you must start paying for a child's fare and what the fare for all riders is. Increasing the fare may further reduce ridership. There have been many times I've considered taking my family somewhere via the bus but have opted to drive instead because parking would be less than our 4 round trip fares. Increased fares will reduce access.

How often do you typically ride Pittsburgh Regional Transit (PRT) and/or ACCESS?
2-3 days per week
Where do you travel using Pittsburgh Regional Transit (PRT) and/or ACCESS??
Home
Work or job training
Social activities
How do you identify yourself? Select all that apply.
White
What is your age?
35-44
How would you describe your gender identity? Select all that apply.
Woman
Which of the following best describes your 2024 household income?
$75,000 to $99,999
Including yourself, how many people live in your household? 3-4
Please tell us about any difficulties you had completing this form:
none

Which changes would you like to provide comment(s) about?
Bus and light rail service and fares
Please indicate if you oppose or support the proposed reductions to bus and rail service.
OPPOSE all proposed service reductions
Service change impacts (bus and rail):
The changes may not impact me but will impact my community and/or loved ones
Other comments (bus and rail service reductions):
Senior higrise in the area and those people rely on the buses.
Fineview and Perrysville community.
As we invest in our communities- public transit is a linking factor. Without robust transit lines we are going backwards to the current work we are doing to improve our communities. North side is already isolated from the entire city.

OPPOSE all proposed service reductions
Service change impacts (bus and rail):
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would no longer be able to access medical care locations
Other comments (bus and rail service reductions):
Riding public transit is not a journey but a destination.
Hospital employees/patients rely on public transit. All businesses in downtown rely on PRT. Hotels/Restaurants reply on PRT. ALL sporting events. College students
People rely on transit for food and pharmacy's and sometimes have to take 2/3 buses to get there.
This change is dangerous and disrespectful to our riders and communities. Get on the bus and talk to riders and our operators. These routes will be lost and never restored.

Service change impacts (bus and rail):
The changes may not impact me but will impact my community and/or loved ones
Other comments (bus and rail service reductions):
So much at stake if we lost PRT. The bus line is a lifeline for our city and all of our communities. The buses allow us to see the beauty of our city and the people. People bond while riding the bus exchanging simple stranger pleasantries. This is not a livable city if a third of our city can't get around.

Service change impacts (bus and rail):
The changes may not impact me but will impact my community and/or loved ones
Other comments (bus and rail service reductions):
Employment in Oakland- Robust transit is tied to affordable housing. People come from very far to get to Oakland. Without transit people are going to rely on getting a car and Oakland does not have enough parking for people.
Increases the price of housing- it is important that the service that delivers people to Oakland are kept. The region's economy relies on transit.

CEO of boys and girls club of PGH.
Staff and kids ride public transit. Sustain and grow public transit in our community. They are a safe place for kids- core values of safety, fun and inclusion. 7N/A % single parent's family households- these families rely on public transit to get these kids to and from programs. It is an absolute lifeline. Without funding to sustain service this would impact these kids who are the future of our communities. will affect careers and likely hood of success.

Service change impacts (bus and rail):
My travel time would greatly increase
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would no longer be able to get to my current job, training location, or will have to find a new job
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
The changes may not impact me but will impact my community and/or loved ones
Other comments (bus and rail service reductions):
Please keep in mind Pittsburgh is an aging city, all will need public transit. Pittsburgh is meant to be a livable city, where one can work, go to school and socialize. Public transit helps keep people in the city for these reasons.
People may have access to a car but the cost to keep it up and running may be a burden on some. Thus, having people need to get to work (probably multiple jobs), and they will more than likely work outside of a walking area within their zip code. With that being said, not everyone can get a shift that ends before 11(think of those in healthcare and security). Somethings just aren't feasible and public transit is just a blessing.
No community should be with out service.
Combining routes or extending routes to service other areas that may have overlap may be beneficial.
Special events busing does well, but needs special event pricing.
Please indicate if you oppose or support the proposed fare increases:
OPPOSE the proposed fare increases
Fare increase impacts (bus and rail):
I would not be able to afford the increased fares
I would have to make decisions about whether to pay for transit or other essential expenses
I would take less public transit trips
The fare increases may not impact me but will impact my community and/or loved ones
Other comments (bus and rail fare increases):
How can there be a price increase and major service decrease with routes eliminated, what will the public be paying for? Customer service has poor ratings as is (from bus drivers/service and actual customer service.)

Bus and light rail service and fares
Please indicate if you oppose or support the proposed reductions to bus and rail service.
OPPOSE all proposed service reductions
Service change impacts (bus and rail):
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would no longer be able to get to my current job, training location, or will have to find a new job
I would no longer be able to access medical care locations
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
Other comments (bus and rail service reductions):
Takes the Westmoreland transit system. PRT is the lifeblood of the city. She does not have a car and can't afford a car. She depends on the buses to get everywhere around our city. Eliminating 4N/A+ bus routes will shut our city down.

Other comments (bus and rail service reductions):
cutting transit acess (eliminating service to the Brookline Area) would isolate alot of our community residents - some residents would have to quit jobs without bus service to get to work - we have school age students who rely on bus service to get them to and from school - we have senior residents who rely on bus service to get to and from appointments (would impact their ability to access healthcare) - alot of residents made Brookline their home because of access to public transportation - reliable transportation is not a luxury, it is a necessity - without public transportation many residents would be left stranded with no means to get around - i urge you not to cut our servic

Representing CONNECT- transit isn't about getting to work but keeping the economy moving. It is a regional need- large events in pgh. US open, NFL draft. We need to regain routes from the pandemic and other service cuts. The cuts are very dangerous and we should rally behind models that really work. We should be less dependent on cars. Long term investments so this budget works

Other comments (bus and rail service reductions):
Director at CONNECT- relies on daily transit in her daily life.
Traffic will get worse, unsafe situations of buses are stopped at 11pm, PITT providing transit is why she wanted to go to PITT but also stay in PGH. Having reliable transit is investing in our community and children. Daily routine should be something we can count on every day.

Other comments (bus and rail service reductions):
Professor at CMU. The buses are too full as it is because of the service cuts after the pandemic. Cuts to service single a death spiral. When service is unreliable or cut this will even push low-income people to buy cars. This will have a negative impact on public transit. People choose to drive for social reasons- greenhouse gases.

Oppose or support specific reductions.
OPPOSE: 41 BOWER HILL (Elim.), SV SILVER LINE LIGHT RAIL (Elim.), RD RED LINE LIGHT RAIL (Major Reduction),
Service change impacts (bus and rail):
I would no longer be able to get to my current job, training location, or will have to find a new job
I would no longer be able to access medical care locations
I would have to move to another home/dwelling where transit is available
Other comments (bus and rail service reductions):
If you remove the 41 Bus many people would lose their ability to use access do to the restrictions on where a buss stop / T stop are located. Many individuals with disabilities rely on these services as their only means of transportation. If you remove the redline service from my neighborhood, I will no longer be able to use any form of transportation other than Uber or Lyft as I am blind and do not drive! I rely on access to get me to work and they are the only way I can get there without a significant cost in price for transportation. If you remove the silver line, it will impact my son's ability to get to work or any other place in the city as he does not drive. I also know that many people with disabilities are living on a fixed income, and do not make enough moeny to afford a price increase, let alone the cost of Uber or Lyft to get to and from work. These cuts will greatly impact anyone in or around the city of Pittsburgh's ability to live independent lives!

Fare increase impacts (bus and rail):
N/A
Other comments (bus and rail fare increases):
N/A
Please indicate if you oppose or support the proposed changes to ACCESS service:
OPPOSE the proposed service changes
Service change impacts (ACCESS)
I won't be able to depend on a guaranteed ride
I would no longer be able to get to my current job, training location, or will have to find a new job
I would no longer be able to access medical care locations
I would have to switch to another mode of travel or rely on a family member or friend
Other comments (ACCESS service reductions):
If I lose my ability to ride on access, it greatly reduces my ability to live independently. I rely on Access to get where I need to go with a trusted reliable driver who cannot deny me do to my service dog. Access is a safe and trusted form of transportation for anyone with a disability. You never know what you're going to get with an Uber or Lyft driver, and there is no garentee you'll get a ride. With access, I have the confidence in knwoing that not only am I going to get treated with respect, but I'm going to get to where I need to go without worrying about not knwoing who my driver is, or that I'll get picked up from my destination. Access in the only mode of transportation I can use to get to work as it would cost 3 times as much on Uber or Lyft and that is not something that I can afford. If the cost of Acess needs to increase a little, I am ok with that, but I do not want to lose my access to independence.

I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I won't be able to depend on a guaranteed ride
I would no longer be able to access medical care locations
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
I would have to switch to another mode of travel or rely on a family member or friend
Other comments (ACCESS service reductions):
I am writing as a mother of a daughter who has dedicated 32 years of her life working at Giant Eagle. She works the night shift, and unfortunately, I can no longer drive at night due to my own limitations. This situation has created a significant hardship for our family.

Access is crucial for her to get to and from work safely, and the potential cuts to this service would severely impact her ability to maintain her job and independence.

I kindly urge you to reconsider the current budget cuts and the implications they have on families like mine. Your support in this matter would mean a great deal to us.

Thank you for your attention and understanding.

OPPOSE: 40 MOUNT WASHINGTON (Elim.), 43 BAILEY (Elim.),
Service change impacts (bus and rail):
My travel time would greatly increase
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
I would have to switch to another mode of travel
leaving an entire section of the city without busses is beyond reason.
Other comments (bus and rail service reductions):
I am not familiar with cuts to other neighborhoods and there are probably some as drastic as what you propose for Mount Washington. I understand that mid-day there are not a lot of us on the bus - seems smaller busses, less expensive to operate, would make a big difference in your bottom line. We proposed this a number of years ago but Port Authority wasn't listening. It's time to take smaller vehicles seriously - the city population has gone down, but you are still running bigger and bigger busses. Something wrong with this picture! We see you spending trillions on Oakland and other points east and painting the streets red. Better you should spend some of that to keep our service to the Mount.

Other comments (bus and rail service reductions):
I live in Penn Hills, the Monroeville Mall Park and Ride is very convenient for me and saves me money on gas. If they cut the commuter bus, the P67 that I take to get into work, I will have to travel all the way to the busway in Wilkinsburg. That will greatly increase my travel time. I also would be dishing out more money to fill up my gas tank because I would be traveling farther away to catch the bus.
Please indicate if you oppose or support the proposed fare increases:
SUPPORT the proposed fare increases
Fare increase impacts (bus and rail):

Which changes would you like to provide comment(s) about?
Bus and light rail service and fares
Please indicate if you oppose or support the proposed reductions to bus and rail service.
Oppose or support specific reductions.
OPPOSE: 40 MOUNT WASHINGTON (Elim.), 43 BAILEY (Elim.),
Service change impacts (bus and rail):
My travel time would greatly increase
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would no longer be able to get to my current job, training location, or will have to find a new job
I would no longer be able to access medical care locations
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
I would have to switch to another mode of travel
Other comments (bus and rail service reductions):
As president of the board of directors of Washington Heights Elderly Housing Corporation, which operates Sweetbriar Place, a low income apartment building for elderly and handicapped persons I am aware that many of our residents rely on the bus for transportation to many things/places. These folks don't have the money for cars or taxis to get them to shopping, doctor appointments, or anything else. Bus service is an absolute necessity for not only our residents, but also for our many older and handicapped persons who live in private homes on the Mount. Over the years bus service has been reduced which has created some inconveniences; elimination of service would be a disaster.

Other comments (bus and rail service reductions):
Cutting these routes would be devasting.
The red line takes too long and has too many stops.
we need to start thinking that we need more service not cutting it. The 36 stops running at 8pm. that should be running until at least 1N/Apm.
People will be stuck/stranded if we make these cuts. Leave as is or add service.

OPPOSE all proposed service reductions
Service change impacts (bus and rail):
The changes may not impact me but will impact my community and/or loved ones
Other comments (bus and rail service reductions):
The public transit options are rare enough without making it difficult or impossible to walk to the fewer remaining choices, and a longer walk increases the risk of getting hit by a vehicle, risking injuries from walking, and getting ill from weather exposure. Also, not everyone qualifies for ACCESS options, of which there are few enough rider spots anyway. Also, changes will make it more difficult to attend cultural events in the region, or to stay in the event area as late, because sometimes it's better to do park-and-ride, especially when parking is difficult at the event area. Also, it's difficult enough for some people to get transportation to a job so that they can even think about buying a car to drive there. Also, if you drive to work, sometimes you need a way to get from a car repairer to the job. Also, employers need for employees to be able to get to work, and transit cuts will make that more difficult. Also, reducing transportation options also reduces the options of where riders can live. I retired recently and have to start thinking about more age-appropriate housing, and as I age and possibly become less able to drive, I now would have fewer choices in public transit to replace my car, and driving could threaten public safety.
Please indicate if you oppose or support the proposed fare increases:
OPPOSE the proposed fare increases
Fare increase impacts (bus and rail):
I would have to make decisions about whether to pay for transit or other essential expenses
The fare increases may not impact me but will impact my community and/or loved ones
Other comments (bus and rail fare increases):
Maybe there could be fare subsidies for various income levels. Maybe senior citizens could have reduced or free fare every day and hour.

Policy director at Pgh inventment group.
PRT is a lifeline for many people in our community. This is not about who rides the bus or T. It's about the people who live in our community- students getting to and from school, people getting to work, seniors going to doctor appointments. Equitable development is reliant on PRT getting the funding.

Other comments (bus and rail service reductions):
Part time lyft driver. Any time after 8/9pm most if not all transit vehicles are largely empty. That is an environmental waste of fuel along with maintenance issues.
Switch to minibuses during the late night instead of running large buses. Easier to maneuver on our narrow Pgh streets.
Just came back from Europe (6 different countries) their vehicles are cleaner and run more frequently. More signage as to when a train or bus is coming. We need to run later than 11pm- theatre events and other social activities later in the evening.

Other comments (bus and rail service reductions):
Transit is critical for how our city operates.
Right after act 89- he could not drive for 3N/A months. His job required him getting around the city visiting several different areas within Pittsburgh. PRT was a career saver at that time. He knows what this service can do- no way he could have made it through without PRT.

Which changes would you like to provide comment(s) about?
Bus and light rail service and fares
Please indicate if you oppose or support the proposed reductions to bus and rail service.
OPPOSE all proposed service reductions
Service change impacts (bus and rail):
My travel time would greatly increase
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would no longer be able to get to my current job, training location, or will have to find a new job
I would no longer be able to access medical care locations
I would have to move to another home/dwelling where transit is available
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
The changes may not impact me but will impact my community and/or loved ones

My travel time would greatly increase
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would no longer be able to get to my current job, training location, or will have to find a new job
I would have to switch to another mode of travel
The changes may not impact me but will impact my community and/or loved ones
Other comments (bus and rail service reductions):
The proposed cuts would be devastating to my community and city. As it stands, recent service adjustments and reductions have increased my travel time for a simple 5-mile commute from the east end to downtown. The changes to the 71* bus lines through Oakland are already a huge inconvenience to navigate in order to actual get downtown. More funding and more support of public transit is in the city and county's best interest.
Please indicate if you oppose or support the proposed fare increases:

I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I won't be able to depend on a guaranteed ride
Other comments (ACCESS service reductions):
Access services have helped so many people in the city of Pittsburgh- if implemented it will mean more traffic and parking issues that we already experience. This will hurt everyone who doesn't have a car. Is a member of BOLD- she will not be able to get to these events if transit/access is cut.

OPPOSE: SV SILVER LINE LIGHT RAIL (Elim.), RD RED LINE LIGHT RAIL (Major Reduction),
Service change impacts (bus and rail):
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
Other comments (bus and rail service reductions):
PITT- 2N/A14-2N/A18. He commuted from the south hills to Oakland everyday as a student. As a PITT student he would ride for free with his student ID. He would take public transit every single day.
He bought a house at the end of the silver line because of the T being there. He took the T as a student and now takes the T as an adult for social activities by choice.

Which changes would you like to provide comment(s) about?
Bus and light rail service and fares
Please indicate if you oppose or support the proposed reductions to bus and rail service.
OPPOSE all proposed service reductions
Service change impacts (bus and rail):
My travel time would greatly increase
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would no longer be able to get to my current job, training location, or will have to find a new job
I would no longer be able to get to school, daycare, or childcare
I would no longer be able to access medical care locations
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
I would have to switch to another mode of travel
Other comments (bus and rail service reductions):
I really don't know how anyone thought these proposed reductions were a good idea. The people who green-lit this process clearly don't rely on public transit or are privileged to not live in already under-serviced or soon-to-be under-serviced areas. Pittsburgh and Allegheny county as a whole are so geographically inaccessible to move from neighborhood to neighborhood on foot, and not everyone has the privilege to have a personal vehicle or the money to rideshare. Additionally, not everyone has the privilege of being able-bodied to walk or bike- and that's without considering the distance that they need to travel for work, school, medical care, etc. the proposed changes completely work against the reason that public transportation exists- to provide accessible transportation for people of all abilities and socioeconomic status to the neighboring areas they need to access, all while reducing our collective carbon footprint. You are making transportation inaccessible, especially for those who need it most. Do better, put an end to these reductions.
Please indicate if you oppose or support the proposed fare increases:

I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would have to switch to another mode of travel
Other comments (bus and rail service reductions):
Cutting or reducing this many routes is going to devastate the service economy in the city and make life immensely more difficult for lower income residents who rely on public transit to get to work, appointments, and grocery stores, let alone to enjoy their free time. If no buses run past 11pm, how will the nighttime economy be impacted? Will there be more DUI incidents? Will bartenders or restaurant workers without vehicles have to find new jobs or put themselves in danger walking home late at night? The ripple effects are hard to imagine.
Please indicate if you oppose or support the proposed fare increases:
OPPOSE the proposed fare increases
Fare increase impacts (bus and rail):
The fare increases may not impact me but will impact my community and/or loved ones
Other comments (bus and rail fare increases):
How can we justify slashing service while jacking up fares to among the highest in the country? NYC charges less than $3.00 per trip, how can we expect Pittsburgh residents to be able to afford this and why should they have to? We shouldn't be looking at public transit as something that needs to pay for itself to such an extent. We dump millions of taxpayer dollars into paving and repairing public streets every year and don't expect to generate a direct financial return from that investment; it's just seen as necessary infrastructure for our city and economy to function. How and why is public transit any different? It's necessary infrastructure and has the added benefit of keeping extra personal vehicles off the road and out of already crowded parking lots, thereby also reducing local air pollution from vehicle emissions. It just seems like a no brainer.

Other comments (bus and rail service reductions):
With Highmark requiring in-office days 3 days a week starting 6/24 and UPMC following suit in January, so many people will have to resort to driving into town if we cut routes and availability. This will increase traffic and commute times. This is awful.

My travel time would greatly increase
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would no longer be able to get to my current job, training location, or will have to find a new job
I would have to switch to another mode of travel
The changes may not impact me but will impact my community and/or loved ones
Other comments (bus and rail service reductions):
I have a general suggestion: rather than eliminating so many routes, wherever possible, run "commuter" routes on weekdays during rush hour (7am-1N/Aam and 4pm-7pm).
For instance, I live in Greenfield and regularly ride the 58. It does not get much ridership if you look at the entire week; however, during weekday rush hours it gets lots of riders. If the 58 only ran on weekdays during rush hours, il imagine it would bring in a profit for PRT. The same could be true for other routes.
While I would prefer no cuts at all, I would be happy if I could still commute to/from work via the bus.

Service change impacts (bus and rail):
My travel time would greatly increase
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would no longer be able to get to my current job, training location, or will have to find a new job
I would no longer be able to get to school, daycare, or childcare
I would no longer be able to access medical care locations
I would have to move to another home/dwelling where transit is available
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
I would have to switch to another mode of travel
Other comments (bus and rail service reductions):
I am in Brookline. If PRT removes the 39 and 41 buses, I will have to walk much further to the Red line in Dormont to get to work or go downtown. This may not be possible for me. I have neighbors with mobility issues who absolutely cannot do this! With the Red line service being reduced, getting to work via PRT will be very difficult even if it is a valid option.
Please indicate if you oppose or support the proposed fare increases:
SUPPORT the proposed fare increases
Fare increase impacts (bus and rail):
N/A
Other comments (bus and rail fare increases):
If a fare increase keeps the buses running, then I am not opposed to paying a little more. There are no walkable grocery stores in Brookline, and most people work outside of this neighborhood. Citizens rely on the bus.

I would have to switch to another mode of travel
I would have to take ACCESS instead of fixed route service
The changes may not impact me but will impact my community and/or loved ones
Other comments (bus and rail service reductions):
Reducing public transportation options in this day and age is absolutely foolish for countless reasons. More cars on the road, loss of access for seniors and people with disabilities, reduced employment options. I could go on all night. So I will just pick the one that infuriates me the most that I think is being heavily discounted.
I love being able to take PRT to events downtown. Ballgames, concerts, shows, festivals. Me and thousands of others. And you know what many of those people on their way home after a Pens game in the absolutely packed buses and trains have have in common? They have been drinking.
Do you think all of these people are going to make the responsible decision to not drive? Do you think they're going to pay $35-$5N/A each way for an Uber? Some will, sure. But since you took their bus away, there will be hundreds of people driving under the influence who would have safely taken the bus home instead. Alcohol related deaths and accidents will climb. That blood will be on your hands. DUIs will climb, putting people who would have made the more responsible decision into the criminal justice system.
Driving at night will be far more dangerous for everyone. Now the parent driving home to their kids late after working an extra shift has to contend with more drunken idiots on the roads. College kids walking home after their evening classes will be more likely to be struck by a drunk driver. Your kids might get hit on their way home from their football game. Have a good think about that. You probably don't care, because you think it won't hurt you. These kinds of decisions rarely effect the decision makers like you. But you will be endangering everyone.
Figure it out. Even having this discussion in 2N/A25 is completely ludicrous.

Other comments (bus and rail service reductions):
I live in Bethel Park and fully depend on the Silver Line trolley for transportation into Pittsburgh and connecting to a bus that runs through Oakland where I work in healthcare. I have no other means of transportation. Public transportation gives me independence to travel to work, doctor appointments, and shopping in Allegheny County. I cannot afford to relocate if reductions were made.
If cuts to the trolley system needs to be made, it would make more sense to reduce the Blue Line to a short stopping at Washington junction during peak hours, keep the Silver and Red Lines running to help service more neighborhoods.
The 61D, 71A, 71C, and 71D all need to be extended into downtown. The buses are overly crowded during the school year since the Pittsburgh Public School students fill the buses in the morning and afternoon.

Other comments (ACCESS service reductions):
As a wheelchair user who not only has to take ACCESS, but PRT as well. With the last reduction in PRT service it has made things more challenging in terms of taking the bus. Routes such as the 67, P1 and the 61A are more crowded. Imagine having to take anywhere from 4 to 5 seats to accommodate my chair. I often take access to my destination and return via the bus when it is less crowded at the other end. This causes me much distress. I sometimes get yelled at by other passengers because I am disrupting their ride. With the next set of schedule reductions pending this will make taking the bus even harder for those in wheelchairs. It was fine when a bus came every 20 minutes, challenging every 45 and could be nearly impossible if my routes or those that support it have significant schedule changes. I rode the P1 yesterday at 10am and it was packed at Wilkinsburg. I had to ride backwards the bus was so full that I could not even turn around. Ten o'clock the stores were not even open yet and the bus was full. We need at least every 15 minutes on such a high volume route. One more thing, as a person who attends the theater in the evenings, I am afraid that I will have to wait for Access in the winter longer with no shelter. I do not take normally take the bus at night only to have to wait for my access connection to take me the rest of the way home from the bus stop.

I would have to make decisions about whether to pay for ACCESS or other essential expenses
Other comments (ACCESS fare increases):
The fares are a stretch now. Because I am considered a conditional rider I have to use the bus or pay double the fair for rides that are not considered short trips. This means that I now pay $6.30, 7.70 and 7.90. I cannot afford to pay much more for trips to the mall or downtown from the Theater.

Service change impacts (bus and rail):
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would have to switch to another mode of travel
The changes may not impact me but will impact my community and/or loved ones
Other comments (bus and rail service reductions):
the bus is already expensive for a lot of people. it's the most accessible and affordable mode of transportation. people who commute to work or school need reliable transportation. cutting bus lines will increase cars and traffic and there isn't enough parking in the city. ending bus lines at 11pm also doesn't account for many people who work late at restaurants and bars or other businesses that close late so that others can enjoy leisure time. don't punish them
Please indicate if you oppose or support the proposed fare increases:

OPPOSE all proposed service reductions
Service change impacts (bus and rail):
My travel time would greatly increase
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would have to switch to another mode of travel
Other comments (bus and rail service reductions):
The bus service is a huge asset to me for getting to and from work at UPMC Children's. And if it helps me, a medical provider who lives a couple miles away, I know it must also be helping so many of my patients and their families who travel in from all over town. The thought of some of my young patients and their caregivers having to either jump through more hoops to make their visit (on top of all the other challenges associated with having an ill or special needs child) or worse, choosing to defer treatment altogether due to the imposition, is frightening and deeply concerning to me. Public transit is both a figurative and at times literal lifeline for people in this city. Please save these lines and keep the service running.
Please indicate if you oppose or support the proposed fare increases:
OPPOSE the proposed fare increases
Fare increase impacts (bus and rail):
See comment field below.
Other comments (bus and rail fare increases):
On principle, I oppose the fare increases because it reduces access and fear it will discourage ridership. I want to support as robust and accessible of a transit system as is possible. That being said, if the increased fares make it easier (or indeed even possible) to get over the hurdle of keeping routes and schedules more open, then I would prioritize the service change impacts.
Please indicate if you oppose or support the proposed changes to ACCESS service:
OPPOSE the proposed service changes
Service change impacts (ACCESS)
The changes may not impact me but will impact my community and/or loved ones
Other comments (ACCESS service reductions):
Reducing services would be a saddening thing for all residents, but decreasing services for disabled individuals is especially lamentable. It puts extra challenges on an already vulnerable population, some of whom literally cannot drive and could never reasonably be expected to. What are these people supposed to do? What does this say about our values and attitudes for the people in this city?

Please keep the airport flyer. It seems like it's usually pretty full when I'm on it and there are a lot of students that use it who don't have cars or can't easily afford airport parking. It is also very helpful for visitors to Pittsburgh insofar as they can get on the bus at the airport and get off downtown or in Oakland without having to worry about transferring and different schedules, etc. I can tell people coming to visit me to get on the bus and get off at a particular stop. I wouldn't feel comfortable telling them they had to transfer and would probably have to go pick them up, which is inconvenient.

Other comments (bus and rail service reductions):
My special needs brother-in-law lives in Plum. He is able to walk to Route 286 (near Sheetz and across from Shop 'n' Save) to catch the bus. He is self-sufficient enough to take the bus to go to his doctor's appointments. He also uses the bus to go to the bank, Carnegie Library in Oakland, and to record stores in Squirrel Hill and Monroeville. One of his joys in life is to borrow records from the library or purchase used records and listen to them. His route is one of the proposed routes to be eliminated. He would be stranded in Plum if this were to occur. He is unable to drive and lives on a very limited fixed income. Please do not eliminate his route. It would be devastating to him and greatly impact our family.

The changes may not impact me but will impact my community and/or loved ones
Other comments (bus and rail service reductions):
While I know it is not any one individual's fault, it's ridiculous to have to pay more for less and reduced service! Many people rely on the bus and rail routes to get where they need to go reliably. Many people CANT DRIVE to their destination and the fare increase will really hit many riders' budget if they ride daily.
I rely on the Silver Line trolley every time I go downtown for work.To think that the entire line would be discontinued is not only crazy and massively inconvenient/detrimental to those that live in the Bethel Park/South Park region, but awfully wasteful of the existing infrastructure that is set up for light rail. I would have to factor in an extended drive to another T station AND possibly additional parking fees, but not everyone has the ability to do that! I spoke with another rider who is disabled and needed someone to drive her to the station any time she rides downtown. PRT needs to focus more on ensuring and maximizing accessibility, affordability, and RELIABILITY of the existing setup and arrival times. Future plans can be made to upgrade when funding is available. The current track and tunnel repairs are a good start.
Please do not discontinue the Silver Line light rail. This and the other proposed bus service reductions will DRASTICALLY reduce mobility for many people in our region. There are simply not enough viable substitutions. Step up and do better. Thank you.

Service change impacts (bus and rail):
My travel time would greatly increase
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would have to switch to another mode of travel
Other comments (bus and rail service reductions):
For your consideration, please keep Route 38, Greentree. The study conducted to rate ridership was conducted in October 2N/A24, which categorized Route 38 as moderate efficiency leading to the proposed elimination of this bus route. Since this study (beginning of calendar 2N/A25), Route 38 ridership has greatly increased due to many workers returning to 1N/AN/A percent in-office work. As such, the bus was full many morning and evening commutes on route 38 with all bus seats taken and standing riders on bus. Please consider doing an additional study to reflect the return to the office and more ridership. Also, in addition to route 38, Greentree, the neighboring routes 41, Bower Hill and 36, Banksville were also proposed to be eliminated resulting in riders of the stated routes to not be able to switch to a nearby route which would thereby further increase riders commuting time. Please also take into consideration neighboring bus routes before eliminating all nearby route.

I won't be able to depend on a guaranteed ride
I would no longer be able to get to my current job, training location, or will have to find a new job
I would have to move to another home/dwelling where transit is available
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
I would have to switch to another mode of travel or rely on a family member or friend
The changes may not impact me but will impact my community and/or loved ones
Other comments (ACCESS service reductions):
My son uses ACCESS primarily to get to and from work. The proposed changes will have a huge negative impact on his life as well as mine and my husband. This will take away his independence in going to work as well as grocery shopping and sometimes to other social events. My son uses a power wheelchair for mobility and ACCESS is a lifeline for him. Please don't cut this service as it would be devastating for my son, myself and my husband personally and many more people with disabilities or illnesses who rely on this service every day to live. Loss of this service would put an undue burden on us and many others who would have to either move or purchase a vehicle that can transport wheelchairs. I want you to understand how important this service is to it's users and their families.
Please indicate if you oppose or support the proposed ACCESS fare increases:

I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
Other comments (bus and rail service reductions):
I don't own a car. Instead, I live by the T and take PRT everywhere. This only works because buses and trams run until late every night. Stopping service early makes it impossible for me to have a life around the city after work.
It also makes the city more dangerous, since people will be trying to drive home from bars instead of taking public transit.
Please indicate if you oppose or support the proposed fare increases:

Which changes would you like to provide comment(s) about?
Bus and light rail service and fares
Please indicate if you oppose or support the proposed reductions to bus and rail service.
SUPPORT all proposed service reductions
Service change impacts (bus and rail):
N/A
Other comments (bus and rail service reductions):
I support the proposed service reductions. As it stands, many of the current PRT stations feel unsafe and poorly maintained. Several stations and stops give off a shady atmosphere, especially late at night, and there are frequent signs of drug use or loitering that make riders feel uncomfortable. Reducing late-night service could actually help improve public safety by discouraging the misuse of transit spaces during off-hours. It may also allow PRT to reallocate limited resources to maintain cleaner, safer, and more efficient service during peak times. I hope the reductions are paired with increased oversight, maintenance, and security presence to make the system feel more professional and welcoming.
Please indicate if you oppose or support the proposed fare increases:
SUPPORT the proposed fare increases
Fare increase impacts (bus and rail):
N/A
Other comments (bus and rail fare increases):
I support the proposed fare increases if the additional revenue can be reinvested into improving the safety and cleanliness of PRT services. Many transit stations currently feel unsafe due to limited police visibility and signs of drug activity. If fare adjustments help fund a stronger security presence—particularly at key train stations and during late hours—then the increase is worthwhile. Riders deserve a system that feels safe, clean, and professionally maintained. A small fare bump is a reasonable trade-off if it directly results in better enforcement, station upkeep, and overall rider confidence.

My travel time would greatly increase
The changes may not impact me but will impact my community and/or loved ones
Other comments (bus and rail service reductions):
The south hills and pittsburgh rely on the silver line to get from the South Hills to downtown. I live in bethel park and take the silver line downtown and then take busses from there to where I got to go. The redline goes the whole other way. Alot of people lose access and it really can't be that much to run it.

Other comments (ACCESS service reductions):
The Access program definition states that the transportation can be used for basically anything and should be curtailed by the elimination of subsidized rides for seniors to the casinos. The Access system directly competes with the free market. For example, a motor coach company charges $30 to everyone and offers the same casino service. The casino inturn provides the riders with Free slot play. An Access operator charges 5% of the cost to the senior and bills the state for the other 95%. In this REAL LIFE EXAMPLE, the senior pays $5 and the Access funds are charged $95 to transport the senior to the casino. So the free market cost is $30 and the government is subsidizing Access at a rate of $95 per person to compete against it for transportation services to the casino. If the have money for the casino then they have enough for a ride to the casino. I do not believe the government should subsidize rides to brothels, drug dealers, casinos or other harmful immoral locations.

OPPOSE all proposed service reductions
Service change impacts (bus and rail):
My travel time would greatly increase
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
Other comments (bus and rail service reductions):
I don't mind the fare increase as my work covers it but the changes to the light rail system will be hard. It's already a pain being routed over Mt Washington every day but the eliminate the silver line is one more hurdle. I liked the flexibility to take blue or silver. I know silver is not very busy right now but that's cause it stops at Washington junction. I believe when it starts back up people would go back. I think a lot of the silver line people are driving to Washington junction or Castle Shannon to save time right now.

I would have to move to another home/dwelling where transit is available
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
I would have to switch to another mode of travel or rely on a family member or friend
Other comments (ACCESS service reductions):
PRT eliminated my bus route (29 Robinson) a year or so ago and have had to rely on Access for medical appointments and occasional errands. Previously, I have been turned down a few times when I needed the service for grocery shopping or other errands (banking/post office). The higher fare increase would also hurt, since I live on social security.
Please indicate if you oppose or support the proposed ACCESS fare increases:
OPPOSE the proposed fare increases
Fare increase impacts (ACCESS):
The fare increases may not impact me but will impact my community and/or loved ones
Other comments (ACCESS fare increases):
I retired at 70 and make a little more monthly social security than other seniors, but the increase would result in fewer trips and my dollars would disappear faster. It is more upsetting if they cut our service and you have to pay more to use it.

I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
I would have to switch to another mode of travel
The changes may not impact me but will impact my community and/or loved ones
Other comments (bus and rail service reductions):
The reductions significantly alter my thoughts about living in Pittsburgh. Many young people, like me, understand that living in cities with good public transit builds community and saves our planet from warming too far. Pittsburgh's commitment to sustainability, community, and walkable and transitable neighborhoods has kept me here well into my 2N/As. Without these things, I will have to look to bigger cities like New York, DC, or Boston to find them, and many people in my graduating class have already left Pittsburgh. Don't lose the students and young people who want to stay here. The state needs to find a stable funding source for public transit.
Please indicate if you oppose or support the proposed fare increases:
OPPOSE the proposed fare increases
Fare increase impacts (bus and rail):
The fare increases may not impact me but will impact my community and/or loved ones
Other comments (bus and rail fare increases):
I can afford the base fares, but I resent the idea of having to pay some of the highest fares in the nation for worse transit access. It will hurt my neighbors and the city, and it sucks. The state needs to find a stable funding source for public transit.

Service change impacts (bus and rail):
I would no longer be able to access medical care locations
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
I would have to switch to another mode of travel
Other comments (bus and rail service reductions):
Cutting/Reducing service is far better than eliminating service all together! I'm a senior citizen and a caregiver who depends on the P68 service on Brinton Road! All would have to walk along roads with no sidewalks in all directions to get to/from the next closest bus routes if the P68 is eliminated! A reduction in service would be better than elimination if the service cannot be kept as is. Thank you. I've been riding public transportation my entire life.

The 29 Robinson is vital for a lot of people that depend on it to get to their jobs in en route to Robinson, in Robinson, and the Airport. I am one of those people. I have worked at my current job in Robinson for two years and pivoting to new travel arrangements, if any, would be a huge burden. I have used Port Authority, now PRT since I was 13 years old. I am now 47 and this major change to the 29 and many of the other eliminated bus routes would be devastating to riders and the city as a whole.

That will greatly affect a lot of people maybe the way to fix it would be to run less trains/buses but overall we need service. If you change the service times so that people have to wait a a bit longer and have less trains running, and raise the fair by $.5N/A that could help out.

Other comments (bus and rail service reductions):
The lack of funding to this key service is so shortsighted and honestly so embarrassing. It is embarrassing to be a wealthy city in a wealthy country, a city that has fucking operas, but does not even have a train to the airport. And they're cutting what we DO have?
Drivers/car-owners should be furious. Lack of public transit means bloated highways and more traffic.
Every time you sit on a blocked-up bridge or tunnel, think about all the individuals each in their own vehicle that might have chosen a bus or rail instead.
The amount of times I have to take an Uber for appointments, paying $3N/A a pop just to get to the doctor because my schedule didn't allow the convoluted hoop-jumping and hours it would take to make our meager transit work!
EXPAND the rail service. Make it fast, make it beautiful, make it efficient and safe. Make Pittsburgh a shining example.
And for the love of god, expand the rail to the airport! Not having rail to the airport is insane. 28x is great, but only the public transit-minded are going to know about it and wait for it. Imagine instead a shiny train waiting waiting for you from inside the airport directly across from baggage claim to downtown.
FARE CHANGES: I support fare increases only of it gives us access to a proper ever-expanding service. I do not support fare increases with decreased service.

Other comments (bus and rail service reductions):
I greatly oppose the 29 Robinson being taken away completely. It was one of the reasons I love living in my area and the convenience it offered me. The 29 picks me up a block away from my home with my child. I ride that bus all the way to town and it drops me off right on the same street as my daughter's daycare is on. To cut the 29 will impose a major impact on my daily travels to and from work and daycare and Dr appointments. To catch the 27 will be a long walk with my non verbal autistic child. We just got her acclimated with not taking the stroller and that was a huge difference for us. The winter is then worst struggle when the 29 cancels or doesn't show up. She also recognizes the 29 which has been a great experience for her to get on. If she gets on any other bus she has a tantrum because she had a routine. The 29 is her routine. I try to stick to her routine as much as possible. The 29 also takes me right to the shopping center if I need to get there from picking her up from downtown to just stay on the bus and no transfers. I'm begging you to keep the 29 it affects way more people than you may think.

With the proposed funding 4N/A Million I think you should be able to keep the routes you have Tagged to remove. Again, look with in I'm sure you can cut some dead wood from management, invest in your Busses, Trolleys and Drivers and customer service...That is your product.
The Route I use, N/A1 Ross Park N Ride, you want to eliminate will effecting most of the North Hills . We really don't have any busses. Ross park n ride and the N/A12 Showcase stop. Not everyone that lives North has Money as you assume or have access to multiple cars. Do you realize the increase traffic you will cause, because we will now have to drive into Pittsburgh and pay outrageous parking fees.
The money you are spending for the Oakland line is ridiculous, waste of money on that red paint...come on.
You are the only Transit in Allegheny County....(Beaver, Washington and New Castle have their own service) with people returning to the office your ridership has gone up in the past 2 years.
If you need to increase the cost to ride. I am ok with that. But to increase the fare and cut service...in the north is a stupid move. If you need to cut service during the day .... ok.... not many take advantage of the bus in the north hills...but keep the morning and rush hour service.
and proposing people that take the N/A1 ride the ...is it N/A8 bus...well that is a joke ..it will take an hour to get into town when you have the HOV lane ...again not utilizing that is wasting money.

moving the fare up to 3.00 is fine...as long as you keep service. I understand cost of fuel and maintenance to the busses has gone up... but you can't increase the fare and cut service....What is the point ... punish the riders that will actually have a bus to ride when you are already punishing the people that will lose service all together. Not to mention the park n ride lots... nobody will utilize them if there is not bus...

Other comments (bus and rail fare increases):
Allegheny County's Public Transit (PRT) is vital to our communities' economic well-being and vibrancy. The proposed cuts to Allegheny PRT would hinder ongoing growth and sustainability efforts by restricting access to jobs, schools, and essential services for thousands of residents.

PRT must expand access, not reduce it. We need sustainable transportation options from outlying neighborhoods into the city and into other neighborhoods to encourage more residents to utilize public transit. This would lead to a reduction in carbon emissions, rather than an increase. Allegheny County's air quality is already among the worst in the state, and these proposed reductions would only worsen the problem by necessitating more cars on the road, not less.

Forcing residents to move from their neighborhoods due to transportation issues is not economically feasible. The state should support its residents by utilizing the tax dollars they already contribute to provide efficient and reliable public transportation from every corner of the county.

Which changes would you like to provide comment(s) about?
Bus and light rail service and fares
Please indicate if you oppose or support the proposed reductions to bus and rail service.
OPPOSE all proposed service reductions
Service change impacts (bus and rail):
My travel time would greatly increase
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would no longer be able to access medical care locations
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
Other comments (bus and rail service reductions):
I use public transportation on a daily basis when in town. While the bulk of my travels will still be covered by lines already in place (though with less guaranteed frequency and at a higher cost), cutting off so many different neighborhoods that are will hamper myself and so many others from accessing the places we want to go to. There needs to be more dynamic thinking on this design and how to obtain the needed ridership and funding, as service cuts and fare increases will lead to nothing but more service cuts and fare increases.
Please indicate if you oppose or support the proposed fare increases:
OPPOSE the proposed fare increases
Fare increase impacts (bus and rail):
The fare increases may not impact me but will impact my community and/or loved ones
Other comments (bus and rail fare increases):
I'm not opposed to paying more for public transit, personally, but this action will hurt the region for the amount of people it will impact.

OPPOSE all proposed service reductions
Service change impacts (bus and rail):
The changes may not impact me but will impact my community and/or loved ones
Other comments (bus and rail service reductions):
Professional/Personal reasons
Most people will move to cars if transit is cut. If people do not have cars or other reliable methods they will no longer get to school, work, and medical appointments.
Students in the Pgh area use transit to get to and from school which will give them opportunity later in life. The bus line redesign plans to adjust routes- this plan would be gutted if we do not get the funding.

Oppose or support specific reductions.
OPPOSE: 4 TROY HILL (Elim.),
Service change impacts (bus and rail):
My travel time would greatly increase
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would no longer be able to get to my current job, training location, or will have to find a new job
I would have to switch to another mode of travel
Nearest stop would be difficult to get to.
Other comments (bus and rail service reductions):
In order for me to get to my job downtown, I would need to walk from my home on Pittview Avenue all way down Rialto Street to Route 28. I am a senior citizen, Rialto is very steep and hazardous to navigate in bad weather, particularly during Fall and Winter months. These changes would force me to have to drive into town and spend more money on parking. Cutting off service to my area would negatively affect a lot of people and help to further kill off downtown Pittsburgh businesses.

Other comments (bus and rail service reductions):
President of Golden Triangle of the blind- values transit and paratransit. Transit isn't something we should have- it is something we must have. Transit helps people who are disabled/old, but it also helps people who can't afford cars. If these cuts occur it will limit the ability to get new employes, attract new businesses, our city will not grow. If we love people using public transit it will be hard to get them back. Burden will be put on the poorer people in our community.

Urban Planning- Uptown/Oakland- lives and works.
Next generation of Pittsburgh's leaders. Hire and retain workers in pgh. Transit- more of it not less.
A ton of companies start their businesses in Oakland because of transit- they do not want to own cars. BRT physical infrastructure is an asset to Oakland.
Transit availability in uptown helps prioritize housing instead of parking.

Other comments (bus and rail service reductions):
These cuts will negatively impact the Sheraden area. The street card connected the neighborhood to the city. Our world does not run 9-5 it runs on a 24hr basis. Transit links this neighborhood to health card, grocery shopping, and work. Transit is a survival. These cuts will have a negative impact on their community. This is a decision of whether who can meet their day to day needs, who has access to work.

Works with clients with many disabilities- transportation is an issue with the disabled community. In pgh right now you basically have to drive around- We have buses now, but they still feel like transit is the biggest issue. These participants struggle to get to work now and go grocery shopping. People now still can't get to bus stops.
They want to support the community and having people getting around. They already have a transit crisis. We will see more people not working and the city will only get worse.

I would have to move to another home/dwelling where transit is available
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
I would have to switch to another mode of travel
Other comments (bus and rail service reductions):
Grandmother is blind- she relies on the bus to get her to cancer appointments, eye doctor, and grocery shopping. She relies on the bus for daily needs. Elderly woman who cannot walk far. She will be trapped in her house. If you cut the funding, you are hurting people who work, who need to get to medical appointments, social needs.

Bus and light rail service and fares
Please indicate if you oppose or support the proposed reductions to bus and rail service.
Oppose or support specific reductions.
OPPOSE: P69 TRAFFORD FLYER (Elim.),
Service change impacts (bus and rail):
My travel time would greatly increase
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would no longer be able to get to my current job, training location, or will have to find a new job
I would no longer be able to access medical care locations
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
Other comments (bus and rail service reductions):
The loss of this bus line will have a huge economic impact on the community. He is visually impaired and relies on the bus to get everywhere. Strong possibility that the bus will be full if they have to get to North Versailles. The city will lose tax revenue because people will not be able to spend money in the city. These cuts will cause a hardship for many workers. PRT still need to go to Haymaker village.

My travel time would greatly increase
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would no longer be able to get to my current job, training location, or will have to find a new job
Other comments (bus and rail service reductions):
This is not a safe walk if this line is cut. Understand that the library lines need more work but then put a bus on the line. Do not cut off service entirely to this area. Do not cut service to the Red line- it is not an easy transition as it looks. Would support an increase in fare to keep the lines.

I would no longer be able to get to my current job, training location, or will have to find a new job
I would no longer be able to access medical care locations
I would have to switch to another mode of travel
I would have to take ACCESS instead of fixed route service
Other comments (bus and rail service reductions):
There are too many people in my neighborhood that rely on PRT to get to work, doctors appointments, hospitals and to take care of sick family members. There are plenty of seniors and I personally have a disability with my vision that makes me unable to drive and see specific things. I finally found a fiull time job with the accommodations that I need to be a productive employee and now I may have to leave this job if these bus cuts are as many as being mentioned. Maybe some of the bus drivers should stop letting folks get on the bus without paying when there is no issue with the systems. I see it way too often Im OK with having to pay a little bit more but there should be no reason to cut as many buses as proposed, absolutely ridiculous.

I would no longer be able to get to school, daycare, or childcare
I would no longer be able to access medical care locations
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
Other comments (bus and rail service reductions):
Comfort in one's home means accessibility to transit. The people clock in and out of work every day and to say that their tax dollars are going to be collected but a key part of their lives is going to be taken away is unacceptable. Does not want to struggle to get from point A to B. People will always struggle but no one should struggle to get around due to the government.

OPPOSE: 39 BROOKLINE (Elim.), 41 BOWER HILL (Elim.),
Service change impacts (bus and rail):
I would no longer be able to get to my current job, training location, or will have to find a new job
I would no longer be able to access medical care locations
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
I would have to switch to another mode of travel
Other comments (bus and rail service reductions):
I've used PRT (Port Authority) to commute to work for the past 24 years. I chose to live where I live because my house is on a bus line. Eliminating the 39 and 41 routes would not allow me to get to work. The idea to cut 35% of transit routes is absurd. The inefficiency on display greatly erodes the attractiveness of our city.

Oppose or support specific reductions.
OPPOSE: SV SILVER LINE LIGHT RAIL (Elim.), RD RED LINE LIGHT RAIL (Major Reduction),
Service change impacts (bus and rail):
My travel time would greatly increase
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
Other comments (bus and rail service reductions):
I have been an active rider of the light rail system for 3N/A+ years. I chose the location of my house based on its proximity to a light rail station. I purchased my car at a dealer located close to a light rail station to facilitate service while at work. Elimination of the Silver line would greatly increase my commute time, reduce flexibility in my work hours and now require a daily parking cost at South Hills Village as all other lots are full. I have hung in there during all of this construction over the past couple years, rode various shuttles between downtown stops and re-routing through Allentown. It has taken me up to one and a half hours to get to work that previously took 4N/A minutes. I have had to get off at Washington Junction and wait for connecting service. PRT did not appropriate react to the return from the pandemic and discouraged riders to return with all of these simultaneous projects. The route reductions, fare increase, and parking costs will further encourage riders to find alternative options to get to work. Light rail cars are frequently pulled from service, and riders must wait for the next regularly scheduled car. The 2N/A-minute gap between the schedule is significant to wait. Backup plans for such emergency situations need to be better developed. Riders deserve reliable and convenient service. Unfortunately, I feel that the decline in rider is due to poor planning on the part of PRT and lack of commitment to customer service. With reductions in service, the customer will ultimately pay for these actions.
Please indicate if you oppose or support the proposed fare increases:
OPPOSE the proposed fare increases
Fare increase impacts (bus and rail):
The fare increases may not impact me but will impact my community and/or loved ones
Other comments (bus and rail fare increases):
I would object less to the fare increase if I felt that PRT was appropriately directing these funds to improve customer service. As you continue to increase fares and require a parking charge, riding the PRT becomes less and less competitive with driving into the city and parking.

My travel time would greatly increase
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would no longer be able to get to my current job, training location, or will have to find a new job
I would no longer be able to get to school, daycare, or childcare
I would no longer be able to access medical care locations
I would have to move to another home/dwelling where transit is available
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
I would have to switch to another mode of travel
Other comments (bus and rail service reductions):
Millvale has a lot to lose. A quarter of people in Millvale do not own cars and a third have disabilities. The people of Millvale are heavily reliant on public transit.

My travel time would greatly increase
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would no longer be able to get to my current job, training location, or will have to find a new job
Other comments (bus and rail service reductions):
If we do not have buses, then many people would not be able to get to western psych. People will no longer be able to function. She takes the bus everywhere because she is 86 years old. She enjoys taking the bus and without the bus she will never be able to go anywhere.

Other comments (bus and rail service reductions):
We are called Pittsburgh Regional transit- we would need to rename our agency because we can't get around the city let alone the region. One of the three buses in her community are being terminated. The only one going to the grocery store is going to be cut. People will no longer be able to get to grocery stores, and we will become a food desert. Transit is needed to keep the city vibrate and growing. We are also losing people due to out lack of transit. If you can't have a car because its so expensive then how do you expect people to get around the city.
Shutting down the city for entertainment- we need our city to grow.

The changes may not impact me but will impact my community and/or loved ones
Other comments (bus and rail service reductions):
I have a vehicle but public transportation for getting to work, works best for me. I live on a bus line so its so easy and much faster for me to catch the bus to and from work. When I drive into work its much longer and more frustrating. At this time my employer assist with the parking cost downtown but if that discontinue I can't afford to park downtown on my own.
My daughter who do not drive depends heavily on pubic transportation for multiple appointments which I am not available all the time to take her to and financially we can't afford Ubers or Lyfts all the time either.
I understand a little fare increase to help with your budget but termination/reduction in services will severely hurt people and our economy.
Please indicate if you oppose or support the proposed fare increases:
SUPPORT the proposed fare increases
Fare increase impacts (bus and rail):

I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
Other comments (bus and rail service reductions):
College graduate who lives near bus and t stops- can get anywhere in the city due to where he lives. Given the reductions that are being proposed- why would he stay in the city. This will still affect people who do not use PRT due to people not being able to get to work in the service industry.
Reducing all of these services will make it unsafe and make the night life even more horrific.

Other comments (bus and rail service reductions):
From Penn hills she can't get to the mall without taking 4 buses. Her job ends at 1N/Apm and sometimes she doesn't get out of there until 1N/A:3N/Apm. If she misses that bus, she is then stranded and will not feel safe that late at night. She loves her job and coworkers and can't imagine people not being able to get to work. She misses the service we use to have years ago. These cuts will end up hurting everyone.

I would no longer be able to get to school, daycare, or childcare
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
Other comments (bus and rail service reductions):
No service after 11pm is ridiculous. This will greatly reduce the economy and livability of Pittsburgh. More people may drink and drive as a result of this. Cultural activity would be hurt. Sunday night football ends after 11pm - with NO public transit for all the fans?? The long term cost are greater than the savings.
Please indicate if you oppose or support the proposed fare increases:
OPPOSE the proposed fare increases
Fare increase impacts (bus and rail):
I would take less public transit trips
The fare increases may not impact me but will impact my community and/or loved ones
Other comments (bus and rail fare increases):
PRT is already one of the most expensive in the country for somewhat unreliable service. We should not be more expensive than major cities such as Chicago and NYC.

Please tell us about any difficulties you had completing this form:
N/A

Which changes would you like to provide comment(s) about?
Bus and light rail service and fares
Please indicate if you oppose or support the proposed reductions to bus and rail service.
OPPOSE all proposed service reductions
Service change impacts (bus and rail):
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would no longer be able to get to my current job, training location, or will have to find a new job
I would no longer be able to access medical care locations
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
Other comments (bus and rail service reductions):
People move to pgh because of the transit- we are on a downs slope due to public transit. The prices of everything are going up making it harder to live and now we are being told that we will pay more for less lines and routes. People need to get to work to provide for their families. This will affect everyone not only transit riders. without the people we do not have a city.

OPPOSE: 54 NORTH SIDE-OAKLAND-SOUTH SIDE (Major Reduction),
Service change impacts (bus and rail):
My travel time would greatly increase
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would no longer be able to get to my current job, training location, or will have to find a new job
Other comments (bus and rail service reductions):
4 years ago she came to pittsburgh for school and decided to call it home. She got free transit through Pitt.
11pm is not when students stop going out its when they start going out. 28x line and her were best friends when she was trying to get home. Uber is not affordable and its unreasonable. We are going to make more of a demand for Uber and Lyft. Huge economic impact on our community.
Increase the service.

Other comments (bus and rail service reductions):
Transit is essential in Bloomfield- it makes living in this area affordable. Roughly 9N/AN/A neighbors in Bloomfield use transit. This does not include people working or visiting the hospital. He does not want this to be cars all the time. This would dramatically reshape the Bloomfield area.

Other comments (bus and rail service reductions):
Came from Florida to Pgh sight unseen. She rides some of the buses just for fun. When she sees people having to wait 4N/A minutes for a bus and that it might be eliminated is heartbreaking.
Kennywood- long bus ride as it is but taking away the bus at 11pm means kids can't work at Kennywood and get home.
28X- paying for an uber during surge is ridiculous.
Stopping service at 11pm will cripple downtown. Silver line- can't get to the library- if that is eliminated, she does not know what she would do.

Other comments (bus and rail service reductions):
No one should have their independence taken away from them. All because the system failed them, the buses they relied on failed them. She wishes transit was better in our city, but she does not have a reliable bus in her area. The roads are getting even more dangerous with traffic and distracted drivers. people have to pay for roads; they will not use if our buses are cut. These cuts will ruin PRT

OPPOSE the proposed service changes
Service change impacts (ACCESS)
I would have to switch to another mode of travel or rely on a family member or friend
Other comments (ACCESS service reductions):
Will not be able to catch a PRT bus- uses ACCESS all the time to go different places. CLO events. Does not want his access to be cut due to the funding crisis. He does not want to get stuck in his home.
Wanted to go to fun for fall but access would only take him half the distance of where he wanted to go. He would have to take butler transit, and he needs access to get around places.
Please indicate if you oppose or support the proposed ACCESS fare increases:

Oppose or support specific reductions.
OPPOSE: 36 BANKSVILLE (Elim.), 41 BOWER HILL (Elim.), SV SILVER LINE LIGHT RAIL (Elim.), RD RED LINE LIGHT RAIL (Major Reduction),
Service change impacts (bus and rail):
My travel time would greatly increase
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would no longer be able to get to my current job, training location, or will have to find a new job
Other comments (bus and rail service reductions):
Has always looked for public transit in the communities where she has lived. Critical part of her job is getting to work with reliable transit. The bus stops always told her that was a way home.
Yes, she can take the T but her older neighbors do not have that luxury. We need to get to a place with less cars.

Service change impacts (bus and rail):
I would no longer be able to get to my current job, training location, or will have to find a new job
I would have to move to another home/dwelling where transit is available
Other comments (bus and rail service reductions):
Love public transit- saves her money taking the bus to and from work. If she had to drive, she would double the cost of a bus pass. Pittsburgh is a very confusing place for people to drive. Roads will be safer with less people on the roads.
Tink creatively- talk with city officials to make the cost of parking permits more expensive to move more people to the bus.

Please indicate if you oppose or support the proposed reductions to bus and rail service.
OPPOSE all proposed service reductions
Service change impacts (bus and rail):
The changes may not impact me but will impact my community and/or loved ones
Other comments (bus and rail service reductions):
The communities of Pittsburgh rely heavily on public transportation to access work, recreation, medical care, etc and reducing access to these services will be detrimental. As it already stands, PRT is not always the most reliable service and I cannot imagine how much an even further reduction in access and routes would negatively affect people across the city.
Please indicate if you oppose or support the proposed fare increases:
OPPOSE the proposed fare increases
Fare increase impacts (bus and rail):
The fare increases may not impact me but will impact my community and/or loved ones
Other comments (bus and rail fare increases):
I don't see how it is fair to decrease people's access and simultaneously increase their costs, potentially cutting even more people out from accessing the services.

Please indicate if you oppose or support the proposed changes to ACCESS service:
OPPOSE the proposed service changes
Service change impacts (ACCESS)
I would have to switch to another mode of travel or rely on a family member or friend
Other comments (ACCESS service reductions):
Has been disabled since she was a baby- She spent 4 hours on an access vehicle. We rely on these lines, and she shouldn't have to make an exit plan every day. She is looking at moving to any other city due to how these cuts will ruin her life. Everyone one day will be in a position where they rely on someone else for transit
Please indicate if you oppose or support the proposed ACCESS fare increases:

$25,000 to $49,999
Including yourself, how many people live in your household? 1-2
Please tell us about any difficulties you had completing this form:
These changes will completely gut access to other parts of the city for so many people that rely on public transit. This will cause a ripple effect -- less young people will go out and spend money. Less people will be able to get to work for an affordable price. These are the issues that will effect me most.

Which changes would you like to provide comment(s) about?
Bus and light rail service and fares
Please indicate if you oppose or support the proposed reductions to bus and rail service.
Oppose or support specific reductions.

Service change impacts (bus and rail):
The changes may not impact me but will impact my community and/or loved ones
Other comments (bus and rail service reductions):
Surveyed people who received government assistance. Very frequently public transit was brought up. People with disabilities are already isolated. The more people are isolated they are more prone to abuse- people need to get outside to resources. Everyone should be able to access their community. This will also negatively affect the economy. Businesses will close because no one will be able to work.

Please indicate if you oppose or support the proposed reductions to bus and rail service.
OPPOSE all proposed service reductions
Service change impacts (bus and rail):
I would have to take ACCESS instead of fixed route service
Other comments (bus and rail service reductions):
The PRT wastes way to much money , double buses are a joke , all buses need cameras to show how bad their drivers are , running red lights seems to be a right for most PRT bus drivers , independent audits need to happen every couple of years to see where the money is going , too many bus deaths have happened in Oakland , giving roadways that only buses can use is not fair to the taxpayer , they took out all the street cars in Pittsburgh and years later built a trillion dollar line in South Hills for street cars , maybe just not send buses to the South Hills no more since they have street cars , the PRT will just need more and more to survive , they are too big now
Please indicate if you oppose or support the proposed fare increases:
OPPOSE the proposed fare increases

Other comments (bus and rail service reductions):
Transportation and housing are a huge barrier in her non-profit. People want to take part in the community and without transportation they can't do so. We need to provide reliable transit so people can move around and interact within the community.
Worked with immigrants- job to help people navigate the city and bridge the connection between communities. Everything is connected in this city- worker shortage will get even worse if we lose transit.

Bus and light rail service and fares
Please indicate if you oppose or support the proposed reductions to bus and rail service.
Oppose or support specific reductions.
OPPOSE: 14 OHIO VALLEY (Elim.),
Service change impacts (bus and rail):
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would no longer be able to access medical care locations
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
I would have to switch to another mode of travel
I would not have access to the grocery store, drug store, medical or library services provided along Ohio River Blvd.. The 14 also connects me to services throughout the Pgh area. Since I do not own a computer I take the bus to the library to use the computer there. This bus service allows me as a senior citizen on a fixed income and without a car to function independently. independently and
Other comments (bus and rail service reductions):
The Route 14 Ohio Valley bus is the only public transportation available to citizens along the Ohio River Blvd. a major artery to the city. The services and benefits of the city should be available to citizens of all ages, needs and economic circumstances.

I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
I would have to switch to another mode of travel
Other comments (bus and rail service reductions):
How much money is being wasted on your Bus Line Redesign project, especially in light of massive service reductions? How much wasted on your pointless PRT rebranding and associated bus repainting (a la your old "ridegold" campaign)? It's irresponsible misusage of funds.
Please indicate if you oppose or support the proposed fare increases:
OPPOSE the proposed fare increases
Fare increase impacts (bus and rail):
I would take less public transit trips
I would have to switch to another mode of travel
Other comments (bus and rail fare increases):
A quarter bump may not sound like much, but you did that when you phased out ride zones and separate transfers not that long ago, and even your current $2.75 is higher than fares in most other major metro systems (where buses, trains, etc. more reliably use real-time tracking and generally provide better service).

My travel time would greatly increase
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would have to switch to another mode of travel
The changes may not impact me but will impact my community and/or loved ones
Other comments (bus and rail service reductions):
The elimination and/or drastic reduction of service of all forms of public transit is absolutely unacceptable; public transit is relied upon by work commuters to downtown Pittsburgh who cannot afford the exorbitant parking rates there, as well as many others in the city's outlying communities who depend upon public transit as their only means of transportation to get anywhere they need to because they don't/can't drive. Less service and longer wait times is a recipe for disaster.....not to mention short tempers.

Service change impacts (ACCESS)
My travel time would greatly increase
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I won't be able to depend on a guaranteed ride
I would no longer be able to get to my current job, training location, or will have to find a new job
I would have to move to another home/dwelling where transit is available
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
I would have to switch to another mode of travel or rely on a family member or friend
Other comments (ACCESS service reductions):
The biggest issue with the proposed ACCESS changes is that many areas will have services reduced. The proposed changes make the service so unpredictable or long in duration that the service is impractical to use, especially for work or healthcare appointments.

It is understandable that fares have to increase to help reduce the funding deficit.

ACCESS services in the Pittsburgh area have been some of the leading Accessible Public Transportation in the nation. The planned reductions will be a big detriment to the livability of our region. It will affect a large portion of our population eventually, not just those with life long disabilities. Many of the elderly in our population will also need these services.
Please indicate if you oppose or support the proposed ACCESS fare increases:
SUPPORT the proposed fare increases
Fare increase impacts (ACCESS):
N/A
Other comments (ACCESS fare increases):
If the fare increases help to maintain the current level of services I support the fare increases.

Bus and light rail service and fares
Please indicate if you oppose or support the proposed reductions to bus and rail service.
Oppose or support specific reductions.
OPPOSE: 26 CHARTIERS (Elim.), 27 FAIRYWOOD (Major Reduction),
Service change impacts (bus and rail):
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would no longer be able to get to school, daycare, or childcare
Other comments (bus and rail service reductions):
Wakes up at 5:3N/Aam to get the bus to make it to school on time. It would take her 2 hours to get to school.
Would like more buses/times instead of spending money on electric buses
Please indicate if you oppose or support the proposed fare increases:

Which changes would you like to provide comment(s) about?
Bus and light rail service and fares
Please indicate if you oppose or support the proposed reductions to bus and rail service.
OPPOSE all proposed service reductions
Service change impacts (bus and rail):
My travel time would greatly increase
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would have to switch to another mode of travel
I would consider moving because I don't want to live here anymore.
Other comments (bus and rail service reductions):
Accept no form of service reduction. Only accept _increases_ in funding.
Public transportation isn't just for poor or disabled people. It's for everyone.
You make transit appetizing for _everyone_ to use by improving service to the point that it's tempting instead of driving a car or moving to a better city. This has to be on practical grounds alone.
Many of us decide to use transit not because it's our only option, and not because it's the cheapest or easiest option. We're as infuriated as anyone else. However, the macro population and economy doesn't work that way. The invisible hand guides the masses. Be that hand.
I've been to many (large) cities, and they all have better transit than us. This is particularly true in Europe. Learn from them.
To PRT, thanks for trying. To Pennsylvania and US governments? Shame on you. Try being a government instead of a corporate puppet.
Please indicate if you oppose or support the proposed fare increases:
OPPOSE the proposed fare increases
Fare increase impacts (bus and rail):
I would not be able to afford the increased fares
I would take less public transit trips
I would have to switch to another mode of travel
The fare increases may not impact me but will impact my community and/or loved ones
Other comments (bus and rail fare increases):
Same comments as above.

Bus and light rail service and fares
Please indicate if you oppose or support the proposed reductions to bus and rail service.
Oppose or support specific reductions.
OPPOSE: O12 MCKNIGHT FLYER (Elim.),
SUPPORT: O5 THOMPSON RUN FLYER (Elim.),
Service change impacts (bus and rail):
My travel time would greatly increase
I would have to switch to another mode of travel
I would be forced to drive to town and park. Parking is too expensive, as is the gas. Without this option, there will be many more cars added to the morning/evening commute making congestion worse.
Other comments (bus and rail service reductions):
O12 - MCKNIGHT FLYER (Eliminated) - I take this to work in town and the bus is always full (even an extended bus). Without this route, I would have to drive and park in town. I work with a lot of PNC employees who use this bus.
O5 - THOMPSON RUN FLYER (Eliminated) - I could take this as an alternative to the O12, but I would need to walk along Peebles, without sidewalks, to get to my neighborhood. I've done this in the rain or snow and it is dangerous.
With both of these routes being cut, I would be forced to drive to town. The #12 bus takes way too long to get from the McCandless Park n' Ride to town and is not a feasible alternative.
Please indicate if you oppose or support the proposed fare increases:

OPPOSE: 14 OHIO VALLEY (Elim.), 16 BRIGHTON (Major Reduction), 19L EMSWORTH LIMITED (Elim.),
Service change impacts (bus and rail):
I would have to switch to another mode of travel
Other comments (bus and rail service reductions):
These specific cuts eliminate all services to my borough and several around us. I am sure other route cuts have similar consequences for other transit users from places further out of Pittsburgh's center. I will have no choice but to change my mode of transportation. ON the strength of available public transportation, our family dropped from two cars to one. That has not only lightened the financial burden on us. It has also lightened the environmental impact of car ownership and the traffic impact in Oakland, to which I commute daily. I could buy a car and start using that. But that will just negatively impact the environment and traffic. I suppose another option is to move closer to a bus line. But with the equity I've built up in my house the idea of moving to a location based on bus routes that might change in the future seems like folly.
As I ride the bus, I see folx get on and off along the route long before arriving anywhere near downtown. These routes are a lifeline for people in the local community to get around, particularly those who are elderly or financially unable to drive themselves. Cutting these routes will be devastating for those riders in a way that my concerns pale in comparison to.
What I am saying is that it's not just about my (or others' like me) convenience or expense. Cutbacks like this will negatively impact those who canleast afford the impact, including the environment.
Please indicate if you oppose or support the proposed fare increases:
OPPOSE the proposed fare increases
Fare increase impacts (bus and rail):
The fare increases may not impact me but will impact my community and/or loved ones
Other comments (bus and rail fare increases):
I could afford the higher rates. And maybe it's okay to raise the rates on those of us who *can* afford the increase, without raising the rates on those who cannot. I don't know how to go about that, though. Honestly, I'd pay higher taxes in the county for PRT to be free, and *more* widely available -as opposed to less widely available and more expensive, as this service reduction / fair increase double whammy will accomplish.

Frankly, my use of PRT is subsidised by my employer. On the one hand, I could see PRT charging my employer a higher rate. I suspect that's also in the works, even if not a part of the public announcement. But on the other hand, if the service cuts make it impossible for me to use PRT, I would lobby my employer to get out of that agreement entirely. Then that would make things worse again for the folx who struggle to afford to use PRT in the first place

How often do you typically ride Pittsburgh Regional Transit (PRT) and/or ACCESS?
1 day per week
Where do you travel using Pittsburgh Regional Transit (PRT) and/or ACCESS??
Work or job training
How do you identify yourself? Select all that apply.
White
What is your age?
55-64
How would you describe your gender identity? Select all that apply.
Man
Which of the following best describes your 2024 household income?
Prefer not to respond
Including yourself, how many people live in your household? 3-4
Please tell us about any difficulties you had completing this form:
I know that these proposals aren't PRT's wishes. Rather, they come from a lack of funding from various sources, including the city, county, and, particularly, the state. I wish that the public could see public transportation as a "public good" that helps us all, whether we directly use PRT's services, or merely benefit from the myriad indirect positive outcomes of having a robust public transportation system. I've felt for a long time that our system is lacking (no shade to PRT). To see it further diminished deepens my sadness at the lack of communal understanding of this issue.

Which changes would you like to provide comment(s) about?
Bus and light rail service and fares
Please indicate if you oppose or support the proposed reductions to bus and rail service.
Oppose or support specific reductions.
OPPOSE: 51L CARRICK LIMITED (Elim.),
Service change impacts (bus and rail):
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would no longer be able to get to school, daycare, or childcare
Other comments (bus and rail service reductions):
Parking downtown is so expensive, and he likes riding the bus.
Cutting this bus would be a mistake- the bus is already overcrowded, and it would get worse. The bus already takes him 4N/A minutes to get downtown and this would also increase.

Which changes would you like to provide comment(s) about?
Bus and light rail service and fares
Please indicate if you oppose or support the proposed reductions to bus and rail service.
OPPOSE all proposed service reductions
Service change impacts (bus and rail):
My travel time would greatly increase
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
I would have to switch to another mode of travel
The changes may not impact me but will impact my community and/or loved ones
Other comments (bus and rail service reductions):
I support how the cuts were applied. It's critical to focus on bus routes that will remain in high density areas, while reducing or eliminating the lengthy suburban routes with less density.
Please indicate if you oppose or support the proposed fare increases:
SUPPORT the proposed fare increases
Fare increase impacts (bus and rail):
N/A
Other comments (bus and rail fare increases):
It's fair and truly modest, but notable when in other cities that are transit ticket for a single ride is frequently more expensive. Reduced and free fares should be evaluated as well, we can't jeopardize the existence of PRT due to free or reduced fare programs, we all have to support this critical service.

Service change impacts (bus and rail):
The changes may not impact me but will impact my community and/or loved ones
Other comments (bus and rail service reductions):
If this route is eliminated there will be NO public transportation in the Sewickey, Leetsdale, Aliquippa, Ambridge areas and other stops along Route 65. While I only use the bus on occasion, this is the ONLY form of transportation for river valley towns. The North Hills has been short-changed on public transportation for the 4N/A years I have lived north of the city. This route is very, very important to my community. Plus it is a straight shot along the river. PLEASE reinstate it so people can get to work, frequent shops and get to downtown Pittsburgh. Thank you.

Other comments (bus and rail service reductions):
The Silver line in Bethel Park has a large housing development built on having that line as it is in Library and far from any of the other stations. This would negatively impact people who moved there specifically for the access to the T. That community needs the Silver line! Removing it would be horrible, not just for those who moved there because of it, but also for the small community of Library.
DON'T DEACTIVATE THE SILVER LINE!!!!

Thank you to PRT for allowing me to cover the final hearing about the proposed reductions for Pittsburgh City Paper: https://www.pghcitypaper.com/news/fight-for-public-transportation-continues-during-latest-prt-public-hearing-28173546
I was compelled to cover the hearing (where the first four hours of public testimony brought me to tears) because three bus lines I've relied on for nearly eight years as a Greenfield resident are up for elimination. I commute Downtown to our newsroom on the 58 (our neighborhood bus), 52L, and 53L, all of which would be cut under the proposed plan. While I would not be without transit to work — as so many city residents testified they would be — my commute on PRT buses would balloon from about 15 minutes to 45 minutes to an hour. Most likely, I would drive to work, getting into one of the 3N/A,N/AN/AN/A cars that these cuts are projected to add to our roads.
After moving to Pittsburgh from Austin, Tex. as a graduate student 12 years ago, I've relied on PRT buses, and they've become an immeasurable part of my quality of life here. A large part of my decision to stay in Pittsburgh and live in Greenfield was based on its proximity to six bus lines, allowing me to commute virtually anywhere in the city. My husband and I are a one-car household, and neither of us drive daily to work. These cuts represent a minor inconvenience to us compared to the hardships others will face (which I hoped to highlight in my article). But I wholeheartedly agree with my neighbors' testimony that public transportation in Pittsburgh is a lifeline and an essential organ, and part of the city's character and heritage. Gutting public transit will fundamentally change life in Pittsburgh and make it so much harder for so many, including those who are already most vulnerable. I urge PRT to do whatever it can to resist these cuts.
Please indicate if you oppose or support the proposed fare increases:
OPPOSE the proposed fare increases
Fare increase impacts (bus and rail):
I would take less public transit trips
The fare increases may not impact me but will impact my community and/or loved ones

Bus and light rail service and fares
Please indicate if you oppose or support the proposed reductions to bus and rail service.
Oppose or support specific reductions.
Service change impacts (bus and rail):
My travel time would greatly increase
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would have to switch to another mode of travel
Other comments (bus and rail service reductions):
To totally cripple more of the South Hills by eliminating the T line plus increasing fares as well as now we will probably have to pay to park somewhere is ludicrous. Instead of eliminating the Silver Line, how about eliminating the Blue Line? Two lines going to SHV is stupid to begin with. Eliminate the Blue Line, let the Silver Line service the RT 51 corridor and the Red line can go all the way to SHV. everyone will still have service that way. I just thienk you are all idiots who are running this thing ...

I would have to move to another home/dwelling where transit is available
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
I would have to switch to another mode of travel
Other comments (bus and rail service reductions):
I am absolutely saddened that this is the state of public transportation in a major US city. When I moved to the area 17 years ago, I decided to live in Dormont. I chose Dormont because of its readily accessible public transportation options. Over those 17 years, I have seen Dormont become a revitalized neighborhood - no small part to the upgrades to the T that runs through the borough. Accessibility makes a neighborhood thrive. Taking away (and drastically reducing) accessibility will kill our neighborhoods.
I just simply do not understand how we can't make a reliable public transportation system work. It's shameful.
Please indicate if you oppose or support the proposed fare increases:

Other comments (bus and rail fare increases):
Our fares in Pittsburgh are some of the highest I have experienced in my travels around the world. I don't understand how we can't make a reliable public transportation system work. If increasing fares is what it would take keep the busses running, I suppose I can pay that extra .50 a day (or $2.50/wk or $10.25/mth or $130/yr.

OPPOSE all proposed service reductions
Service change impacts (bus and rail):
The changes may not impact me but will impact my community and/or loved ones
Other comments (bus and rail service reductions):
I work at Allegheny General Hospital and Community Living and Support Services, where I take care of sick people and adults with disabilities. While I have access to a car, so many of my coworkers and the people I take care of do not. These reductions would greatly decrease the people's I support quality of life. My coworkers who are amazing at their jobs taking care of hospital patients would have greatly increased challenges getting to the hospital. We are already in a staffing crisis there and I do not want to see more challenges for my caring, hardworking coworkers to get to their jobs which are stressful enough as it is, both for them and for myself because I rely on them at my job.

The fare increases may not impact me but will impact my community and/or loved ones
Other comments (ACCESS fare increases):
As a direct support professional for people with disabilities, I see firsthand every day at my job how ACCESS is not reliable enough as it is. People with disabilities and their families often live in poverty because being disabled is expensive - medical care, support services, specialized technology to help you. They do not need to pay MORE for transit. Please do not do this. It will be hurting so many people with disabilities and their families and loved ones greatly.

Other comments (bus and rail service reductions):
South hills would lose almost all of their public transit except for the T. Brookline is one of the largest neighborhoods in the city yet we would not have a bus route. Luckily, I live near the T but the rest of Brookline is not so lucky. Hopefully, no cuts will need to be made but if they do have to be, I hope that the cuts will be even across the city.

1 day per week
Where do you travel using Pittsburgh Regional Transit (PRT) and/or ACCESS??
Home
Work or job training
Entertainment
Social activities
How do you identify yourself? Select all that apply.
Hispanic or Latino
What is your age?
18-24
How would you describe your gender identity? Select all that apply.
Woman
Which of the following best describes your 2024 household income?
$50,000 to $74,999
Including yourself, how many people live in your household? 5-6
Please tell us about any difficulties you had completing this form:
N/A

Which changes would you like to provide comment(s) about?
Bus and light rail service and fares, ACCESS paratransit door-to-door service and fares
Please indicate if you oppose or support the proposed reductions to bus and rail service.
OPPOSE all proposed service reductions
Service change impacts (bus and rail):
My travel time would greatly increase
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would no longer be able to get to my current job, training location, or will have to find a new job
I would no longer be able to get to school, daycare, or childcare
I would no longer be able to access medical care locations
I would have to move to another home/dwelling where transit is available
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
I would have to switch to another mode of travel
I would have to take ACCESS instead of fixed route service
The changes may not impact me but will impact my community and/or loved ones
Other comments (bus and rail service reductions):
My anxiety, blood pressure, and depression would really get higher then what it is now, because I would be scrambling everywhere trying to figure out how to get places that I was used going on a regular schedule. The changes would really hurt not only me but many others as well.
Please indicate if you oppose or support the proposed fare increases:
OPPOSE the proposed fare increases
Fare increase impacts (bus and rail):
I would not be able to afford the increased fares
I would have to make decisions about whether to pay for transit or other essential expenses
I would take less public transit trips
I would have to switch to another mode of travel
The fare increases may not impact me but will impact my community and/or loved ones
Other comments (bus and rail fare increases):
Things are higher in price now that you all will increase the fare will hurt a person’s pockets even more.
Please indicate if you oppose or support the proposed changes to ACCESS service:
OPPOSE the proposed service changes
Service change impacts (ACCESS)

I would no longer be able to get to my current job, training location, or will have to find a new job
Other comments (bus and rail service reductions):
The current schedule is already not easy to get to and from places and with this change it would be 1N/AN/A times worse. Having to walk 1+ miles to get to work is not reasonable. Everyone would benefit from better transit. These cuts would be a death sentence for our city.

I would have to move to another home/dwelling where transit is available
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
I would have to switch to another mode of travel
Other comments (bus and rail service reductions):
I moved to Pittsburgh last year with my partner, specifically because it is a city with a robust public transit system. We can only afford to share one car between us and I rely on public transit to get to work. Cutting these lines and services would make it hard for us both to get to work and would mean we would have to move somewhere more centrally located (and with more expensive rent). Or we would have to buy another car which would creat a big financial burden on us. We also specifically moved to Pittsburgh due to it being affordable, but this would make our lives much less affordable.
We are both skilled workers and love Pittsburgh. Pittsburgh has finally started having an increase in its population, which has one of the biggest aging populations in the country. If the State wants to continue to have an economy that is growing/staying a float, it is vital to keep services like public transit fully funded and improving, in order to keep attracting new tax paying residents, and maintaining the ones we have. Quality of life will drastically decrease with these proposed public transit cuts in Pittsburgh, and will negatively impact business, big and small, all over the region. It is a dire mistake to cut public transit funding for the State of Pennsylvania.
Please indicate if you oppose or support the proposed fare increases:
OPPOSE the proposed fare increases
Fare increase impacts (bus and rail):
I would take less public transit trips
The fare increases may not impact me but will impact my community and/or loved ones
Other comments (bus and rail fare increases):
The more expensive public transit is, the less likely people are going to take it. Free public transit for all is where we should be moving toward.

Which changes would you like to provide comment(s) about?
Bus and light rail service and fares
Please indicate if you oppose or support the proposed reductions to bus and rail service.
Oppose or support specific reductions.
OPPOSE: 54 NORTH SIDE-OAKLAND-SOUTH SIDE (Major Reduction),
Service change impacts (bus and rail):
The changes may not impact me but will impact my community and/or loved ones
Other comments (bus and rail service reductions):
He is here for his community- the high rise is full of seniors and disabled people. These people rely on the bus to get to shopping and medical care and to enjoy life. Without this bus these people would be stranded. So many people can't walk down the hill or take the steps.

Oppose or support specific reductions.
OPPOSE: 28X AIRPORT FLYER (Major Reduction), 54 NORTH SIDE-OAKLAND-SOUTH SIDE (Major Reduction),
Service change impacts (bus and rail):
I would no longer be able to access medical care locations
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
Other comments (bus and rail service reductions):
Herron and Dobson- She wouldn't be able to get to medical appt. due to this bus being cut. The roads are very steep and many steps to go down to liberty ave. The 54D is very important to these residents. This bus also connects to the 28X so she can get to and from the airport.

Which changes would you like to provide comment(s) about?
Bus and light rail service and fares
Please indicate if you oppose or support the proposed reductions to bus and rail service.
OPPOSE all proposed service reductions
Service change impacts (bus and rail):
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would have to switch to another mode of travel
The changes may not impact me but will impact my community and/or loved ones
Other comments (bus and rail service reductions):
I am an occasional or casual user as I mainly work from home or I use my personal vehicle to travel around a multi-county region when I need to be on-site somewhere. I do appreciate having bus service available to me within a block of my house. Within a few blocks or a 1N/A minute walk, I am able to get a bus on 15 minute intervals across a couple different bus lines that can get me downtown and back. Having readily available bus service is a great alternative to avoid having to drive or park downtown when I venture there for shows, concerts, to dine, or attend events. I would be greatly concerned about an 11 pm cutoff time if I am going to attend shows, concerts, or events downtown that may not let out until close to 11 pm. There's no wiggle room to get to the last run of the night if that's the case. So I would be left not choosing the public transit option because it would no longer meet my needs.
Please indicate if you oppose or support the proposed fare increases:
OPPOSE the proposed fare increases
Fare increase impacts (bus and rail):
I would take less public transit trips
The fare increases may not impact me but will impact my community and/or loved ones
Other comments (bus and rail fare increases):
The fare increase would not be an excessive burden to myself, but hearing that the new fare would put us among the top of the list of the most expensive public transit fares in the country is discouraging and bothersome. It would add more burden to those who already cannot afford any other alternative. The people who most need public transit are also the people who cannot afford higher fares. Those same people who really rely on it would be hampered in their ability to keep employment or advance in their career to allow them the financial freedom to not worry about increased bus fares. Not only do they need robust service, they need it to be affordable.

Please indicate if you oppose or support the proposed changes to ACCESS service:
OPPOSE the proposed service changes
Service change impacts (ACCESS)
My travel time would greatly increase
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I won't be able to depend on a guaranteed ride
I would no longer be able to access medical care locations
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
I would have to switch to another mode of travel or rely on a family member or friend
Other comments (ACCESS service reductions):
I use Access under the disability program, and this would greatly affect my using MATP for my medical appointments. It would also impact my activities at the Seton Center, and sometimes for grocery shopping.
Please indicate if you oppose or support the proposed ACCESS fare increases:
OPPOSE the proposed fare increases
Fare increase impacts (ACCESS):
I would not be able to afford the increased fares
I would have to make decisions about whether to pay for ACCESS or other essential expenses
I would take less ACCESS trips
I would have to switch to another mode of travel or rely on a family member or friend
Other comments (ACCESS fare increases):
If I travel from my house in Duquesne to the Seton Center in Brookline it already is a transfer trip costing me $8.40 each way, $16.80 round trip. I already have to limit the number of trips I make monthly. If the fares increase, I would have to rake less trips. I am on disability and have limited income.

OPPOSE all proposed service reductions
Service change impacts (bus and rail):
My travel time would greatly increase
I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
I would have to switch to another mode of travel
Other comments (bus and rail service reductions):
Reducing service and eliminating service after 11pm would be a detriment to getting home from events downtown. Taking the train into and out of town is the most convenient mode of transportation for both work and events.
I ride the train and there is no reason to start the red line at Overbrook junction, the train comes from the rail yard anyway so why not stop at the stops along the way.
The silver line also has the infrastructure already in place. Eliminating the silver line will only increase crowding on all other trains.
Decreasing train frequency and service would increase wait times and crowding. This is highly inconvenient for getting to work.
Having less service overall will only increase wait times and increase crowding.
This becomes even more of a problem when trains break down, don't come at all or come extremely late.

I would no longer be able to get to my current job, training location, or will have to find a new job
I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
Other comments (bus and rail service reductions):
Cutting service to an 11pm curfew means that I will have to walk an hour home in the dark after work and 45 minutes home from my university campus if I need to be there late.
Cutting the 54D line completely cuts off public transit from the Bon Air neighborhood, which has a high population of elderly people who rely on public transit. When I lived in Knoxville, I would watch an elderly woman in the Bon Air neighborhood catch the 54D bus just to go to the convenience store on Brownsville Road and then wait upwards of 3N/A minutes just to bus back. With the amount of hills in the area plus the summer heat, it is unsafe and most likely impossible for her to go the store otherwise. This will also over-congest the already crowded 51 bus route. The 54C is too far from these neighborhoods to walk for many people. If the 54D is cut, the only way to go anywhere other than South Side is to go through Downtown first. This is effectively cutting off many Hilltop neighborhoods from the rest of the city, where the majority of jobs and universities are. It may not seem like it on the surface, but this will push poor communities further into poverty — not just the Hilltop, but the countless other low income communities who rely on bussing to work and school.
Please indicate if you oppose or support the proposed fare increases:

Service change impacts (bus and rail):
I would have to switch to another mode of travel
Other comments (bus and rail service reductions):
All of the bus & rail lines are important routes to keep for commuters that may be required to return to working in office. There are several downtown companies that are requiring employees to return to the office 3 to 4 days a week. Next week, Highmark will require employees to be in office on Tuesday, Wednesday and Thursday. Other companies will have a requirement starting in September.
We will see a significant increase in the downtown Pittsburgh workforce. Many rely on public transportation to get to and from work. Car traffic & full garages will also be a problem that commuters will encounter. Many of the road lanes have been converted to outdoor dining spaces, bike lanes & bus lanes. Also, parking expenses are not affordable to most.
I would propose a decrease in service on Fridays and weekends since it appears that there will be less commuters on those days. Cutting service may be a mistake once the city bounces back with a thriving workforce that would benefit from their bus/rail routes.

I would have to switch to another mode of travel
Other comments (bus and rail service reductions):
Some of these areas already have limited access to public transportation. In McKeesport, I have to walk a considerable distance just to get to the heart of town. I am glad that the 6N/A will not have a reduction in service. The 56 McKeesport and the P7 are the quickest ways to Downtown Pittsburgh. The 59 and 55 should not have any reduction in service. Cutting service to 11 PM will be awful for those who use PRT to get back and forth to work, for Kennywood/games/events, shopping and doctor appointments.

Service change impacts (bus and rail):
I would no longer be able to access medical care locations
Other comments (bus and rail service reductions):
I am completing this survey for my father-in-law, who lives in Sewickley, PA (15143), who is completely reliant on public transit for transportation to medical appointments and social services in downtown Pittsburgh, among other destinations. He has significant visual impairment and does not drive/own a car at all. ACCESS cannot guarantee service on a regular basis (requests can only be made on the day you need service and once all the drives are booked there is no additional availability). His route (route 14) is slated for complete elimination. This will be devastating for those on rely on bus service for jobs and those with disabilities.

Provide any other comments you wish to share about the proposed service changes:

Why are you Cutting Service & Raising Fares? Do you Think This is fair to the Rider? Also I Ride The T & where it goes I would like To Know why The T stops are so Dirty & when Riding the T There is garbage all through the Routes That have never Been Cleaned up In months.

KJRH 0004

ACCESS service reductions and fare increases

Service Reductions

PRT will enforce the Americans with Disabilities Act (ADA) service area for eligible individuals. Proposed reductions in fixed route bus service takes some areas out of the ADA service area that is eligible for ACCESS and puts them into an area where service for people with disabilities could have trip denials and where reservations would not be guaranteed. This would result in a reduction in the ADA service area of 62%, 16% of which is due to the change in fixed route services. Service would not be available after 11 p.m. all days of the week.

Please indicate if you oppose or support the proposed changes to ACCESS service. Required

- (●) OPPOSE the proposed service changes

Provide any other comments you wish to share about the proposed service changes:

I heard the 22 route will STOP at Heritage Valley Hospital and I will have to walk to giant eagle. I use route 22 to get around for work and entertainment Library etc. Route 22 on Sunday's are limited
I heard your doing 1hour esthmated time for the route 22.

ACCESS service reductions and fare increases

Service Reductions

PRT will enforce the Americans with Disabilities Act (ADA) service area for eligible individuals. Proposed reductions in fixed route bus service takes some areas out of the ADA service area that is eligible for ACCESS and puts them into an area where service for people with disabilities could have trip denials and where reservations would not be guaranteed. This would result in a reduction in the ADA service area of 62%, 16% of which is due to the change in fixed route services. Service would not be available after 11 p.m. all days of the week.

Please indicate if you oppose or support the proposed changes to ACCESS service. Required

- (●) OPPOSE the proposed service changes
- ( ) SUPPORT the proposed service changes
- ( ) No comment on the proposed service changes

Please select any of the statements below that are true for you or your family. Required

Provide any other comments you wish to share about the proposed service changes:

"It is ridiculous and absurd to end Route 14. This bus rides along a major thorough-way: Route 65, north & southbound. This bus(14) has been in operation for several decades and would be a major disreption to commuters for both work and shopping and church.

Also, when and if this bus is retained return it to arrive and depart from downtown Pittsburgh! No one wants to go through the inconvenience and extra time to be dropped off at Allegheny Station. There is no valid reason why the bus should not do otherwise!

Tell us about yourself.

Just before the PRT announced the service cut-off to the Silver Line rail service, I signed a new one-year lease to my apartment, which will last from May 2025 through April 2026. This line serves a densely populated area. Over in Dormont, they ~~had~~ HAVE the Red Line T and buses that run on the main streets. Oakland streets are jammed with buses that go to Squirrel Hill and other points east, minutes apart, and buses to the airport. The PRT may have lost fares this past winter due to the extremely low temperatures. There were weeks at a time, from November to April, when it was too cold for me to even ~~go~~ get to a doctor's appointment. I would get to the Silver Line stop, wait a while and then just have to go back home, since my fingers were white and ~~I~~ WAS TOO COLD. The PRT cars were not late, ~~?~~ This past winter was unusual!

Provide any other comments you want to share about the proposed ACCESS service reductions:

Fare Increases

PRT will also have to raise the costs of taking ACCESS, often referred to as fares. For example, riders who currently pay $3.15, $3.90 or $5.25 will pay $3.90, $4.50 or $6.00.

Please indicate if you oppose or support the proposed ACCESS fare increases. Required

Choose one.

- ○ OPPOSE the proposed fare increases
- ◉ SUPPORT the proposed fare increases
- ○ No comment on proposed fare increases

Please select any of the statements below that are true for you:

- ☐ I would not be able to afford the increased fares
- ☒ I would have to make decisions about whether to pay for ACCESS or other essential expenses
- ☒ I would take less ACCESS trips
- ☒ I would have to switch to another mode of travel or rely on a family member or friend
- ☐ The fare increases may not impact me but will impact my community and/or loved ones

Other

Provide any other comments you want to share about the proposed fare increases:

Bus and light rail service reductions and fare increases

Service Reductions

PRT will be forced to cut or make major reductions in service for at least 75 bus and light rail routes. The questions that follow will allow you to share your feelings about these changes with PRT.

Please indicate if you oppose or support the proposed reductions to bus and rail service. *Choose one.*

- ○ OPPOSE all proposed service reductions
- ○ SUPPORT all proposed service reductions
- ● Oppose or support specific reductions (select routes in the next question)
- ○ No comment on proposed service reductions

If you selected "oppose or support specific reductions" above, choose the route(s) you wish to comment on below and whether you would like PRT to keep the service or cut/reduce the service. The routes listed below as eliminated would no longer exist. The routes listed with major service reductions would have 30% or more of weekly service hours cut. The list of routes has been broken into three groups of 25 each to improve accessibility.

For more information, visit us online at:

https://rideprt.org/funding-crisis

31

State funding has failed to keep up with the costs of operating public transit, creating a funding crisis for Pittsburgh Regional Transit (PRT) and transit agencies across Pennsylvania.

PRT is currently projecting a $100 million shortfall for its next fiscal year. Absent new funding, PRT would be forced to narrow the funding gap by cutting service and increasing fares starting in 2026.

Visit us online (https://rideprt.org/funding-crisis) to learn more about the proposed service reductions and fare increases.

The public comment period for these changes began at 8 a.m. on March 31 and ends at 5 p.m. on June 18. To make sure your voice is heard, please complete this survey and either leave it with a PRT team member, return it to PRT's Downtown Customer Service Center, open weekdays 7:30 a.m. - 5 p.m. (located at 623 Smithfield Street, Pittsburgh, PA 15222) or return it by mail.

To return the survey by mail, please fold all the pages in half, secure with a staple or a piece of tape, add a stamp, and place it in the mail.

Thank you for your time and input!

Service change impacts (bus and rail). Required

Please select any of the statements below that are true for you or your family:

- ☐ My travel time would greatly increase
- ☐ I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
- ☐ I would no longer be able to get to my current job, training location, or will have to find a new job
- ☐ I would no longer be able to get to school, daycare, or childcare
- ☒ I would no longer be able to access medical care locations
- ☒ I would have to move to another home/dwelling where transit is available
- ☒ I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
- ☒ I would have to switch to another mode of travel
- ☐ I would have to take ACCESS instead of fixed route service
- ☐ The changes may not impact me but will impact my community and/or loved ones
- ☐ None of these apply to me

Other

Provide any other comments you wish to share about the proposed service changes:

I AM A senior citizen I need the Y47 Its only way to get to Anywhere I need to go, its hurts sometimes because I need 2 buses but without the Y47 I get no where Just As others in my bldg. I can't Afford ANY OTHER MODE OF TRANSPORTATION.

KJRH 0004

ACCESS service reductions and fare increases

Service Reductions

PRT will enforce the Americans with Disabilities Act (ADA) service area for eligible individuals. Proposed reductions in fixed route bus service takes some areas out of the ADA service area that is eligible for ACCESS and puts them into an area where service for people with disabilities could have trip denials and where reservations would not be guaranteed. This would result in a reduction in the ADA service area of 62%, 16% of which is due to the change in fixed route services. Service would not be available after 11 p.m. all days of the week.

Please indicate if you oppose or support the proposed changes to ACCESS service. Required

- (●) OPPOSE the proposed service changes
- ( ) SUPPORT the proposed service changes
- ( ) No comment on the proposed service changes

Please select any of the statements below that are true for you or your family. Required

- [ ] My travel time would greatly increase
- [ ] I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
- [ ] I won't be able to depend on a guaranteed ride
- [ ] I would no longer be able to get to my current job, training location, or will have to find a new job
- [ ] I would no longer be able to get to school, daycare, or childcare
- [ ] I would no longer be able to access medical care locations
- [ ] I would have to move to another home/dwelling where transit is available
- [ ] I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
- [ ] I would have to switch to another mode of travel or rely on a family member or friend
- [x] The changes may not impact me but will impact my community and/or loved ones
- [ ] None of these apply to me

ACCESS service reductions and fare increases

Service Reductions

PRT will enforce the Americans with Disabilities Act (ADA) service area for eligible individuals. Proposed reductions in fixed route bus service takes some areas out of the ADA service area that is eligible for ACCESS and puts them into an area where service for people with disabilities could have trip denials and where reservations would not be guaranteed. This would result in a reduction in the ADA service area of 62%, 16% of which is due to the change in fixed route services. Service would not be available after 11 p.m. all days of the week.

Please indicate if you oppose or support the proposed changes to ACCESS service. Required

- ◯ OPPOSE the proposed service changes
- ◯ SUPPORT the proposed service changes
- ◯ No comment on the proposed service changes

Please select any of the statements below that are true for you or your family. Required

- ☐ My travel time would greatly increase
- ☐ I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
- ☒ I won't be able to depend on a guaranteed ride
- ☐ I would no longer be able to get to my current job, training location, or will have to find a new job
- ☐ I would no longer be able to get to school, daycare, or childcare
- ☐ I would no longer be able to access medical care locations
- ☐ I would have to move to another home/dwelling where transit is available
- ☐ I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
- ☐ I would have to switch to another mode of travel or rely on a family member or friend
- ☐ The changes may not impact me but will impact my community and/or loved ones
- ☐ None of these apply to me

Fare Changes

PRT will also have to raise the cost of transit fares. A base 3-hour fare would increase from $2.75 to $3.00, a day pass would increase from $7 to $7.50, a 7-day pass would increase from $25 to 27.00, a 31-day pass would increase from $97.50 to $106.50, and an annual pass would increase from $1,072.50 to $1,171.50. The questions that follow will allow you to share your feelings with PRT about these changes.

Please indicate if you oppose or support the proposed fare increases: Required

Choose one.

- ◯ OPPOSE the proposed fare increases
- ◯ SUPPORT the proposed fare increases
- ◯ No comment on proposed fare increases

Please select any of the statements below that are true for you or your family:

- ☐ I would not be able to afford the increased fares
- ☐ I would have to make decisions about whether to pay for transit or other essential expenses
- ☐ I would take less public transit trips
- ☐ I would have to switch to another mode of travel
- ☐ The fare increases may not impact me but will impact my community and/or loved ones

Service Reductions

PRT will enforce the Americans with Disabilities Act (ADA) service area for eligible individuals. Proposed reductions in fixed route bus service takes some areas out of the ADA service area that is eligible for ACCESS and puts them into an area where service for people with disabilities could have trip denials and where reservations would not be guaranteed. This would result in a reduction in the ADA service area of 62%, 16% of which is due to the change in fixed route services. Service would not be available after 11 p.m. all days of the week.

Please indicate if you oppose or support the proposed changes to ACCESS service. Required

- (●) OPPOSE the proposed service changes
- ( ) SUPPORT the proposed service changes
- ( ) No comment on the proposed service changes

Please select any of the statements below that are true for you or your family. Required

- [ ] My travel time would greatly increase
- [ ] I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
- [x] I won't be able to depend on a guaranteed ride
- [ ] I would no longer be able to get to my current job, training location, or will have to find a new job
- [ ] I would no longer be able to get to school, daycare, or childcare
- [x] I would no longer be able to access medical care locations
- [ ] I would have to move to another home/dwelling where transit is available
- [x] I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
- [x] I would have to switch to another mode of travel or rely on a family member or friend
- [x] The changes may not impact me but will impact my community and/or loved ones
- [ ] None of these apply to me

23

State funding has failed to keep up with the costs of operating public transit, creating a funding crisis for Pittsburgh Regional Transit (PRT) and transit agencies across Pennsylvania.

PRT is currently projecting a $100 million shortfall for its next fiscal year. Absent new funding, PRT would be forced to narrow the funding gap by cutting service and increasing fares starting in 2026.

Visit us online (https://rideprt.org/funding-crisis) to learn more about the proposed service reductions and fare increases.

The public comment period for these changes began at 8 a.m. on March 31 and ends at 5 p.m. on June 18. To make sure your voice is heard, please complete this survey and either leave it with a PRT team member, return it to PRT's Downtown Customer Service Center, open weekdays 7:30 a.m. - 5 p.m. (located at 623 Smithfield Street, Pittsburgh, PA 15222) or return it by mail.

To return the survey by mail, please fold all the pages in half, secure with a staple or a piece of tape, add a stamp, and place it in the mail.

Thank you for your time and input!

- [x] I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
- [ ] I would no longer be able to get to my current job, training location, or will have to find a new job
- [ ] I would no longer be able to get to school, daycare, or childcare
- [x] I would no longer be able to access medical care locations
- [ ] I would have to move to another home/dwelling where transit is available
- [x] I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
- [x] I would have to switch to another mode of travel
- [x] I would have to take ACCESS instead of fixed route service
- [ ] The changes may not impact me but will impact my community and/or loved ones
- [ ] None of these apply to me

Other

Provide any other comments you wish to share about the proposed service changes:

I do not drive, I need the bus to go to store and 2 Buses to get to Doctor Appointments. I just signed up for ACCESS and need this service also. I AM 71 yr old. and my family members work so I need these services to get my self AROUND.

KJRH 0004

ACCESS service reductions and fare increases

Service Reductions

PRT will enforce the Americans with Disabilities Act (ADA) service area for eligible individuals. Proposed reductions in fixed route bus service takes some areas out of the ADA service area that is eligible for ACCESS and puts them into an area where service for people with disabilities could have trip denials and where reservations would not be guaranteed. This would result in a reduction in the ADA service area of 62%, 16% of which is due to the change in fixed route services. Service would not be available after 11 p.m. all days of the week.

Please indicate if you oppose or support the proposed changes to ACCESS service. Required

- (✓) OPPOSE the proposed service changes
- ( ) SUPPORT the proposed service changes
- ( ) No comment on the proposed service changes

Please select any of the statements below that are true for you or your family. Required

- [✓] My travel time would greatly increase
- [✓] I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
- [✓] I won't be able to depend on a guaranteed ride
- [ ] I would no longer be able to get to my current job, training location, or will have to find a new job
- [ ] I would no longer be able to get to school, daycare, or childcare
- [✓] I would no longer be able to access medical care locations
- [ ] I would have to move to another home/dwelling where transit is available
- [✓] I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
- [ ] I would have to switch to another mode of travel or rely on a family member or friend
- [ ] The changes may not impact me but will impact my community and/or loved ones
- [ ] None of these apply to me

Pittsburgh Regional Transit

For more information, visit us online at:

https://rideprt.org/funding-crisis

State funding has failed to keep up with the costs of operating public transit, creating a funding crisis for Pittsburgh Regional Transit (PRT) and transit agencies across Pennsylvania.

PRT is currently projecting a $100 million shortfall for its next fiscal year. Absent new funding, PRT would be forced to narrow the funding gap by cutting service and increasing fares starting in 2026.

Visit us online (https://rideprt.org/funding-crisis) to learn more about the proposed service reductions and fare increases.

The public comment period for these changes began at 8 a.m. on March 31 and ends at 5 p.m. on June 18. To make sure your voice is heard, please complete this survey and either leave it with a PRT team member, return it to PRT's Downtown Customer Service Center, open weekdays 7:30 a.m. - 5 p.m. (located at 623 Smithfield Street, Pittsburgh, PA 15222) or return it by mail.

To return the survey by mail, please fold all the pages in half, secure with a staple or a piece of tape, add a stamp, and place it in the mail.

Thank you for your time and input!

- ☐ None of these apply to me

Other

Provide any other comments you wish to share about the proposed service changes:

(A)

My present job hours could be decreased due to proposed service reductions. I may have to find a new job. I may have to quit one of my jobs because the red line won't run past 11:00 PM. I cannot make a ~~reg~~ habit of always being stranded in town at night. I need as many service options available (41 Bower Hill, red line operating past 11:00 PM and some other buses).

Service change impacts (bus and rail). Required

Please select any of the statements below that are true for you or your family:

- ☐ My travel time would greatly increase
- ☑ I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
- ☐ I would no longer be able to get to my current job, training location, or will have to find a new job
- ☐ I would no longer be able to get to school, daycare, or childcare
- ☑ I would no longer be able to access medical care locations
- ☐ I would have to move to another home/dwelling where transit is available
- ☑ I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
- ☐ I would have to switch to another mode of travel
- ☐ I would have to take ACCESS instead of fixed route service
- ☐ The changes may not impact me but will impact my community and/or loved ones
- ☐ None of these apply to me

Other

Provide any other comments you wish to share about the proposed service changes:

Keep fixed route to major health care locations. and major Shopping Centers Also. no service after 11pm - this would Impact for Sporting events and Cultural such as Heinz Hall.

ACCESS service reductions and fare increases

Service Reductions

PRT will enforce the Americans with Disabilities Act (ADA) service area for eligible individuals. Proposed reductions in fixed route bus service takes some areas out of the ADA service area that is eligible for ACCESS and puts them into an area where service for people with disabilities could have trip denials and where reservations would not be guaranteed. This would result in a reduction in the ADA service area of 62%, 16% of which is due to the change in fixed route services. Service would not be available after 11 p.m. all days of the week.

Please indicate if you oppose or support the proposed changes to ACCESS service. Required

- (✓) OPPOSE the proposed service changes
- ( ) SUPPORT the proposed service changes
- ( ) No comment on the proposed service changes

Please select any of the statements below that are true for you or your family. Required

- [✓] My travel time would greatly increase
- [ ] I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
- [✓] I won't be able to depend on a guaranteed ride
- [ ] I would no longer be able to get to my current job, training location, or will have to find a new job
- [ ] I would no longer be able to get to school, daycare, or childcare
- [ ] I would no longer be able to access medical care locations
- [ ] I would have to move to another home/dwelling where transit is available
- [✓] I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
- [ ] I would have to switch to another mode of travel or rely on a family member or friend
- [✓] The changes may not impact me but will impact my community and/or loved ones
- [ ] None of these apply to me

State funding has failed to keep up with the costs of operating public transit, creating a funding crisis for Pittsburgh Regional Transit (PRT) and transit agencies across Pennsylvania.

PRT is currently projecting a $100 million shortfall for its next fiscal year. Absent new funding, PRT would be forced to narrow the funding gap by cutting service and increasing fares starting in 2026.

Visit us online (https://rideprt.org/funding-crisis) to learn more about the proposed service reductions and fare increases.

The public comment period for these changes began at 8 a.m. on March 31 and ends at 5 p.m. on June 18. To make sure your voice is heard, please complete this survey and either leave it with a PRT team member, return it to PRT's Downtown Customer Service Center, open weekdays 7:30 a.m. - 5 p.m. (located at 623 Smithfield Street, Pittsburgh, PA 15222) or return it by mail.

To return the survey by mail, please fold all the pages in half, secure with a staple or a piece of tape, add a stamp, and place it in the mail.

Thank you for your time and input!

Service change impacts (bus and rail). Required

Please select any of the statements below that are true for you or your family:

- [x] My travel time would greatly increase
- [x] I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
- [x] I would no longer be able to get to my current job, training location, or will have to find a new job
- [x] I would no longer be able to get to school, daycare, or childcare
- [x] I would no longer be able to access medical care locations
- [x] I would have to move to another home/dwelling where transit is available
- [x] I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
- [ ] I would have to switch to another mode of travel
- [ ] I would have to take ACCESS instead of fixed route service
- [ ] The changes may not impact me but will impact my community and/or loved ones
- [ ] None of these apply to me

Other

Provide any other comments you wish to share about the proposed service changes:

The Y49 is the ONLY BUS that comes through my area without it myself and everyone in my area will be stranded. We will have no way of getting to work, school, doctors appointments or able to shop for groceries

ACCESS service reductions and fare increases

Service Reductions

PRT will enforce the Americans with Disabilities Act (ADA) service area for eligible individuals. Proposed reductions in fixed route bus service takes some areas out of the ADA service area that is eligible for ACCESS and puts them into an area where service for people with disabilities could have trip denials and where reservations would not be guaranteed. This would result in a reduction in the ADA service area of 62%, 16% of which is due to the change in fixed route services. Service would not be available after 11 p.m. all days of the week.

Please indicate if you oppose or support the proposed changes to ACCESS service. Required

- (●) OPPOSE the proposed service changes
- ( ) SUPPORT the proposed service changes
- ( ) No comment on the proposed service changes

Please select any of the statements below that are true for you or your family. Required

- [ ] My travel time would greatly increase
- [ ] I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
- [ ] I won't be able to depend on a guaranteed ride
- [ ] I would no longer be able to get to my current job, training location, or will have to find a new job
- [ ] I would no longer be able to get to school, daycare, or childcare
- [ ] I would no longer be able to access medical care locations
- [ ] I would have to move to another home/dwelling where transit is available
- [ ] I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
- [ ] I would have to switch to another mode of travel or rely on a family member or friend
- [x] The changes may not impact me but will impact my community and/or loved ones
- [ ] None of these apply to me

State funding has failed to keep up with the costs of operating public transit, creating a funding crisis for Pittsburgh Regional Transit (PRT) and transit agencies across Pennsylvania.

PRT is currently projecting a $100 million shortfall for its next fiscal year. Absent new funding, PRT would be forced to narrow the funding gap by cutting service and increasing fares starting in 2026.

Visit us online (https://rideprt.org/funding-crisis) to learn more about the proposed service reductions and fare increases.

The public comment period for these changes began at 8 a.m. on March 31 and ends at 5 p.m. on June 18. To make sure your voice is heard, please complete this survey and either leave it with a PRT team member, return it to PRT's Downtown Customer Service Center, open weekdays 7:30 a.m. - 5 p.m. (located at 623 Smithfield Street, Pittsburgh, PA 15222) or return it by mail.

To return the survey by mail, please fold all the pages in half, secure with a staple or a piece of tape, add a stamp, and place it in the mail.

Thank you for your time and input!

Fare Changes

PRT will also have to raise the cost of transit fares. A base 3-hour fare would increase from $2.75 to $3.00, a day pass would increase from $7 to $7.50, a 7-day pass would increase from $25 to 27.00, a 31-day pass would increase from $97.50 to $106.50, and an annual pass would increase from $1,072.50 to $1,171.50. The questions that follow will allow you to share your feelings with PRT about these changes.

Please indicate if you oppose or support the proposed fare increases: Required

Choose one.

Fare Changes

PRT will also have to raise the cost of transit fares. A base 3-hour fare would increase from $2.75 to $3.00, a day pass would increase from $7 to $7.50, a 7-day pass would increase from $25 to 27.00, a 31-day pass would increase from $97.50 to $106.50, and an annual pass would increase from $1,072.50 to $1,171.50. The questions that follow will allow you to share your feelings with PRT about these changes.

Please indicate if you oppose or support the proposed fare increases: Required
Choose one.

- (●) OPPOSE the proposed fare increases
- ( ) SUPPORT the proposed fare increases
- ( ) No comment on proposed fare increases

Please select any of the statements below that are true for you or your family:

- [ ] I would not be able to afford the increased fares
- [ ] I would have to make decisions about whether to pay for transit or other essential expenses
- [x] I would take less public transit trips
- [ ] I would have to switch to another mode of travel
- [ ] The fare increases may not impact me but will impact my community and/or loved ones

Other

Provide any other comments you want to share about the proposed fare increases:

Provide any other comments you want to share about the proposed ACCESS service reductions:

Fare Increases

PRT will also have to raise the costs of taking ACCESS, often referred to as fares. For example, riders who currently pay $3.15, $3.90 or $5.25 will pay $3.90, $4.50 or $6.00.

Please indicate if you oppose or support the proposed ACCESS fare increases. Required

Bus and light rail service reductions and fare increases

Service Reductions

PRT will be forced to cut or make major reductions in service for at least 75 bus and light rail routes. The questions that follow will allow you to share your feelings about these changes with PRT.

Please indicate if you oppose or support the proposed reductions to bus and rail service. *Choose one.*

- ⊗ OPPOSE all proposed service reductions
- ○ SUPPORT all proposed service reductions
- ○ Oppose or support specific reductions (select routes in the next question)
- ○ No comment on proposed service reductions

Please indicate if you oppose or support the proposed reductions to specific bus routes and/or rail service lines. The routes listed below as eliminated would no longer exist. The routes listed with major service reductions would have 30% or more of weekly service hours cut. You do not need to respond for all routes.

- ☒ The fare increases may not impact me but will impact my community and/or loved ones

Other

Provide any other comments you want to share about the proposed fare increases:

Provide any other comments you want to share about the proposed ACCESS service reductions:

It is clear that Access is in need of drivers! Scheduling has become difficult and sometimes not even available. Wait times are growing longer and trips seem to be disjointed - taking 1 - 1½ hr. for 20 minute (normal) trip. Really need to hire drivers - regulars are overworked!

Fare Increases

PRT will also have to raise the costs of taking ACCESS, often referred to as fares. For example, riders who currently pay $3.15, $3.90 or $5.25 will pay $3.90, $4.50 or $6.00.

Please indicate if you oppose or support the proposed ACCESS fare increases. Required
Choose one.

Bus and light rail service reductions and fare increases

Service Reductions

PRT will be forced to cut or make major reductions in service for at least 75 bus and light rail routes. The questions that follow will allow you to share your feelings about these changes with PRT.

Please indicate if you oppose or support the proposed reductions to bus and rail service. *Choose one.*

- ◯ OPPOSE all proposed service reductions
- ◯ SUPPORT all proposed service reductions
- ◯ Oppose or support specific reductions (select routes in the next question)
- ◯ No comment on proposed service reductions

Please indicate if you oppose or support the proposed reductions to specific bus routes and/or rail service lines. The routes listed below as eliminated would no longer exist. The routes listed with major service reductions would have 30% or more of weekly service hours cut. You do not need to respond for all routes.

Fare Changes

PRT will also have to raise the cost of transit fares. A base 3-hour fare would increase from $2.75 to $3.00, a day pass would increase from $7 to $7.50, a 7-day pass would increase from $25 to 27.00, a 31-day pass would increase from $97.50 to $106.50, and an annual pass would increase from $1,072.50 to $1,171.50. The questions that follow will allow you to share your feelings with PRT about these changes.

Please indicate if you oppose or support the proposed fare increases: Required
Choose one.

- ◯ OPPOSE the proposed fare increases
- ◯ SUPPORT the proposed fare increases
- ⊘ No comment on proposed fare increases

Please select any of the statements below that are true for you or your family:

- ☐ I would not be able to afford the increased fares
- ☐ I would have to make decisions about whether to pay for transit or other essential expenses
- ☑ I would take less public transit trips
- ☐ I would have to switch to another mode of travel
- ☑ The fare increases may not impact me but will impact my community and/or loved ones

Other

Provide any other comments you want to share about the proposed fare increases:

Provide any other comments you want to share about the proposed ACCESS service reductions:

Access needs more drivers.
Oftentimes we cannot get rides in a timely manner.
ad they are unavailable.

Fare Increases

PRT will also have to raise the costs of taking ACCESS, often referred to as fares. For example, riders who currently pay $3.15, $3.90 or $5.25 will pay $3.90, $4.50 or $6.00.

Please indicate if you oppose or support the proposed ACCESS fare increases. Required

- ☐ I would take less ACCESS trips
- ☐ I would have to switch to another mode of travel or rely on a family member or friend
- ☑ The fare increases may not impact me but will impact my community and/or loved ones

Other

Provide any other comments you want to share about the proposed fare increases:

If we don't have bus service. I would need access much more often and it would be too expensive - not only for me but for 80+ other residents in our senior housing bldg. in Lawrenceville. There are no grocery stores here or well stocked pharmacies or convenience stores etc. We need the 91 93 + 88 buses

What is your age? *Choose one.*

Provide any other comments you want to share about the proposed fare increases:

I worked in ~~town~~ downtown Pgh. until many yrs ago & took the bus every day to work & home & am a senior citizen, but the fare increase will impact many riders & for those whom do not have any other means of transportation

Provide any other comments you want to share about the proposed ACCESS service reductions:

I cannot believe these changes will be approved, where does all this state funding go? Yes, I am very disturbed at the moment, as I heard about the HP Dolphin, but did not realize this would impact ACCESS also as I have spent an enormous amt. of money on ACCESS in the past 5 yrs., but without it I would be totally lost.

Fare Increases

PRT will also have to raise the costs of taking ACCESS, often referred to as fares. For example, riders who currently pay $3.15, $3.90 or $5.25 will pay $3.90, $4.50 or $6.00.

- [ ] The fare increases may not impact me but will impact my community and/or loved ones

Other: Below

Provide any other comments you want to share about the proposed fare increases:

I do not have any other means of transportation as my husband passed away in 2020. I do not drive. I do not have any family member that can transport me to the doctors, shopping, grocery store, entertainment, etc. I live in HP & the P/R is now on a limited schedule (Mon-Fri 9AM-2PM). I plan on taking the bus home today which is P/R (4/4) & took ACCESS in earlier for a dental appt. Cab fare from HP to town is around $30 which I have pd $50 to the Waterfront + tip. (Sat. service from HP is now not always available & there is no bus at all.

Provide any other comments you want to share about the proposed ACCESS service reductions:

Fare Increases

PRT will also have to raise the costs of taking ACCESS, often referred to as fares. For example, riders who currently pay $3.15, $3.90 or $5.25 will pay $3.90, $4.50 or $6.00.

Please indicate if you oppose or support the proposed ACCESS fare increases. Required
Choose one.

- (•) OPPOSE the proposed fare increases
- ( ) SUPPORT the proposed fare increases
- ( ) No comment on proposed fare increases

Please select any of the statements below that are true for you:

- [ ] I would not be able to afford the increased fares
- [ ] I would have to make decisions about whether to pay for ACCESS or other essential expenses
- [ ] I would take less ACCESS trips
- [ ] I would have to switch to another mode of travel or rely on a family member or friend
- [x] The fare increases may not impact me but will impact my community and/or loved ones

Other

Provide any other comments you want to share about the proposed fare increases:

What is your age? *Choose one.*

- ○ 17 or younger
- ○ 18-24
- ○ 25-34
- ○ 35-44
- ○ 45-54
- ○ 55-64
- ○ 65-74
- ◉ 75 or older
- ○ Prefer not to respond

How would you describe your gender identity? *Select all that apply.*

- ☐ Agender
- ☐ Genderfluid
- ☐ Genderqueer/Queer
- ☐ Man
- ☐ Non-binary
- ☐ Two-Spirit
- ☒ Woman
- ☐ Prefer not to respond

Other

Which of the following best describes your 2024 household income? *Choose one.*

- ○ Less than $10,000
- ◉ $10,000 to $14,999
- ◉ ~~$15,000 to $19,999~~
- ○ $20,000 to $24,999
- ○ $25,000 to $49,999
- ○ $50,000 to $74,999
- ○ $75,000 to $99,999
- ○ $100,000 to $124,999
- ○ $125,000 to $149,999
- ○ $150,000+
- ○ Prefer not to respond

Including yourself, how many people live in your household? *Choose one.*

- ◉ 1-2
- ○ 3-4
- ○ 5-6
- ○ More than 6

Service change impacts (bus and rail). Required

Please select any of the statements below that are true for you or your family:

- [x] My travel time would greatly increase
- [ ] I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
- [ ] I would no longer be able to get to my current job, training location, or will have to find a new job
- [ ] I would no longer be able to get to school, daycare, or childcare
- [x] I would no longer be able to access medical care locations
- [ ] I would have to move to another home/dwelling where transit is available
- [x] I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
- [ ] I would have to switch to another mode of travel
- [ ] I would have to take ACCESS instead of fixed route service
- [x] The changes may not impact me but will impact my community and/or loved ones
- [ ] None of these apply to me

Other With all the changes if done, there will be less people on buses so less money going to PRT.

Provide any other comments you wish to share about the proposed service changes:

I live on summer hill and do not drive so I rely on bus service. I use the #4 Troy Hill that they want to eliminate. I would have to walk down to McKnight Rd to get the #12 into town. I'm 84 so that would be possible in warm weather, not when cold + snowy. There are many, many people on Troy Hill that need bus service, I can't understand how they can even think about taking it away.

ACCESS service reductions and fare increases

Service Reductions

PRT will enforce the Americans with Disabilities Act (ADA) service area for eligible individuals. Proposed reductions in fixed route bus service takes some areas out of the ADA service area that is eligible for ACCESS and puts them into an area where service for people with disabilities could have trip denials and where reservations would not be guaranteed. This would result in a reduction in the ADA service area of 62%, 16% of which is due to the change in fixed route services. Service would not be available after 11 p.m. all days of the week.

Please indicate if you oppose or support the proposed changes to ACCESS service. Required

- (●) OPPOSE the proposed service changes
- ( ) SUPPORT the proposed service changes
- ( ) No comment on the proposed service changes

Please select any of the statements below that are true for you or your family. Required

Provide any other comments you wish to share about the proposed service changes:

I take the 41-Bower Hill bus to/from work downtown. During peak hours, it's always full or close to full. Even between 11am and 1pm, it still has a lot of passengers. I don't understand how it and practically all the other nearby South Hills routes would be cut. As an alternative, I'd have to drive out of the way to a T-stop with a large parking lot before 7am to secure a parking spot, and we only have one car in our household. The car/T combo would add time and be inconvenient especially with major reduction to the Red Line.

Service change impacts (bus and rail). Required

Please select any of the statements below that are true for you or your family:

- ☐ My travel time would greatly increase
- ☐ I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
- ☐ I would no longer be able to get to my current job, training location, or will have to find a new job
- ☐ I would no longer be able to get to school, daycare, or childcare
- ☐ I would no longer be able to access medical care locations
- ☐ I would have to move to another home/dwelling where transit is available
- ☐ I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
- ☐ I would have to switch to another mode of travel
- ☐ I would have to take ACCESS instead of fixed route service
- ☑ The changes may not impact me but will impact my community and/or loved ones
- ☐ None of these apply to me

Other

Provide any other comments you wish to share about the proposed service changes:

I currently have a car, but I didn't used to, and may not in the future. With these cuts, I wouldn't be able to get to work, the grocery store, the doctor's, or activities. I am a caseworker and so I see firsthand how PRT cuts will thrust struggling families into or further into poverty. Affordable housing and jobs are not in the same location, and so many of my clients would not be able to maintain their jobs without transit and would become unemployed and unable to pay bills. Additionally, jobs would disappear as tourism and events dried up, and our downtown will be a ghost town again.

KJRH 0004

ACCESS service reductions and fare increases

Service Reductions

PRT will enforce the Americans with Disabilities Act (ADA) service area for eligible individuals. Proposed reductions in fixed route bus service takes some areas out of the ADA service area that is eligible for ACCESS and puts them into an area where service for people with disabilities could have trip denials and where reservations would not be guaranteed. This would result in a reduction in the ADA service area of 62%, 16% of which is due to the change in fixed route services. Service would not be available after 11 p.m. all days of the week.

Please indicate if you oppose or support the proposed changes to ACCESS service. Required

- (●) OPPOSE the proposed service changes
- ( ) SUPPORT the proposed service changes
- ( ) No comment on the proposed service changes

Please select any of the statements below that are true for you or your family. Required

- [ ] My travel time would greatly increase
- [ ] I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
- [ ] I won't be able to depend on a guaranteed ride
- [ ] I would no longer be able to get to my current job, training location, or will have to find a new job
- [ ] I would no longer be able to get to school, daycare, or childcare
- [ ] I would no longer be able to access medical care locations
- [ ] I would have to move to another home/dwelling where transit is available
- [ ] I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
- [ ] I would have to switch to another mode of travel or rely on a family member or friend
- [x] The changes may not impact me but will impact my community and/or loved ones
- [ ] None of these apply to me

Service change impacts (bus and rail). Required

Please select any of the statements below that are true for you or your family:

- [x] My travel time would greatly increase
- [x] I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
- [x] I would no longer be able to get to my current job, training location, or will have to find a new job
- [ ] I would no longer be able to get to school, daycare, or childcare
- [x] I would no longer be able to access medical care locations
- [ ] I would have to move to another home/dwelling where transit is available
- [x] I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
- [x] I would have to switch to another mode of travel or Drive partway into town
- [ ] I would have to take ACCESS instead of fixed route service
- [x] The changes may not impact me but will impact my community and/or loved ones
- [ ] None of these apply to me

Other You should extend your response period for this survey. These cuts will not comply with Disability Laws – PRT could be sued.

Provide any other comments you wish to share about the proposed service changes:

PRT spent upwards of $720,000 of wasted money to change the name from Port Authority to PRT to "better describe your service". NOBODY CARES ABOUT THE NAME. PEOPLE ONLY CARE ABOUT SERVICE. If you REALLY want to describe your service, you should call yourselves PITTSBURGH REGIONAL PARALYSIS, as it would be paralyzing most of Pittsburgh to cut ANY of these routes completely. PRT should not have made a "University Line", unless you had extra money to do this. Did you know that you are losing money on the T lines because there are often no attendants to check that people pay their fares? Also, you should have more routes running cross-community to anywhere where there are major medical services. Example - Penn Hills to Monroeville. PRT should be researching bus routes that at least ENTER into all surrounding counties. More importantly, you should look into manufacturing or using smaller busses for routes not filled to capacity, as they had been before the pandemic. The only way to affect the least amount of riders is to use smaller buses - Do NOT eliminate ENTIRE ROUTES to ANY AREA !!! Can busses smaller than 35 feet ever be made? Can any of the vehicles currently used for ACCESS be used for routes that get less riders? Do not use the accordion busses on weekends. The entire issue of these cuts should have been foreseen and worked on by PRT long ago. This should not have been thrown at the public so suddenly. And up to JUNE 18, 2025 is NOT ENOUGH time for public response to these proposals. This situation shows that those who manage PRT may not have the proper background in transportation management. There are many other things about PRT that should be investigated beside service cuts and fair increases.

Although the 77 Penn Hills and the P16 are my regular routes, I occasionally use many of the others.
ALL OF THE ROUTES ARE NECESSARY SERVICES, AND MORE ROUTES ARE NEEDED.

ACCESS service reductions and fare increases

Service Reductions

PRT will enforce the Americans with Disabilities Act (ADA) service area for eligible individuals. Proposed reductions in fixed route bus service takes some areas out of the ADA service area that is eligible for ACCESS and puts them into an area where service for people with disabilities could have trip denials and where reservations would not be guaranteed. This would result in a reduction in the ADA service area of 62%, 16% of which is due to the change in fixed route services. Service would not be available after 11 p.m. all days of the week.

Please indicate if you oppose or support the proposed changes to ACCESS service. Required

- (✓) OPPOSE the proposed service changes
- ( ) SUPPORT the proposed service changes
- ( ) No comment on the proposed service changes

Please select any of the statements below that are true for you or your family. Required

- [ ] My travel time would greatly increase
- [ ] I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
- [ ] I won't be able to depend on a guaranteed ride
- [ ] I would no longer be able to get to my current job, training location, or will have to find a new job
- [ ] I would no longer be able to get to school, daycare, or childcare
- [ ] I would no longer be able to access medical care locations
- [ ] I would have to move to another home/dwelling where transit is available
- [ ] I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
- [ ] I would have to switch to another mode of travel or rely on a family member or friend
- [ ] The changes may not impact me but will impact my community and/or loved ones
- [✓] None of these apply to me

Other: I Do Not Use Access, But have heard from many people who do that the service is already very BAD, and there is too much preparation to prepare to get Rides. They also go the Long way around Routes without picking up others along the way. Many times they Do not come when they say they will Be At a Destination.

KJRH 0004

ACCESS service reductions and fare increases

Service Reductions

PRT will enforce the Americans with Disabilities Act (ADA) service area for eligible individuals. Proposed reductions in fixed route bus service takes some areas out of the ADA service area that is eligible for ACCESS and puts them into an area where service for people with disabilities could have trip denials and where reservations would not be guaranteed. This would result in a reduction in the ADA service area of 62%, 16% of which is due to the change in fixed route services. Service would not be available after 11 p.m. all days of the week.

Please indicate if you oppose or support the proposed changes to ACCESS service. Required

- ◉ OPPOSE the proposed service changes
- ○ SUPPORT the proposed service changes
- ○ No comment on the proposed service changes

Please select any of the statements below that are true for you or your family. Required

- ☒ My travel time would greatly increase
- ☒ I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
- ☒ I won't be able to depend on a guaranteed ride
- ☒ I would no longer be able to get to my current job, training location, or will have to find a new job
- ☐ I would no longer be able to get to school, daycare, or childcare
- ☒ I would no longer be able to access medical care locations
- ☒ I would have to move to another home/dwelling where transit is available
- ☒ I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
- ☒ I would have to switch to another mode of travel or rely on a family member or friend
- ☐ The changes may not impact me but will impact my community and/or loved ones
- ☐ None of these apply to me

Pittsburgh Regional Transit

For more information, visit us online at:

https://rideprt.org/funding-crisis

State funding has failed to keep up with the costs of operating public transit, creating a funding crisis for Pittsburgh Regional Transit (PRT) and transit agencies across Pennsylvania.

PRT is currently projecting a $100 million shortfall for its next fiscal year. Absent new funding, PRT would be forced to narrow the funding gap by cutting service and increasing fares starting in 2026.

Visit us online (https://rideprt.org/funding-crisis) to learn more about the proposed service reductions and fare increases.

The public comment period for these changes began at 8 a.m. on March 31 and ends at 5 p.m. on June 18. To make sure your voice is heard, please complete this survey and either leave it with a PRT team member, return it to PRT's Downtown Customer Service Center, open weekdays 7:30 a.m. - 5 p.m. (located at 623 Smithfield Street, Pittsburgh, PA 15222) or return it by mail.

To return the survey by mail, please fold all the pages in half, secure with a staple or a piece of tape, add a stamp, and place it in the mail.

Thank you for your time and input!

Service change impacts (bus and rail). Required

Please select any of the statements below that are true for you or your family:

- [x] My travel time would greatly increase
- [x] I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
- [ ] I would no longer be able to get to my current job, training location, or will have to find a new job
- [x] I would no longer be able to get to school, daycare, or childcare
- [x] I would no longer be able to access medical care locations
- [ ] I would have to move to another home/dwelling where transit is available
- [ ] I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
- [x] I would have to switch to another mode of travel
- [ ] I would have to take ACCESS instead of fixed route service
- [x] The changes may not impact me but will impact my community and/or loved ones
- [ ] None of these apply to me

Other

Provide any other comments you wish to share about the proposed service changes:

ACCESS service reductions and fare increases

Service Reductions

PRT will enforce the Americans with Disabilities Act (ADA) service area for eligible individuals. Proposed reductions in fixed route bus service takes some areas out of the ADA service area that is eligible for ACCESS and puts them into an area where service for people with disabilities could have trip denials and where reservations would not be guaranteed. This would result in a reduction in the ADA service area of 62%, 16% of which is due to the change in fixed route services. Service would not be available after 11 p.m. all days of the week.

Please indicate if you oppose or support the proposed changes to ACCESS service. Required

- (●) OPPOSE the proposed service changes
- ( ) SUPPORT the proposed service changes
- ( ) No comment on the proposed service changes

Please select any of the statements below that are true for you or your family. Required

Fare Changes

PRT will also have to raise the cost of transit fares. A base 3-hour fare would increase from $2.75 to $3.00, a day pass would increase from $7 to $7.50, a 7-day pass would increase from $25 to 27.00, a 31-day pass would increase from $97.50 to $106.50, and an annual pass would increase from $1,072.50 to $1,171.50. The questions that follow will allow you to share your feelings with PRT about these changes.

Please indicate if you oppose or support the proposed fare increases: Required

Choose one.

- (●) OPPOSE the proposed fare increases
- ( ) SUPPORT the proposed fare increases
- ( ) No comment on proposed fare increases

Please select any of the statements below that are true for you or your family:

- [ ] I would not be able to afford the increased fares
- [ ] I would have to make decisions about whether to pay for transit or other essential expenses
- [ ] I would take less public transit trips
- [ ] I would have to switch to another mode of travel
- [X] The fare increases may not impact me but will impact my community and/or loved ones

Other

Provide any other comments you want to share about the proposed fare increases:

KJRH 0005

Provide any other comments you want to share about the proposed ACCESS service reductions:

Fare Increases

PRT will also have to raise the costs of taking ACCESS, often referred to as fares. For example, riders who currently pay $3.15, $3.90 or $5.25 will pay $3.90, $4.50 or $6.00.

Please indicate if you oppose or support the proposed ACCESS fare increases. Required

Choose one.

- (●) OPPOSE the proposed fare increases
- ( ) SUPPORT the proposed fare increases
- ( ) No comment on proposed fare increases

Please select any of the statements below that are true for you:

- [ ] I would not be able to afford the increased fares
- [ ] I would have to make decisions about whether to pay for ACCESS or other essential expenses
- [ ] I would take less ACCESS trips
- [ ] I would have to switch to another mode of travel or rely on a family member or friend
- [x] The fare increases may not impact me but will impact my community and/or loved ones

Other

Provide any other comments you want to share about the proposed fare increases:

Pittsburgh Regional Transit

For more information, visit us online at:

https://rideprt.org/funding-crisis

State funding has failed to keep up with the costs of operating public transit, creating a funding crisis for Pittsburgh Regional Transit (PRT) and transit agencies across Pennsylvania.

PRT is currently projecting a $100 million shortfall for its next fiscal year. Absent new funding, PRT would be forced to narrow the funding gap by cutting service and increasing fares starting in 2026.

Visit us online (https://rideprt.org/funding-crisis) to learn more about the proposed service reductions and fare increases.

The public comment period for these changes began at 8 a.m. on March 31 and ends at 5 p.m. on June 18. To make sure your voice is heard, please complete this survey and either leave it with a PRT team member, return it to PRT's Downtown Customer Service Center, open weekdays 7:30 a.m. - 5 p.m. (located at 623 Smithfield Street, Pittsburgh, PA 15222) or return it by mail.

To return the survey by mail, please fold all the pages in half, secure with a staple or a piece of tape, add a stamp, and place it in the mail.

Thank you for your time and input!

KJRH 0004

ACCESS service reductions and fare increases

Service Reductions

PRT will enforce the Americans with Disabilities Act (ADA) service area for eligible individuals. Proposed reductions in fixed route bus service takes some areas out of the ADA service area that is eligible for ACCESS and puts them into an area where service for people with disabilities could have trip denials and where reservations would not be guaranteed. This would result in a reduction in the ADA service area of 62%, 16% of which is due to the change in fixed route services. Service would not be available after 11 p.m. all days of the week.

Please indicate if you oppose or support the proposed changes to ACCESS service. Required

- (●) OPPOSE the proposed service changes

Service change impacts (bus and rail). Required

Please select any of the statements below that are true for you or your family:

- [x] My travel time would greatly increase
- [x] I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
- [x] I would no longer be able to get to my current job, training location, or will have to find a new job
- [ ] I would no longer be able to get to school, daycare, or childcare
- [x] I would no longer be able to access medical care locations
- [x] I would have to move to another home/dwelling where transit is available
- [x] I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
- [x] I would have to switch to another mode of travel
- [x] I would have to take ACCESS instead of fixed route service
- [ ] The changes may not impact me but will impact my community and/or loved ones
- [ ] None of these apply to me

Other ~~CUSTO~~

Provide any other comments you wish to share about the proposed service changes:

customers getting to my business would be greatly impacted. ~~My~~ I'm Self-Employed. I have so many who use PRT to get to my business that ~~the~~ the reductions in service will significantly ~~affecting~~ affect them getting there. I may lose my business.

ACCESS service reductions and fare increases

Service Reductions

PRT will enforce the Americans with Disabilities Act (ADA) service area for eligible individuals. Proposed reductions in fixed route bus service takes some areas out of the ADA service area that is eligible for ACCESS and puts them into an area where service for people with disabilities could have trip denials and where reservations would not be guaranteed. This would result in a reduction in the ADA service area of 62%, 16% of which is due to the change in fixed route services. Service would not be available after 11 p.m. all days of the week.

Please indicate if you oppose or support the proposed changes to ACCESS service. Required

- (●) OPPOSE the proposed service changes
- ( ) SUPPORT the proposed service changes
- ( ) No comment on the proposed service changes

Please select any of the statements below that are true for you or your family. Required

- [x] My travel time would greatly increase
- [x] I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes

For more information, visit us online at:

https://rideprt.org/funding-crisis

State funding has failed to keep up with the costs of operating public transit, creating a funding crisis for Pittsburgh Regional Transit (PRT) and transit agencies across Pennsylvania.

PRT is currently projecting a $100 million shortfall for its next fiscal year. Absent new funding, PRT would be forced to narrow the funding gap by cutting service and increasing fares starting in 2026.

Visit us online (https://rideprt.org/funding-crisis) to learn more about the proposed service reductions and fare increases.

The public comment period for these changes began at 8 a.m. on March 31 and ends at 5 p.m. on June 18. To make sure your voice is heard, please complete this survey and either leave it with a PRT team member, return it to PRT's Downtown Customer Service Center, open weekdays 7:30 a.m. - 5 p.m. (located at 623 Smithfield Street, Pittsburgh, PA 15222) or return it by mail.

To return the survey by mail, please fold all the pages in half, secure with a staple or a piece of tape, add a stamp, and place it in the mail.

Thank you for your time and input!

Provide any other comments you wish to share about the proposed service changes:

We need our buses to help get us to groceries, dr appointments, and to downtown targets and east liberty.

Don't raise prices or give up our seniors.

KJRH 0004

ACCESS service reductions and fare increases

Service Reductions

PRT will enforce the Americans with Disabilities Act (ADA) service area for eligible individuals. Proposed reductions in fixed route bus service takes some areas out of the ADA service area that is eligible for ACCESS and puts them into an area where service for people with disabilities could have trip denials and where reservations would not be guaranteed. This would result in a reduction in the ADA service area of 62%, 16% of which is due to the change in fixed route services. Service would not be available after 11 p.m. all days of the week.

Please indicate if you oppose or support the proposed changes to ACCESS service. Required

- (X) OPPOSE the proposed service changes
- ( ) SUPPORT the proposed service changes
- ( ) No comment on the proposed service changes

Provide any other comments you wish to share about the proposed service changes:

KJRH 0004

ACCESS service reductions and fare increases

Service Reductions

PRT will enforce the Americans with Disabilities Act (ADA) service area for eligible individuals. Proposed reductions in fixed route bus service takes some areas out of the ADA service area that is eligible for ACCESS and puts them into an area where service for people with disabilities could have trip denials and where reservations would not be guaranteed. This would result in a reduction in the ADA service area of 62%, 16% of which is due to the change in fixed route services. Service would not be available after 11 p.m. all days of the week.

Please indicate if you oppose or support the proposed changes to ACCESS service. Required

- (●) OPPOSE the proposed service changes
- ( ) SUPPORT the proposed service changes
- ( ) No comment on the proposed service changes

Please select any of the statements below that are true for you or your family. Required

- [ ] My travel time would greatly increase
- [ ] I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
- [x] I won't be able to depend on a guaranteed ride
- [x] I would no longer be able to get to my current job, training location, or will have to find a new job
- [ ] I would no longer be able to get to school, daycare, or childcare
- [x] I would no longer be able to access medical care locations
- [ ] I would have to move to another home/dwelling where transit is available
- [x] I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
- [x] I would have to switch to another mode of travel or rely on a family member or friend
- [ ] The changes may not impact me but will impact my community and/or loved ones
- [ ] None of these apply to me

Service change impacts (bus and rail). Required

Please select any of the statements below that are true for you or your family:

- [x] My travel time would greatly increase
- [x] I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
- [x] I would no longer be able to get to my current job, training location, or will have to find a new job
- [x] I would no longer be able to get to school, daycare, or childcare
- [x] I would no longer be able to access medical care locations
- [x] I would have to move to another home/dwelling where transit is available
- [x] I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
- [x] I would have to switch to another mode of travel
- [x] I would have to take ACCESS instead of fixed route service
- [x] The changes may not impact me but will impact my community and/or loved ones
- [ ] None of these apply to me

Other

Provide any other comments you wish to share about the proposed service changes:

It would devastate, especially the elderly & me too. This is our elderly community. Cut the sports and use the money for us who depend on Transportation for every day living. Thank you.

KJRH 0004

ACCESS service reductions and fare increases

Service Reductions

PRT will enforce the Americans with Disabilities Act (ADA) service area for eligible individuals. Proposed reductions in fixed route bus service takes some areas out of the ADA service area that is eligible for ACCESS and puts them into an area where service for people with disabilities could have trip denials and where reservations would not be guaranteed. This would result in a reduction in the ADA service area of 62%, 16% of which is due to the change in fixed route services. Service would not be available after 11 p.m. all days of the week.

Please indicate if you oppose or support the proposed changes to ACCESS service. Required

- (●) OPPOSE the proposed service changes
- ( ) SUPPORT the proposed service changes
- ( ) No comment on the proposed service changes

Please select any of the statements below that are true for you or your family. Required

- [X] My travel time would greatly increase
- [X] I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
- [X] I won't be able to depend on a guaranteed ride
- [X] I would no longer be able to get to my current job, training location, or will have to find a new job
- [ ] I would no longer be able to get to school, daycare, or childcare
- [X] I would no longer be able to access medical care locations
- [X] I would have to move to another home/dwelling where transit is available
- [X] I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
- [X] I would have to switch to another mode of travel or rely on a family member or friend
- [X] The changes may not impact me but will impact my community and/or loved ones
- [ ] None of these apply to me

Other

This would kill the Community. We would be prisoners in our own homes.

Fare Changes

PRT will also have to raise the cost of transit fares. A base 3-hour fare would increase from $2.75 to $3.00, a day pass would increase from $7 to $7.50, a 7-day pass would increase from $25 to 27.00, a 31-day pass would increase from $97.50 to $106.50, and an annual pass would increase from $1,072.50 to $1,171.50. The questions that follow will allow you to share your feelings with PRT about these changes.

Please indicate if you oppose or support the proposed fare increases: Required

Choose one.

- ○ OPPOSE the proposed fare increases
- ○ SUPPORT the proposed fare increases
- ◉ No comment on proposed fare increases

Please select any of the statements below that are true for you or your family:

- ☐ I would not be able to afford the increased fares
- ☐ I would have to make decisions about whether to pay for transit or other essential expenses
- ☑ I would take less public transit trips
- ☐ I would have to switch to another mode of travel
- ☐ The fare increases may not impact me but will impact my community and/or loved ones

Other

Provide any other comments you want to share about the proposed fare increases:

KJRH 0005

What is your age? *Choose one.*

- ○ 17 or younger
- ○ 18-24
- ○ 25-34
- ○ 35-44
- ○ 45-54
- ◉ 55-64
- ○ 65-74
- ○ 75 or older
- ○ Prefer not to respond

How would you describe your gender identity? *Select all that apply.*

- ☐ Agender
- ☐ Genderfluid
- ☐ Genderqueer/Queer
- ☐ Man
- ☐ Non-binary
- ☐ Two-Spirit
- ☑ Woman

- [ ] The changes may not impact me but will impact my community and/or loved ones
- [ ] None of these apply to me

Other

Provide any other comments you wish to share about the proposed service changes:

Not only would these cuts affect my own transportation and those close to me, they would also affect the countless drivers who spend their own time helping others get to where they need to go. These cuts would take away jobs that some of the most selfless and patient people in the area depend on daily. We as a whole need these drivers and these routes. Please make our needs known to those who can provide funding, because we cannot lose all these good people.

Provide any other comments you wish to share about the proposed service changes:

KJRH 0004

ACCESS service reductions and fare increases

Service Reductions

PRT will enforce the Americans with Disabilities Act (ADA) service area for eligible individuals. Proposed reductions in fixed route bus service takes some areas out of the ADA service area that is eligible for ACCESS and puts them into an area where service for people with disabilities could have trip denials and where reservations would not be guaranteed. This would result in a reduction in the ADA service area of 62%, 16% of which is due to the change in fixed route services. Service would not be available after 11 p.m. all days of the week.

Please indicate if you oppose or support the proposed changes to ACCESS service. Required

- (●) OPPOSE the proposed service changes
- ( ) SUPPORT the proposed service changes
- ( ) No comment on the proposed service changes

Please select any of the statements below that are true for you or your family. Required

- [ ] My travel time would greatly increase
- [ ] I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
- [ ] I won't be able to depend on a guaranteed ride
- [ ] I would no longer be able to get to my current job, training location, or will have to find a new job
- [ ] I would no longer be able to get to school, daycare, or childcare
- [x] I would no longer be able to access medical care locations
- [ ] I would have to move to another home/dwelling where transit is available
- [x] I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities

Pittsburgh Regional Transit

For more information, visit us online at:

https://rideprt.org/funding-crisis

State funding has failed to keep up with the costs of operating public transit, creating a funding crisis for Pittsburgh Regional Transit (PRT) and transit agencies across Pennsylvania.

PRT is currently projecting a $100 million shortfall for its next fiscal year. Absent new funding, PRT would be forced to narrow the funding gap by cutting service and increasing fares starting in 2026.

Visit us online (https://rideprt.org/funding-crisis) to learn more about the proposed service reductions and fare increases.

The public comment period for these changes began at 8 a.m. on March 31 and ends at 5 p.m. on June 18. To make sure your voice is heard, please complete this survey and either leave it with a PRT team member, return it to PRT's Downtown Customer Service Center, open weekdays 7:30 a.m. - 5 p.m. (located at 623 Smithfield Street, Pittsburgh, PA 15222) or return it by mail.

To return the survey by mail, please fold all the pages in half, secure with a staple or a piece of tape, add a stamp, and place it in the mail.

Thank you for your time and input!

Provide any other comments you wish to share about the proposed service changes:

REGARDING THE ELIMINATED SERVICES, I WOULD RATHER SEE THEM REDUCED THAN COMPLETELY ELIMATED. THE SURVEY DIDN'T ALLOW FOR THAT OPTION.

MY TRAVEL TIME TO GET TO MY DRS APPOINTMENTS IS USUALL 2+HRS ON THE T + BUS. WITH ACCESS IT CAN EVEN BE LONGER. THE CHANGES WILL MAKE IT LONGER.

THERE HAVE BEEN MANY TIMES ACCESS COULD NOT ACCOMODATE A RIDE FOR ME. I WAS STRANDED DOWNTOWN (ACCESS) IN 30° WEATHER BECAUSE DRIVER WENT TO WRONG ADDRESS + RIDE WAS CANCELLED. I WAITED FOR 1 HR OUTSIDE — I'M OVER 70 YEARS YOUNG!

Service change impacts (bus and rail). Required

Please select any of the statements below that are true for you or your family:

- [x] My travel time would greatly increase
- [x] I would lose flexibility with my travel times and/or would need to change my schedule to accommodate these changes
- [ ] I would no longer be able to get to my current job, training location, or will have to find a new job
- [ ] I would no longer be able to get to school, daycare, or childcare
- [x] I would no longer be able to access medical care locations
- [ ] I would have to move to another home/dwelling where transit is available
- [ ] I would no longer be able to get to key destinations such as shopping, entertainment, social activities, and religious activities
- [ ] I would have to switch to another mode of travel
- [ ] I would have to take ACCESS instead of fixed route service
- [ ] The changes may not impact me but will impact my community and/or loved ones
- [ ] None of these apply to me

Other: As a senior, I am transit-dependent. This would greatly curtail my ability to attend to my business, as in shopping, banking + medical appts

Provide any other comments you wish to share about the proposed service changes:

While the economy has changed, and many people can work from home now; there is still a need for 'in-person' duties that can't be done remotely (sales clerks, maintenance people, hospital personnel, etc) If their only way to get to work is taken away, what will happen to the rest of the economy that depends on them? People HAVE TO be able to get to and from work. This includes night shifts too. Cutting service ~~after~~ at 11PM will impact many who work a 3-11 shift.

KJRH 0004

ACCESS service reductions and fare increases

Service Reductions

PRT will enforce the Americans with Disabilities Act (ADA) service area for eligible individuals. Proposed reductions in fixed route bus service takes some areas out of the ADA service area that is eligible for ACCESS and puts them into an area where service for people with disabilities could have trip denials and where reservations would not be guaranteed. This would result in a reduction in the ADA service area of 62%, 16% of which is due to the change in fixed route services. Service would not be available after 11 p.m. all days of the week.

Please indicate if you oppose or support the proposed changes to ACCESS service. Required

- (●) OPPOSE the proposed service changes

Pittsburgh Regional Transit

For more information, visit us online at:

https://rideprt.org/funding-crisis

State funding has failed to keep up with the costs of operating public transit, creating a funding crisis for Pittsburgh Regional Transit (PRT) and transit agencies across Pennsylvania.

PRT is currently projecting a $100 million shortfall for its next fiscal year. Absent new funding, PRT would be forced to narrow the funding gap by cutting service and increasing fares starting in 2026.

Visit us online (https://rideprt.org/funding-crisis) to learn more about the proposed service reductions and fare increases.

The public comment period for these changes began at 8 a.m. on March 31 and ends at 5 p.m. on June 18. To make sure your voice is heard, please complete this survey and either leave it with a PRT team member, return it to PRT's Downtown Customer Service Center, open weekdays 7:30 a.m. - 5 p.m. (located at 623 Smithfield Street, Pittsburgh, PA 15222) or return it by mail.

To return the survey by mail, please fold all the pages in half, secure with a staple or a piece of tape, add a stamp, and place it in the mail.

Thank you for your time and input!

QUAKER VALLEY COUNCIL OF GOVERNMENTS

343 Eicher Road, Pittsburgh, PA 15237
412-766-7458 | www.qvcog.org

April 28, 2025

Pittsburgh Regional Transit
ATTN: Ms. Katherine Kelleman, CEO
345 Sixth Avenue, Third Floor
Pittsburgh, PA 15222

Dear Ms. Kelleman,

The Quaker Valley Council of Governments (QVCOG) is writing to express its deep concern regarding the proposed route and service reductions currently under consideration by Pittsburgh Regional Transit (PRT). Our organization seeks to facilitate multi-municipal efforts and implements efficient, cost-effective programming and services on behalf of our sixteen member communities.

Public transit plays a vital role in connecting our communities to employment centers, medical services, educational opportunities, and essential daily needs. In particular, the residents within our member communities many of whom are seniors, individuals with disabilities, and families with limited transportation options, rely heavily on the services provided by Pittsburgh Regional Transit to maintain their quality of life and participate fully in our regional economy. Under the current proposal, which was announced on March 20, 2025, the Route 13, Route 14, Route 16, and Route 19L bus routes will be either eliminated or severely cut. Additionally, PRT is also proposing the closure of three of their seventy-nine bridges. All three of the proposed bridge closures are within our footprint. The identified bridges are the Avalon/California Avenue Bridge located in Avalon Borough, the Ben Avon/Church Avenue Bridge located in Ben Avon Borough, and the Emsworth/Camp Horne Bridge located in Emsworth Borough. Lastly, the plan also calls for a reduction of the footprint of paratransit ACCESS service by 62%. If all these proposed cuts would take effect, nearly every resident within our communities will be negatively impacted in some form or fashion.

The current PRT proposal, particularly the closure of three neighborhood bridges, would have a disproportionately negative impact on our communities, limiting access and mobility for vulnerable populations and risking greater isolation and hardship. Moreover, cutting service now would undermine years of regional planning efforts that aim to promote sustainable growth, economic development, and equitable access across Allegheny County.

We respectfully urge PRT to reconsider the proposed service cuts and to engage directly with municipal leaders and residents within the Quaker Valley COG region to collaboratively explore alternative solutions. Whether through targeted adjustments, new funding partnerships, or efficiency improvements, we believe there are viable strategies to maintain essential service levels while addressing the agency's operational challenges. We stand ready to work in partnership with PRT to advocate for stronger public transit options for all our residents. Thank you for your consideration and for your continued commitment to providing critical transportation services to our region.

Yours Truly,

Re: Elimination of the PRT Silver Line

The members of the South Park Township Board of Supervisors have significant concerns about Pittsburgh Regional Transit's (PRT) plans to eliminate the Silver Line from the PRT transportation system. In 2000, PRT (at that time the Port Authority) purchased a parcel of property from Consolidated Coal since the company was reducing operations in the Township. PAT subsequently converted the parcel into a parking lot with 429 spaces to accommodate users of the trolley system. The parking lot was well-received and the lot was typically filled to capacity on a daily basis. The availability of parking and the rail system made the area extremely attractive to developers.

Construction began on the Summit Station plan, identified as a Transit Oriented Overlay Development (TOOD), in 2016 which was adjacent to the trolley line. Approximately 250 homes, townhouses and apartments were built over a period of three (3) years. The plan sold out and the apartments were rented in record time. A former elementary school located directly across the street from the parking lot was converted into 26 apartments and was filled to capacity immediately after the project was completed, in large part because of the location next to the T.

Many residents and others from adjacent communities utilize the rail service on a daily basis, not only for work-related activities, but to attend college and other educational institutions since students are often without the financial resources needed to live on campus or purchase a car. The trolley is also used by individuals to participate in recreational activities such as the theater, athletic events, and other pursuits because parking in the city is not only onerous but quite expensive for the average person.

South Park Township is located at the end of the trolley line. Township residents have limited or no access to other forms of public transportation such as an extensive bus system. How are these people to get to work? How are elderly residents utilizing the trolley to access doctors' appointments and other critical services? How are handicapped individuals to live as normal a life as possible without public transportation? Abandoning the Silver Line would eliminate public transportation for a significant number of residents who have no other option.

Unfortunately, the problems with funding were created in large part by the parties responsible for negotiating employee contracts who agreed to ridiculous legacy costs such as health care and pension obligations at unsustainable levels. Tax dollars have been continually siphoned to Philadelphia, while Pittsburgh and surrounding suburbs have been "withering on the vine." These decisions made over the years have had a negative impact on Pittsburgh's public transportation system. The solution that is being proposed is unconscionable to hard working people who are not receiving a benefit from the tax dollars they pay to fund public transportation.

We respectfully seek your strong support in maintaining the Silver Line, not only for Township residents, but for the many people who utilize the line in other communities such as Bethel Park and Castle Shannon. The negative impact upon South Park Township and our South Hills neighbors would be catastrophic. It would be most appreciated if this matter is given the highest level of your attention. Do not hesitate to contact us should additional information or clarification be required. Thank you.

Sincerely,

Edward Snee,	Brian Lucot,	Lawrence Vogel,	Karen Fosbaugh,
Chairman,	Vice Chairman,	Member,	Township Manager
Board of Supervisors	Board of Supervisors	Board of Supervisors

Dear PRT,

My name is Judi O'Connor. I sometimes ride PRT busses.

Many neighborhoods are expected to lose public transportation should PRT's plan to eliminate 4 routes and severely reduce running times for the other routes. This will impact people like me and many others who depend on public transportation.

Many people will have to walk 45 minutes through heavy traffic to the nearest neighborhood to reach the nearest PRT bus on the day. They may have to wait just as long for one to arrive.

Sincerely,
Judi O'Connor

Dear Ms. Kellerman.

I have taken the silverline trolley out to the Library stop for 10 years. Now D trans fer at Washington Station. It works well. Thank God. There used to be many more of us on that line. Covid did some damage. Lets try to repair all this damage. Shutting down Trolley and bus lines will not re-build, the city, the suburbs or the

region. Put this out there. You and all the city & county people need to be more vocal. Shutting down does not build up. Thank you, your workers all of them.

Sincerely,
Rosemary Degen

RECEIVED JUN 23 2025

Katherine Kelleman, CEO
Pittsburgh Regional Transit
345 Sixth Avenue, Third Floor
Pittsburgh, PA 15222

Dear Ms. Kelleman,

We are writing to express our concern regarding the proposed route and service reductions currently under consideration by Pittsburgh Regional Transit (PRT).

Public transit plays a vital role in connecting our community to employment centers, medical services, educational opportunities, and essential daily needs. In particular, the residents within our community, many of whom are seniors, rely on the services provided by Pittsburgh Regional Transit to maintain their quality of life and participate fully in our economy. Under the proposal that was announced on March 20, 2025, Route 13, Route 14, Route 16, and Route 19L bus routes will be either eliminated or severely cut. Additionally, PRT is also proposing the closure of three bridges: the Avalon/California Avenue Bridge in Avalon Borough, the Ben Avon/Church Avenue Bridge in Ben Avon Borough, and the Emsworth/Camp Horne Bridge in Emsworth Borough. All three bridges are in our surrounding communities and are used by Aleppo residents.

The plan also calls for a reduction of the footprint of paratransit ACCESS service by 62%. Aleppo is home to Masonic Village at Sewickley, a continuing care retirement community. Many residents there rely on ACCESS services.

If all these proposed cuts take effect, many residents within our community will be negatively impacted. Cutting service now would undermine years of regional planning efforts that aim to promote sustainable growth, economic development, and equitable access across Allegheny County.

We respectfully urge PRT to reconsider the proposed service cuts and to engage directly with municipal leaders and residents within the QVCOG region to collaboratively explore alternative solutions. Thank you for your consideration and for your continued commitment to providing critical transportation services to our region.

Sincerely,

George Jones

June 17, 2025

Pittsburgh Regional Transit
Re: funding crisis

We represent the 1,800 souls of Ben Avon PA as Borough Council and Mayor. We wanted to share the stories of some Ben Avon residents that have reached out with their concerns about the proposed cuts to PRT service to Ben Avon.

Sophie is a young professional who has lived in Ben Avon her whole life. She also has a life-long vision impairment which means she will never drive. She graduated college and is employed in her chosen profession, but it's the PRT bus system that gets her to work. Cutting service to Ben Avon would impede her ability to support herself as a young adult.

Carol is a senior citizen who lives in the house she was born in. She has no car and regularly takes the bus to Drs appointments and grocery shopping. She has no other means of transportation and relies on the PRT for everything. There are many more like her and that number is growing as folks retire and age in place.

There are a surprising number of young adults who were raised in Ben Avon and are now starting their own families or returning to the community as young adults. They are using the PRT bus to commute to work. It is a part of who they are and how they grew up here and they planned their lives in this borough around having that ability to commute using PRT services.

Several families in Ben Avon who are trying to be both fiscally responsible and/or climate conscious, have made the decision to be a 1 car family. They are working couples so 1 of them needs to take a bus to work most every day. They cannot continue to do this good work for the climate or to keep their families fiscally sound if you take away bus service.

A great number of residents of Ben Avon work at hospitals or universities in Oakland or companies downtown. Many of these employers encourage employees to use public transportation as a better choice for the climate & the city. Often that choice already takes 2 buses and 1.5 hours of time, but it will not be an option at all with the proposed cuts.

The reality is that PRT isn't always the best option for folks based on the current service model, but it's all we have. Residents have commented that we ought to be expanding PRT service, not

limping along trying to provide bare bones service. But our State Reps are fighting over if & how to find $117 million in the budget. If a solution is not found, we will be fighting over who's losing service by the end of the year.

We have all been involved in budgeting and inter-governmental work long enough to know it's not 1 group who can solve this. Every party involved must bring good faith attempts to the table to find a solution. If not, our local North Boroughs communities will see more cars on an already unsafe stretch of Hwy 65, more accidents, less people able to get to a job & our residents will be out of options.

We ask all parties to work toward a solution for the benefit of residents in Ben Avon, Allegheny County and state-wide. Public transportation is necessary in keeping our Commonwealth communities and residents functioning, growing, healthy and thriving.

Thank you for your good work,

Mayor Melanie Holcomb and Ben Avon Borough Council

State Senator Lindsey Williams
Commonwealth of Pennsylvania
Senate Box 203038
Harrisburg, PA 17120-3038

Dear Senator Williams:

Attached please find Etna Borough Resolution No. 2025-1999 D, unanimously adopted by Etna Borough Council at their meeting on May 21, 2025, supporting increased funding for Pittsburgh Regional Transit (PRT). These services are critical to the residents of our community, and our region. The proposed changes constitute a 63% loss of bus service to this community. Bus lines 2 and P13 will be completely discontinued and major reductions on lines 1 and 91 will further disenfranchise residents of Etna. Residents use this service to get to their jobs, and with the proposed cuts, a 39% loss of job access will be the result of those cuts and will force residents to walk far greater distances to get to a bus stop.

Etna Borough is a densely populated community, surrounded on its entire eastern corridor by State Highway systems (Route 8 and 28) which make walking to necessary services impossible, especially for elderly, disabled or mothers needing to transport with children. This corridor is also lined completely with rail tracks. Etna is also a food desert, with no grocery stores or markets within our borders. The closest grocery store is along State Route 8 in Shaler Township. It is over a mile from our community, making it a challenging task to carry groceries that distance. Over ten percent of our residents do not own a vehicle, and public transit is their only access to essential services, in particular, access to healthy food for their families.

There are also no medical facilities, not even a doctor's office, within our borders. Access to healthcare services would also now become much more difficult, limited to, or completely gone via public transportation.

It is critical to the quality of life of our residents, as well as many across Allegheny County, that PRT receive the funding necessary to sustain these services. They are critical to the economic viability that creates jobs and support businesses. Over 40,000 people are directly employed by transit agencies across the Commonwealth, and millions more are supported by transit access to services of other businesses, educational and medical facilities. The proposed cuts to service will have far reaching effects throughout this region. Many will lose access to employment, which will further burden our economy.

We ask that you wholeheartedly support an increase in funding in fiscal year 2026 and in subsequent years. It is essential for any growth in this region. It will also eliminate increasing burdens on social services to support those adversely affected by these cuts.

Sincerely yours,

Mary Ellen Ramage

OFFICIAL
BOROUGH OF ETNA
RESOLUTION No. 2025- 1999 D

A RESOLUTION OF THE COUNCIL OF THE BOROUGH OF ETNA, ALLEGHENY COUNTY, PENNSYLVANIA, SUPPORTING INCREASED FUNDING FOR PITTSBURGH REGIONAL TRANSIT

WHEREAS, Pittsburgh Regional Transit (PRT) provides vital transportation services that connect residents of Etna Borough and surrounding communities to employment, healthcare, education, and essential services throughout Allegheny County;

WHEREAS, public transit is an economic engine that creates jobs, supports businesses, and enhances mobility across our communities, with transit agencies across Pennsylvania directly employing more than 40,000 people and supporting millions more;

WHEREAS, PRT has announced a potential 35% service cut to take effect in February 2026 without additional funding, along with a 25-cent fare increase to help close a significant budget deficit;

WHEREAS, contracted paratransit service, would see a 62% reduction in its service area and a 20% increase in fares without additional funding;

WHEREAS, these cuts would extirpate public transportation from the Borough of Etna, eliminating both the P2 Mount Royal and P13 Mount Royal Flyer routes (Crescent St.) and drastically reducing service to the remaining 1 Freeport Road route (Butler St.).

WHEREAS, Etna Borough residents rely on public transit for their daily transportation needs, with many residents depending on these services to access employment, healthcare, education, and other essential services;

WHEREAS, Etna Borough residents rely on public transit for their daily transportation needs, with many residents depending on these services to access employment, healthcare, education, and other essential services;

WHEREAS, reduced transit service would likely result in increased traffic congestion, longer commutes – including 20% fewer jobs accessible by public transit at all – unequal access to transportation, and economic strain on businesses and individuals throughout our region;

WHEREAS, PRT needs a $117 million infusion of state funding beginning in FY 2026 – with compounding annual increases – in order to maintain current service levels for the next decade;

WHEREAS, sustainable public transit funding is essential to maintaining the mobility, economic vitality, and quality of life in Etna Borough and throughout Allegheny County

NOW, THEREFORE, BE IT RESOLVED by the Council of the Borough of Etna, Allegheny County, Commonwealth of Pennsylvania, and it is hereby resolved by the authority of the same as follows:

SECTION 1: The Etna Borough Council hereby expresses its strong support for reliable, sustainable, long-term funding solutions for Pittsburgh Regional Transit.

SECTION 2: The Etna Borough Council urges the Pennsylvania General Assembly and the Governor to secure adequate funding for public transit throughout the Commonwealth, including the $117 million infusion of state funding beginning in FY2026—with compounding annual increases—that PRT needs to maintain current service levels.

SECTION 3: The Etna Borough Council recognizes that public transit is not just a critical need for those who rely on it daily, but benefits all residents by reducing traffic congestion, providing transportation options, supporting economic development, and enhancing quality of life.

SECTION 4: The Etna Borough Council encourages residents, businesses, and community organizations to make their voices heard regarding the importance of public transit by providing feedback to PRT and contacting their state elected officials.

SECTION 5: A copy of this resolution shall be forwarded to the Governor of Pennsylvania, members of the Pennsylvania General Assembly representing Etna Borough and Allegheny County, and the leadership of Pittsburgh Regional Transit.

SECTION 6: This Resolution shall take effect immediately.

DULY ADOPTED this 21 day of May by the Council of the Borough of Etna, Allegheny County, Pennsylvania, in lawful session duly assembled.

ATTEST:

Mary Ellen Ramage, Borough Manager/Secretary

David Becki, Council President

EXAMINED AND APPROVED this 21 day of May, 2025.

BOROUGH OF SHARPSBURG

RESOLUTION 25-05

A RESOLUTION CALLING ON THE COMMONWEALTH OF PENNSYLVANIA TO CREATE LONG-TERM, SUSTAINABLE TRANSIT FUNDING TO KEEP PITTSBURGH REGIONAL TRANSIT (PRT) RUNNING AT FULL CAPACITY.

WHEREAS, public transportation is essential to the daily lives of hundreds of thousands of residents in Allegheny County, ensuring that people can get to work, school, medical appointments, grocery stores, pharmacies, and other critical destinations; and

WHEREAS, more than one out of every four occupied housing units in Sharpsburg, constituting over four hundred households, do not have access to a vehicle: and

WHEREAS, when transit service is cut, essential workers will struggle to get where they need to go, which has impacts on the entire region's economy; and

WHEREAS, public transit ridership and mode shifts away from personal vehicles benefits all Sharpsburg residents by reducing air pollution and carbon emissions, minimizing traffic congestion and commute times, relieving demand for parking. and improving safety; and

WHEREAS, with the expiration of Act 89 and increasing costs, Pittsburgh Regional Transit (PRT) faces a funding crisis and projects a $100 million budget deficit in FY 2026; and

WHEREAS, to deal with this budget deficit, PRT has proposed a 35% reduction in service, including the elimination of 40 bus routes and the Silver line, as well as fare hikes that will place PRT's base fare as one of the highest in the nation; and

WHEREAS, the proposed reductions in service include major reductions to the 1 and 91 routes that serve Sharpsburg, increasing wait times for riders and eliminating service past 11:00pm, leaving workers, students, and ACCESS riders without transportation; and

WHEREAS, fare increases and service reductions will also affect ACCESS paratransit services, creating severe limitations in 62% of Allegheny County and cutting vital mobility for seniors, riders with fixed incomes, and people with disabilities; and

WHEREAS, PRT requires an additional $117 million a year in state funding beginning FY 2026 to sustain operations and invest in the future of our transit system over the next decade;

NOW THEREFORE BE IT RESOLVED, that the Borough of Sharpsburg Council calls on the Pennsylvania General Assembly and the Governor of Pennsylvania to create long-term, sustainable transit funding to prevent these catastrophic service reductions and keep PRT running at full capacity.

APPROVED AND ENACTED this 24th day of April 2025.

FOR IMMEDIATE RELEASE
April 28, 2025

CRAFTON BOROUGH COUNCIL CALLS FOR URGENT STATE FUNDING TO PREVENT DEVASTATING TRANSIT CUTS

CRAFTON, PA — The Crafton Borough Council has officially adopted Resolution No. 2025-08, urging Pennsylvania state legislators and the Governor to provide critical funding for Pittsburgh Regional Transit (PRT) to prevent massive service reductions scheduled for February 2026.

Without an additional $117 million in state funding beginning in FY2026, PRT faces implementing a 35% service cut that would eliminate 40 bus routes including the Silver Line, reduce service on 53 bus routes and the Red Line, end all service after 11 p.m., and eliminate transit access to 19 municipalities and three Pittsburgh neighborhoods.

"Pittsburgh Regional Transit drives economic activity across the metro," said Kirsten Compitello, Crafton Borough Councilperson. "If services decline at PRT, the region will follow. Crafton stands to lose multiple routes that serve our Borough."

The resolution highlights the potential impact on ACCESS paratransit services, which faces a 62% reduction in service area and a 20% fare increase without additional funding.

Crafton Borough has directed copies of the resolution to be sent to the Governor, state legislators representing the area, and PRT leadership. The Borough encourages residents to contact state officials regarding the importance of sustainable transit funding.

BOROUGH OF LEETSDALE

RESOLUTION NO. 05-2025-09

A RESOLUTION OF THE BOROUGH OF LEETSDALE, ALLEGHENY COUNTY, PENNSYLVANIA, EXPRESSING DISAPPROVAL REGARDING THE PLAN OF THE PITTSBURGH REGIONAL TRANSIT (THE "PRT") TO ELIMINATE THE "14 - OHIO VALLEY" BUS ROUTE THAT CURRENTLY SERVES THE BOROUGH AND URGING THE LEADERS OF THE PRT TO NOT ELIMINATE THIS VITAL ROUTE SO THAT THE RESIDENTS OF THE BOROUGH ARE NOT DEPRIVED OF THIS CRUCIAL PUBLIC SERVICE

WHEREAS, the Pittsburgh Regional Transit (the "PRT") provides public transportation service within the Greater Pittsburgh region; and

WHEREAS, the PRT currently serves the Borough via the bus route known as the "14 - Ohio Valley"; and

WHEREAS, many residents of the Borough rely upon the "14 - Ohio Valley" bus for numerous reasons, including for travel to work or leisure activities, attend medical appointments, and run errands; and

WHEREAS, PRT's considers eliminating the "14 - Ohio Valley" bus route, which will have a deleterious economic and personal impacts on the residents of the Borough.

NOW, THEREFORE, BE IT RESOLVED by the Council of the Borough of Leetsdale, Allegheny County, Pennsylvania, as follows:

1. The Borough expresses grave concerns over PRT's plans to eliminate the "14 - Ohio Valley" bus route that provides services to residents of the Borough. The elimination of bus services will have harmful effects upon the health and safety of Borough residents.

2. The Borough urges PRT to consider the disproportionate impact that eliminating this route will have on seniors, individuals with disabilities, and those without access to personal vehicles, who depend most heavily on public transportation.

3. The Borough requests that PRT conducts a comprehensive community impact study, including public hearings, and takes into account the feedback from Leetsdale residents, before making any final decisions regarding the "14 - Ohio Valley" route.

4. The Borough supports collaborative efforts between local municipalities, elected officials, and PRT to explore alternative solutions that maintain transit access

15056

while addressing any operational and financial challenges PRT may face.

5. All prior resolutions of the Borough of Leetsdale (or parts thereof) which conflict with or are inconsistent with the provisions of this Resolution are hereby repealed to the extent of such conflict or inconsistency.

6. This Resolution shall take effect immediately.

UPON MOTION DULY MADE AND SECONDED, this Resolution is adopted by the Council of the Borough of Leetsdale at a public meeting held the 8th day of May 2025.

RESOLUTION NO. 10, 2025

A RESOLUTION OF THE BOROUGH OF DORMONT EXPRESSING SUPPORT FOR PITTSBURGH REGIONAL TRANSIT AND CALLING FOR THE PENNSYLVANIA GENERAL ASSEMBLY TO PROVIDE LONG-TERM, SUSTAINABLE FUNDING FOR PITTSBURGH REGIONAL TRANSIT AND TRANSIT SYSTEMS ACROSS PENNSYLVANIA

WHEREAS, Pittsburgh Regional Transit provides service to residents all over Allegheny County, serving 37 million riders in 2024 through 95 bus lines, three light-rail lines and the Monongahela Incline;

WHEREAS, Dormont residents rely on transit to get to destinations for work, school, shopping, medical appointments, visiting friends in neighboring communities, and enjoying cultural amenities throughout our region;

WHEREAS, reliable public transit enables seniors and individuals with disabilities to maintain independence, and provides access to education and work opportunities to those who are unable to drive or own a car;

WHEREAS, every dollar invested in public transit benefits the local economy through job creation and access to employment opportunities as well as higher property values;

WHEREAS, robust transit is a key component to Dormont's goals to grow as a walkable community with a variety of safe mobility options and to build a more sustainable future;

WHEREAS, potential service cuts would eliminate the 41 bus line and reduce frequency and reliability of trips on the Red Line, directly impacting the average of 4,799 riders in Dormont and neighboring South Hills communities who use these routes each day;

WHEREAS, cuts to other South Hills routes would increase traffic congestion and pollution due to increased vehicle traffic on West Liberty Avenue when trips that were previously taken by transit are replaced with trips by car;

WHEREAS, public transit not only connects us to the necessities of daily life, but also to each other, and is essential for a thriving community,

NOW, THEREFORE, BE IT RESOLVED that the Council and Mayor of the Borough of Dormont urge the Pennsylvania General Assembly to provide long-term, sustainable funding for Pittsburgh Regional Transit and transit systems across Pennsylvania.

Pittsburgh Regional Transit
ATTN: Ms. Katharine Kelleman, CEO
345 Sixth Avenue, Third Flood
Pittsburgh, PA 15222

Dear Ms. Kelleman,

On behalf of the Borough of Avalon, we are writing to express our deep concern regarding the proposed Pittsburgh Regional Transit (PRT) service reductions and their significant, direct impact on our community.

Avalon is a densely populated borough in Allegheny County, home to thousands of residents who rely on public transit for daily commutes, access to employment, medical appointments, and essential services. Our residents – many of whom are seniors, individuals with disabilities, and families with limited transportation options – rely on PRT services to maintain their quality of life and to contribute to our regional economy. The proposed PRT service cuts, which would reduce route service by up to 40%, threaten mobility, economic vitality, and quality of life in Avalon and our neighboring communities.

Several PRT bus routes serving Avalon are slated for substantial reductions or elimination. Route 13 (Bellevue) and Route 16 (Brighton), both of which serve Avalon, would see major reductions and no service past 11:00 p.m., with increased wait times. Route 14 (Ohio Valley) and 19L (Emsworth) would be eliminated entirely. These changes severely restrict Avalon residents' ability to access jobs, schools, and healthcare. Beyond the bus service reductions, PRT is also proposing the closure of three of their seventy-nine bridges; our community heavily relies on all three of these bridges. The identified bridges are the Avalon/California Avenue Bridge in Avalon Borough, the Ben Avon/Church Avenue Bridge in Ben Avon Borough (our neighboring borough), and the Emsworth/Camp Horne Bridge in Emsworth Borough. The proposed cuts also include reducing the footprint of paratransit ACCESS service by 62%.

PRT's proposed service cuts have disproportionately negative impacts on our community and neighboring boroughs, limiting access and mobility for our more vulnerable populations and risking isolation and decreased quality of life. The proposed bridge closures are of particular concern for Ben Avon and Avalon residents living between the bridges located in the respective boroughs, as the proposed closures would landlock these residents, affecting connectivity, commutes, and access to emergency services. This would be nothing short of devastating to the 43 Avalon residences located on portions of Church Avenue, Virginia Avenue, and Victoria Drive.

The Borough of Avalon has made multiple efforts to reach out to PRT and state legislators about specific impacts of the proposed cuts but has not received any additional information. PRT and state legislators have not provided the borough with any details regarding the proposed bridge closures, such as what a "closure" would entail. Without clarification, we must assume a full closure to all traffic, which would have dire consequences for emergency response and daily life. The borough has no information about which entity assumes responsibility for these bridges if the proposed plan is implemented. The Borough of Avalon has not budgeted for any bridge repairs and has not been made aware of any funding sources available to assist in such a project.

We are writing to urge PRT to reconsider the proposed service cuts as they pose significant threats to the quality of life for the members of our community. We also urge PRT to directly engage with municipal leaders, residents, and

stakeholders within our region to explore alternative solutions that balance current constraints with future prosperity. An open dialogue between PRT and our region's municipalities is essential for navigating viable strategies to maintain essential service levels with the limited availability of state funding. The Borough of Avalon is committed to collaborating with PRT to strengthen public transit options for all residents. We appreciate your attention to this matter and your ongoing dedication to delivering essential transportation services throughout our region.

Respectfully,

Shawn McWilliams
President
Avalon Borough Council

Pittsburgh Regional Transit
ATTN: Funding Crisis
345 Sixth Ave, 3rd Floor
Pittsburgh, PA 15222

RE: Pittsburgh Regional Transit Funding Crisis

To Whom It May Concern,

It is deeply concerning that, at a time when society is moving toward more environmentally conscious efforts, Pittsburgh is cutting back on public transportation. Public transit is a cornerstone of accessibility, sustainability, and urban mobility—yet mismanagement and funding issues have left riders facing the consequences.

There is growing concern among residents that PRT's financial crisis stems from misuse of funds, particularly the alleged practice of using the senior citizen lottery button to subsidize non-paying riders at the direction of management. If this is true, it is unacceptable. If it is false, it still points to broader issues of fiscal mismanagement. Either way, it should not be the responsibility of citizens—those who rely on public transportation—to bear the burden of these failures.

While I acknowledge the lasting effects of COVID-19 on ridership and revenue, and the challenges faced by former Mayor Gainey in revitalizing the city, there needs to be a greater effort to encourage corporate reinvestment in downtown Pittsburgh. Office buildings remain empty, and without active workers returning, public transit naturally suffers. The city should be working with corporations to incentivize employees returning at least part-time—whether through tax penalties for vacancies or initiatives to repopulate business districts.

Personal Impact of PRT Service Cuts

As a downtown resident, I made the decision to sell my car two years ago to transition fully to public transportation using my senior free pass. I rely **heavily** on PRT to maintain my daily routine:

- The **Red Line** to Arlington, three days a week for work
- The **Silver Line** to Bethel to visit my son and medical visits

- The **21 & 14 Lines** to Sewickley and Ambridge for family visits and doctors ' appointments
- The **G2** for occasional trips to Crafton
- The **28** to the airport (you could cut out the Robinson loop since there is a 29 that serves Robinson)
- The **Red and Blue Line** to Willow, Dormont and Mt. Lebanon for social outings, medical appointments, and more

These services make mobility possible for me and countless other residents. However, reliability has been a persistent issue. Buses frequently arrive late—or worse, fail to show at all.

For example:

- The 21 **Sewickley Route** runs every two hours, but the return route on 21 is unpredictable, making it difficult to plan trips. I can use the 14 as an alternate. But why is it so unreliable?
- The **14 Line** inbound is regularly late, while on rare occasions it runs early—forcing riders to wait another full hour. (or just drive)
- When I lived in Sewickley, I commuted daily into Pittsburgh for work. More frequent and **dependable** service could encourage riders to return, but they cannot rely on transportation that fails them.

Solutions to Improve Ridership

I strongly urge PRT to consider solutions that enhance service instead of cutting it:

1. **Increase Frequency for Key Routes** – Riders hesitate to depend on public transit when buses arrive inconsistently or run too infrequently. The Sewickley route, for example, should run **every 30 minutes, not every hour** to improve accessibility.
2. **Optimize Light Rail Service** – Instead of eliminating the **Silver Line**, streamline it. The **Red Line** can continue to serve the mall, while the **Blue Line** serves Library. This ensures key connections remain intact while maximizing efficiency.
3. **Prioritize Reliability** – When public transit is dependable, people will **use** it. When schedules remain uncertain, riders give up. Reinvest in service reliability before expecting higher ridership numbers.

The Bigger Picture

Ridership is down **because** public transportation lacks reliability and accessibility. But ridership is also down **because the city itself is struggling**—with empty offices, lack of incentives for businesses to return, and safety concerns.

I see this firsthand as a resident. My daily experience is shaped by encountering Pittsburgh's homelessness crisis, the absence of economic investment, and the increasing difficulty of relying on public transit. Tourists and visitors frequently look uneasy when navigating downtown, and the city's reputation is suffering.

I hope Mr. O'Connor will implement meaningful change, but one thing is clear: riders should **not** be held responsible for the financial failures of PRT. Service cuts are **not** the solution—the focus should be on **efficiency, reliability, and rebuilding public trust** in the system.

I urge you to reconsider drastic reductions in service and explore ways to **fix** the underlying issues rather than placing the burden on those who rely on public transit.

Sincerely,
Lynn Monahan

---

(46)

To Whom it May Concern,

My name is Alicia Barbaryka. I live in 15106, but work on the 41 bus line. The reason I am writing this is to ask PRT not to eliminate the 41 route.

One main reasons not to eliminate this route is because it serves at least 6 nursing homes and St. Clair hospital. I work at one of these places. I work at Providence Point. We are located on Kane Boulevard.

I know that Providence Point is not the only senior citizen community ~~on~~ along the 41. The route has at least 6 nursing homes along it. One first one is near the beginning of the route and ~~to~~ the last one is near the end of the route. It is not just the employees that are affected ~~by~~ by possible cuts, it is also ~~residents~~ the residents of these communities.

One other ~~reason~~ reason I am writing you is that my

family lives on the 41. My mom, 2 uncles, and my sister and her husband ~~live~~ live there. My mom and her brothers are both over 60. My mom does not drive. My one uncle works at an apartment building that most of the working residents prefer to take the bus to, and from, work, due to a lack of parking downtown.

My mom and her other brother rely on the bus and access. My ~~one~~ one uncle is ~~to~~ still healing after ~~a~~ having a stroke. They rely on access ~~to~~ to get to and from appointments. I know that there is mention of raising rates for both access and the bus. In my ~~opinion~~ opinion I don't see that as an issue, as much as the total elimination of the 41 route.

There are ways to ~~make~~ modify the 41 route to ~~get~~ make it affordable ~~to~~ and to keep the route running. One reason to keep it is to at least be prepared if there is a

pandemic on the future, how would employees, who don't drive, get to and from work. There are employees who can only get to work ~~not~~ using public transportation. The bus is definitely ~~not~~ cheaper than taking an Uber to and from work. There are some people who have taken an Uber, this becomes costly & overtime. The bus is definitely cheaper. There are also employees who ~~not~~ take access.

There are possible solutions when it comes to funding crisis that is happening with PRT. You could modify the bus schedule by ~~cuts~~ cutting the amount of times the 41 runs it routes. Look at the busiest times for this route. ~~Mostly~~ Look at the businesses and modify to when shift changes occur or doctors ~~have~~ have appointments.

In conclusion, I would like to say that I know I wrote alot, but I would hope that you take these in to consideration when thinking about the elimination of

the 41 bus route. There are many people who would be affected, because the bus or access is the only way they can get to and from places. Please reconsider and think of what ~~it~~ I and others may have suggested for this route. Thank you.

Sincerely,
Alicia Barbaryka

Dear Pittsburgh Regional Transit.

RE: 71 Edgewood.

I am writing as a resident of Pittsburgh who depends on the 71 Edgewood - not just as a ride, but as a vital connection to daily life.

The Route serves two senior apartment communities, including the newly built (HJ) Edgewood Center Retirement Residence; and provide access to grocery stores, stores, Medical appointments, Social Activities,

- Please consider maintaining the service.

Sincerely,
Lee Madison
Edgewood Center Retirement Residence.

May 29, 2025

Pittsburgh Regional Transit
ATTN: Ms. Katherine Kelleman, CEO
345 Sixth Avenue, Third Floor
Pittsburgh, PA 15222

RECEIVED JUN - 6 2025

Dear Ms. Kelleman,

The Council of the Borough of Bellevue, joined by management and staff, is writing to express deep concerns about the proposed route and service reductions under consideration by Pittsburgh Regional Transit (PRT). As a member of the Quaker Valley Council of Governments, we are concerned not just with the proposed cuts that directly affect our municipality, but we add our voice to those of our neighboring communities who are asking that the cuts in their municipalities are reconsidered. Equitable transportation across all of Allegheny County is essential to our region's sustainability.

Public transit is vital to our community, particularly to the elderly and disabled population who can not afford these reductions and who rely on a steady, thriving public transit system to meet many of their daily needs. There are a myriad of benefits reaped through public transit that improve the quality of life for so many and allow residents to participate fully in the regional economy, and it is imperative that we continue to improve public transit, rather than allow it to face this decline that is imminent if these reductions occur. In the Borough of Bellevue, we are facing changes to Routes 13,14,16,17, and 19L, which would obviously be painful for our community, but the truth is, any of the proposed reductions, including the closure of the bridges in Avalon, Ben Avon, and in Emsworth, will also affect our residents.

We join with so many voices asking PRT and state and local leaders to work together to find ways to avoid the proposed reductions and to find a solution to this very serious issue facing our community and so many others. We thank you for your time, consideration, and your commitment to providing public transportation services to this region.

Sincerely,

RECEIVED JUN - 4 2025
CEO

Katherman Kelleman, Chief Executive Officer
Pittsburgh Regional Transit
345 Sixth Avenue, 3rd. Floor
Pittsburgh, PA 15222

Dear Ms. Kelleman:

Attached please find Etna Borough Resolution No. 2025-1999 D, unanimously adopted by Etna Borough Council at their meeting on May 21, 2025, supporting increased funding for Pittsburgh Regional Transit (PRT). These services are critical to the residents of our community, and our region. The proposed changes constitute a 63% loss of bus service to this community. Bus lines 2 and P13 will be completely discontinued and major reductions on lines 1 and 91 will further disenfranchise residents of Etna. Residents use this service to get to their jobs, and with the proposed cuts, a 39% loss of job access will be the result of those cuts and will force residents to walk far greater distances to get to a bus stop.

Etna Borough is a densely populated community, surrounded on its entire eastern corridor by State Highway systems (Route 8 and 28) which make walking to necessary services impossible, especially for elderly, disabled or mothers needing to transport with children. This corridor is also lined completely with rail tracks. Etna is also a food desert, with no grocery stores or markets within our borders. The closest grocery store is along State Route 8 in Shaler Township. It is over a mile from our community, making it a challenging task to carry groceries that distance. Over ten percent of our residents do not own a vehicle, and public transit is their only access to essential services, in particular, access to healthy food for their families.

There are also no medical facilities, not even a doctor's office, within our borders. Access to healthcare services would also now become much more difficult, limited to, or completely gone via public transportation.

It is critical to the quality of life of our residents, as well as many across Allegheny County, that PRT receive the funding necessary to sustain these services. They are critical to the economic viability that creates jobs and support businesses. Over 40,000 people are directly employed by transit agencies across the Commonwealth, and millions more are supported by transit access to services of other businesses, educational and medical facilities. The proposed cuts to service will have far reaching effects throughout this region. Many will lose access to employment, which will further burden our economy.

We ask that you wholeheartedly support an increase in funding in fiscal year 2026 and in subsequent years. It is essential for any growth in this region. It will also eliminate increasing burdens on social services to support those adversely affected by these cuts.

Sincerely yours,

Mary Ellen Ramage,
Manager

Pittsburgh, PA 15222

Dear Funding Crisis Department,

I am writing to express my concern about eliminating the bus service to Trafford. To maintain independent living, it is imperative to continue the Bus 69 route to Trafford. Many residents from Trafford Manor, a residence for senior citizens or those with disabilities depend on the bus to transport them to their destinations. There are other residents who have moved to the area specifically for easy access to the bus. Eliminating this mode of transportation will cause the loss of their ability to function independently.

Although I personally do not rely on bus services, there are so many Trafford residents who do. Taking this service away is taking their freedom to live independently. Their need to get to doctors appointments, hospital visits, grocery shopping, picking up prescriptions or other necessary items is satisfied by the opportunity to be transported by the bus.

Many Trafford residents cannot afford to maintain a vehicle or pay for insurance. Their mobility is gained through the bus service. To take away this service, would take away their ability to live and function successfully on their own.

Other residents choose to ride the bus to their jobs or other locations to avoid the hassle and expense of driving and parking. A friend of mine had a prominent position at a college in Pittsburgh. She owned a vehicle, but chose bus transportation to avoid the stress of driving. She was, also, concerned about finding safe and affordable parking.

Not having bus transportation in Trafford will be devastating to so many. The bus service provides these residents with the opportunity to live independently. They can work in other locations, get to and from the hospital, get food and other necessary items. I shutter to think about what will happen to them without this service.

In today's economy, it is not easy to manage the cost of everyday living. But to take away the bus service is taking away the chance to function independently and successfully. Please consider the importance of the bus service and the devastation of cutting it. This would add another roadblock to independent living and a survival obstacle to in an already difficult environment.

I realize there is financial difficulty in public transportation, too. But when you think of how many people would be negatively affected, please consider continuing bus service to Trafford. Your strong consideration and attention to this matter would be greatly appreciated.

Thank you.

Sincerely,
Renee Kociela

To:
Board of Directors, Pittsburgh Regional Transit
Governor Josh Shapiro, Commonwealth of Pennsylvania
Mayor Ed Gainey, City of Pittsburgh
Allegheny County Executive Sara Innamorato
Councilman Bobby Wilson, City of Pittsburgh District 1
Representative Aerion Abney, Pennsylvania House of Representatives
Ross V. Nicotero, President, Amalgamated Transit Union (ATU) Local 85

Subject: Urgent Request for Liberty Avenue Transit Reform to Support Downtown Revitalization

Dear Governor Shapiro, Mayor Gainey, County Executive Innamorato, Councilman Wilson, Representative Abney, Mr. Nicotero, and Members of the PRT Board:

We are a coalition of downtown Pittsburgh stakeholders—real estate developers, property owners, business operators, residents, and community leaders—united in our commitment to the revitalization of Pittsburgh's urban core. We write to urgently request a comprehensive restructuring of Pittsburgh Regional Transit (PRT) routes along Liberty Avenue.

This is not a call for austerity—it is a demand for data-driven reform.

Liberty Avenue currently supports 38 PRT routes traveling in a single direction, across just 7 stops over a half-mile corridor, resulting in a staggering 3,817 bus stoppages every weekday. That translates to 3.5 buses per minute, running from 6 a.m. to midnight (18 hours a day), with overlapping schedules, duplicative routing, and severely underutilized capacity.

PRT's own data reveals that these stops serve fewer than 2 passengers per bus on average, with some stops (such as 9th Street) averaging one boarding every three buses. Stop 15283 alone sees 766 weekday stops—yet every route servicing it duplicates a higher-performing stop within 300 feet. The inefficiency is systemic, not isolated.

This is fiscally unsustainable. It is environmentally harmful. It is urbanistically counterproductive. And it is undermining efforts to bring residents, retailers, and families back into the heart of Pittsburgh.

We support public transit. But we support a modern system—one that reflects current ridership patterns, not obsolete infrastructure from the 1950s. With PRT facing a $120 million annual budget deficit and a $1.8 billion 10-year funding gap, we believe this is the moment to rethink—not preserve—the outdated spoke-and-wheel model.

Dear Pittsburgh Regional Transit, and Access,

I am writing about the proposed cuts to Access rides, and PRT bus routes. I started working at St Margaret's Hospital in July of 2021, in housekeeping. On August 13, 2021, I was hit by an extended cab pickup truck. My fibula, and malleolus were broken, and required reconstruction surgery. I was on disability for 6 months while I recovered. I still have mental health issues from being hit, and seeing the truck come hit me. As well as severe limitations as to my walking, and stair climbing abilities. I know that I am lucky that my injuries were limited. They could have been a lot worse. My walking will not improve, and I now have arthritis forming in that area.

During this period, I applied, and was approved for Access for transportation to work. When I improved, I was switched to buses for Monday thru Friday to get to work; and for coming home and weekends, I use Access. The Verona bus route ends to early at night for me to get home. The Freeport Road bus leaves me off at the Hulton Bridge, which is 2.5 miles to walk home, including the hill up to my home. I don't have a car, or a driver's license. I can't afford any taxi ride. I am dependent on Access transportation to keep my job, and my medical benefits. I am the only income to pay the bills. Without this transportation, I will lose my job, my home, and my medical. I can't make do mowing grass, or physically demanding odd jobs, as my leg can not handle it anymore. I have a disability due to comprehension issues. I am limited as to jobs that I can do.

I have heard about the funding cuts. I understand the need to raise rates that you listed, but to totally discontinue my Access rides will put me out of work.

Respectfully,

Sean A. McCutcheon

5927

We have strong and growing support for this call to action by key downtown stakeholders.

We are not just asking for service cuts. We are advocating:

- Elimination of low-utilization stops and consolidations where stops are within 300 feet
- Reallocation of service to underserved neighborhoods or future high-ridership lines such as the forthcoming University Line
- An alignment of stop frequency with real passenger demand
- An end to transit patterns that encourage idling, redundant trips, and unnecessary emissions in a dense urban zone
- Reexamine Downtown hub route paradigm
- And importantly, a reduction in the number of stops, which would improve traffic flow and reduce overall travel times—benefiting both transit riders and the surrounding public realm

Downtown Pittsburgh deserves a public realm that supports economic development, neighborhood cohesion, and long-term sustainability. Liberty Avenue's current bus volume does the opposite.

We respectfully urge you to take swift action and incorporate these reforms into the current PRT route restructuring plan, currently under review for 2026 implementation.

We appreciate your attention to this matter and request a formal response addressing the steps PRT will take before finalizing the 2026 route changes. This is an opportunity to partner in crafting a system that works—for transit, for taxpayers, and for Pittsburgh.

Sincerely,

Breanna Tyson
On behalf of Pittsburgh Downtown Liberty Ave. Stakeholders Coalition

Pittsburgh Regional Transit
Attn: Funding Crisis
345 Sixth Avenue 3rd Floor
Pittsburgh PA 15222

Dear PRT,

Your proposal to end all bus service to Mount Washington is beyond comprehension. How you can even consider taking all bus service from this community is beyond rational thinking. Ridership here may be less than in some other communities, but, unlike other communities close to downtown Pittsburgh, Mount Washington is not on the way to somewhere else, such as South Side being on the way to Carrick or Arlington or West Mifflin. On its way to Mount Washington the 43 Bailey does also service Allentown, another area that will become stranded if the 43 is discontinued.

The mid-day busses may be far from full, but that could be remedied by the use of smaller busses less costly to operate. Mount residents rely on busses to get to places on the Mount such as Shop 'N save, Rite Aid, shopping on Shiloh Street, church, the Senior Center, etc. Mount residents also use the bus to get to work, activities, and appointments off the Mount.

On behalf of our residents at Sweetbriar Place as well as the many other Mount Washington folk who rely on the 40 and 43 I implore you to find some way to keep us from being stranded.

I am also writing to our State Senator and Representative.

If you have any questions, please contact me at 412-431-8161 or rbj15211@aol.com.

Thank you.

Roberta B. Jones
President of the Board

To PRT Executive,

I am writing on behalf of the many people who will be forced into a difficult situation because of the elimination of the 52L Homeville Road bus. It is our only bus to downtown Pittsburgh. It would be a struggle to get another way to Pittsburgh. Pittsburgh is our focal point. Please have compassion and keep 52L Homeville Rd Bus. It is our only bus into town. It would present a hardship to all who ride 52L Bus. Please keep the 52L or provide another bus to get into Pgh. It is a very important place for many needs. Compassion. Compassion. Compassion! Thank you

decrease 51 Carrick or 61C McKeesport they have more than 1 run per hour, take from those. We need 52L Bus.

Cordially, Gloria M. Ford

CC County Commissioner

345 Sixth Avenue, 3rd Floor
Pittsburgh, PA 15222

Dear Sir/Madam:

My name is Megan, and I have relied on public transportation since I moved to Pittsburgh in 1997. One of the bus routes you are planning to cut is the 36 Banksville. This is the only way for me to get to and from work. I really love my job and have no intention of quitting. I realize I am just one person, but I'm not the only one who relies on the bus to get to where they need to go. The 27, which I take into town, always has kids going to and from school. Do you really want them to not get an education? There is a group of people who also take the 36 every day. While I don't know them personally, I'm sure that they rely on that bus as well. One of my coworkers is a student at Pitt and takes the bus to Oakland, as I'm sure many students do.
Please consider all the lives that may be ruined if you cut service. Thank you for your attention.

Sincerely,

Megan Feathers

To: PittsBurgh Regional Transit,

This is not only going to affect people who rely on Port Authority, those who have wheelchairs and walkers it is also about the Bus drivers. This can not happen to the people or the Bus drivers. This is a very important issue. I'm 1 of one, depend on Port Authority because of my health issue. Please think about it. There are alot of people out here with health issue. I'm supporting are Bus drivers. We need them. Please don't let this happen

Sincerely,
Ms. Kathy Fullone

35

To Whom it May concern:

I am writing to express my extreme concerns about the proposed bus changes, and the fare increases. First I would like to discuss the fare increase. Why does PRT think that's necessary? People already are paying a decent amount, for weekly, and monthly bus passes. I know for a fact, that PRT gets, or has gotten grant money over the years, and it sounds to me like that money was being misused, or mishandled. In any event, don't punish the public for fare increase when you guys cant seem to manage money that well. Secondly, I would like to express my anger for the proposed schedule change. Is PRT out of there ever loving mind?!!! Like they want to elimate 3 freaking routes??? Y47,Y49. How the hell do you expect us to get to and from work by eliminating these routes. And also, I want to add, that the Y47 starting at 2:00 and going until after 6:00pm, that bus is extremely crowded during these times. So obviously, there are a ton of people that rely on the specific bus route!!! Maybe that's what PRT needs to start doing. They need to start pulling all the cameras from all these routes, and see EXACTLY how crowded these buses are. MORNING AND AFTERNOON!!!! Then maybe they will have more of an understanding/empathy towards exactly how many people this supposed bus cuts will affect!! The fact that they are even considering this is beyond ridiculous, and shows how they don't give a shit about the public! We ride the bus to give your DRIVERS JOBS! If no one rode these buses, then no of your drivers would even have jobs. The trolleys now are crowded as well during rush hour, due to the influx of people working in town. And to eliminate those, or try to cut down on times or whatever, isn't going to go over well with the public! Lastly, I want to voice my extreme concern on the Y46 bus route. That's the bus I soley rely on! How would you even think that that's ok to come once every 45-60 minutes, like they want? Ill tell you whats going to happen if they try to do that. There will be so many people smushed on that bus, that it will be like before covid. The driver will have to turn people away, due to that bus being so overly crowded like sardines!!!! That's exactly, whats going to happen, so you will force people to wait almost another hour, for another god damn Y46 bus. But its not even like people can find another route to take like like Y47,Y49, cause they want to do away with that! Such a dumb move if they do. Well I seriously hope that you keep the Elizabeth moring bus coming at 5:20am, because I have to be at work at 6:30. My job is extremely essential, and work at a daycare! So that time in the moring os really crucial. So I hope they aren't planning to screw with that time either! Especiallly cause when I take that bus in the mornings into town, there are a good many people on that bus. Which means there are actually other people that start work early! I think PRT thinks that the public doesn't start work until 8 or after, and that's not the case anymore. People now start work between 6-7! So I hope you guys take all these comments, and not take this lightly!!!!!

RECEIVED MAY 12 2025

May 5, 2025

Pittsburgh Regional Transit
ATTN: Ms. Katherine Kelleman, CEO
345 Sixth Avenue, Third Floor
Pittsburgh, PA 15222

Dear Ms. Kelleman,

The Borough of Sewickley is writing to express its deep concern regarding the proposed route and service reductions currently under consideration by Pittsburgh Regional Transit (PRT).

Public transit plays a vital role in connecting our communities to employment centers, medical services, educational opportunities, and essential daily needs. In particular, the residents within our community, many of whom are seniors, individuals with disabilities, and families with limited transportation options, rely heavily on the services provided by Pittsburgh Regional Transit to maintain their quality of life and participate fully in our regional economy. Under the current proposal, which was announced on March 20, 2025, the Route 13, Route 14, Route 16, and Route 19L bus routes will be either eliminated or severely cut. Additionally, PRT is also proposing the closure of three of their seventy-nine bridges. All three of the proposed bridge closures are within our footprint. The identified bridges are the Avalon/California Avenue Bridge located in Avalon Borough, the Ben Avon/Church Avenue Bridge located in Ben Avon Borough, and the Emsworth/Camp Horne Bridge located in Emsworth Borough. Lastly, the plan also calls for a reduction of the footprint of paratransit ACCESS service by 62%. If all these proposed cuts would take effect, nearly every resident within our community will be negatively impacted in some form or fashion.

The current PRT proposal, particularly the closure of three neighborhood bridges, would have a disproportionately negative impact on our community, limiting access and mobility for vulnerable populations and risking greater isolation and hardship. Moreover, cutting service now would undermine years of regional planning efforts that aim to promote sustainable growth, economic development, and equitable access across Allegheny County.

We respectfully urge PRT to reconsider the proposed service cuts and to engage directly with municipal leaders and residents within the region to collaboratively explore alternative solutions. Whether through targeted adjustments, new funding partnerships, or efficiency improvements, we believe there are viable strategies to maintain essential service levels while addressing the agency's operational challenges. We stand ready to work in partnership with PRT to advocate for stronger public transit options for all our residents.

Thank you for your consideration and for your continued commitment to providing critical transportation services to our region.

Sincerely,

Donna M. Kaib
Borough Manager

April 29, 2025

RECEIVED MAY 12 2025

33

Dear Ms. Kellman,

Instead of closing down PRT mass transit. Why not keep it running? In light of the WAL draft coming in 2026, make it easy for the city to keep everything running and able for all these visitors to get around. One more point the school board wants to close schools If they close schools and you close PRT. think about this what will the mayor have to build the city up?

This is your time to shine. Come across as a uniter. A leader who wants to keep the city open, access able to all even as workers.

Thank you
Rosemary Dwyer
Boulder.

Pittsburgh Regional Transit
ATTN: Funding Crisis
345 Sixth Avenue
3rd Floor
Pittsburgh, PA 15222

Dear Pittsburgh Regional Transit:

We are writing to express our support for the continuation of PRT light rail services to Bethel Park, especially the Silver Line. We moved to Bethel Park nine years ago because of the proximity to the "T", which provided us the ability to work downtown full time. Without the T, we either would not have been able to pursue career opportunities downtown, or would have needed to seek a residence elsewhere.

Light rail access is a critical service to the residents of Bethel Park and the surrounding area and bolsters the local economy. We strongly object to any consideration of its termination.

Sincerely,

Joseph Guidas & Kimberly Zahler

MUNICIPALITY OF BETHEL PARK
5100 West Library Avenue • Bethel Park, PA 15102 • 412-831-6800 • FAX 412-831-8675 • www.bethelpark.net

31

RECEIVED MAY 23, 2025

The Bethel Park Municipal Council would like to express its strong opposition to the elimination of the Silver Line and reductions to the Red Line, and request that funds be secured and allocated to retain these vital services. The elimination of the Silver Line and reductions to the Red Line will have a profound negative impact not only in Bethel Park, but also in the surrounding South Hills communities.

Having served our residents and businesses for over 100 years, the Silver Line *(known by various names over the years)* has a long history in Bethel Park. And during that time, both Pittsburgh and Bethel Park have benefitted from this connection, promoting economic development and residential growth. By cutting service to this line, you will be continuing a policy of disinvestment in the Pittsburgh suburbs which has contributed to, and will further inhibit, regional growth and connectivity. Not only will service cuts reduce future growth in the South Hills, but it will further contribute to the increasing office vacancies within Downtown Pittsburgh by eliminating connections for workers and discouraging businesses from operating there. For many, it would mean losing their sole means of commuting to work.

Bethel Park and other communities along the Silver Line are actively promoting development projects designed to connect residents to employment opportunities, essential services and entertainment. Currently, Bethel Park is updating its zoning laws to incorporate transit-oriented development zones near stations on both the Silver and Red Lines. However, removing the Silver Line would undermine these efforts by eliminating the foundation for future developments tied to these zones.

This decision would also jeopardize several planned projects including the US Film Square Development, located within walking distance of Hillcrest Station. This project includes apartments and retail space, both of which benefit from the accessibility provided by the Silver Line. Similarly, South Park Township has a major housing development, Summit Station, that offers direct access to Library Station on the Silver Line. Many new residents chose this development precisely because of its proximity to public transportation. Eliminating the Silver Line would directly impact these residents, as well as the viability of these development initiatives.

The Red Line, a vital transportation service, is also under consideration for significant reductions in the PRT proposal. This line provides essential connections to South Hills Village Mall, grocery stores and shopping districts in Bethel Park, while offering direct access for residents to work opportunities and entertainment in downtown Pittsburgh. Reducing service would not only limit access to these businesses—affecting their revenue—but also hinder residents' ability to reach necessities, services and employment. Furthermore, while PRT has proposed upgrades to Bethel Village Station to improve accessibility, cutting service to this station would diminish the value and impact of such investments.

PRT's mission is to "advance our region by investing in our communities and connecting people in a safe, equitable, and reliable manner." It is the responsibility of our regional transportation authority to help promote economic growth and vitality across our region by being a fiscally responsible steward with our region's transportation assets. However, these recommended service cuts and reductions will instead negatively impact our region by reducing accessibility, discouraging economic growth, and reducing regional appeal to potential businesses and residents.

We urge PRT to secure the necessary funding and allocate it to maintain the Silver Line's operations and to eliminate any proposed Red Line service reductions. Doing so will uphold the commitment PRT made to our region when it assumed control of the various private transit carriers that previously operated these lines.

Please let us know how Bethel Park can contribute to helping you achieve this goal. Thank you for your attention and consideration.

Sincerely,

The Municipality of Bethel Park Municipal Council

John Oakes
Council President

PLEASE do not reduce transit.

Access to public transit is a vital social good that benefits hundreds of thousands of people in Pennsylvania.

The proposed reductions would drastically undercut the substantial progress PRT (and formerly Port Authority) have made over the last decade and would therefore render significant prior financial investment null.

So, past money spent on the public transit infrastructure in Pittsburgh would be wasted, which is an affront to the citizens and government of the United States of America.

PITTSBURGH, PA 15222

JUNE 1, 2025

DEAR SIR OR MADAM,

I AM WRITING YOU TODAY BECAUSE I AM A SENIOR CITIZEN AND A RESIDENT OF THE WHITEHALL AREA. MY BUS LINE IS THE Y49, THAT IS SCHEDULED TO BE ELIMINATED FEB. 1, 2026, UNLESS THERE IS SOME MORE FUNDING MADE AVAILABLE FOR TRANSIT.

I CANNOT APPEAR AT THE HEARING LATER THIS MONTH, SO I AM WRITING THIS APPEAL TO YOU NOT TO MAKE THIS CUT IN SERVICE, MY ONLY ALTERNATES WOULD BE WALKING (TO WALK TO GIANT EAGLE IN BRUSHWOOD WOULD TAKE 45 MINUTES EACH WAY), OR TAKING A RIDING SERVICE, OR HAVING MY GROCERIES DELIVERED (BOTH OF WHICH WOULD BE MORE EXPENSIVE). GOING TO DOWNTOWN PITTSBURGH WOULD BE CONSIDERABLY MORE COSTLY AND TIME-INTENSIVE.

I WOULD AGREE TO BEING CHARGED (EITHER HALF OR FULL FARE) FOR A BUS TRIP. ALSO I WOULD AGREE TO LONGER WAIT TIMES. OF COURSE, I SPEAK ONLY FOR MYSELF. A LOT OF PEOPLE HERE IN THE WHITEHALL AREA (SPECIFICALLY, THE APARTMENT COMPLEX) ARE TOTALLY DEPENDENT ON THE BUS, AND THERE ARE SEVERAL SENIORS, AS WELL AS MYSELF.

AGAIN, I URGE YOU TO FIND ALTERNATIVES TO KEEP THIS VITAL SERVICE. I MAY EVEN HAVE TO MOVE OUT OF THIS CITY OTHERWISE. I WOULD HATE TO DO THAT. THANK YOU AND GOD BLESS!

JEFFREY BERKIN

To: Pittsburgh Regional Transport

Please reconsider cancelling the 14 Ohio Valley Bus service.

This service is very important to everyone along this route, workers, students, retired people, and anyone along the route who depends on the bus for transportation to and from their homes to and from Pittsburgh & points between.

I am 83 years old, and have used this bus service since 1959, when I got my first job in Pittsburgh. Over the years, I took the bus to attend school and later to teach at one of the universities. I can't imagine not having had a way to travel from Fair Oaks to the city & back. There is no other option for people along this route. So many people that I know depend on the 14 Ohio Valley, and especially now with what's happening in our country, People with limited means will have one more problem to endure if this bus service is cancelled.

Sincerely,
Doris R. Strouse

5/27/2025

(26)

Dear PRT Officials

We are residents of Concordia South Hills a multi-tiered retirement community at 1300 Bower Hill Road, Mt. Lebanon. Concordia employees about 200 people providing health care, residence, and food service for about 225 seniors. Most of these employees earn quite low wages. Many rely on PRT Bus Route 41 BOWER Hill to access their jobs.

Concordia is not alone in its dependence on Route 41. Similar institutions along Route 41 are Asbury Heights, St. Clair Hospital, Providence Point, and Vanadium Woods. Cessation of Route 41 would seriously deprive these institutions of critical employees providing vital health and senior services.

PLEASE DO NOT REDUCE SERVICE ON BUS ROUTE 41 BOWER HILL.

Duncan & Stephanie Downs Hughes
1300 Bower Hill Road, Apt 1410
Mt. Lebanon PA 15243-1393

(25)

My only means of transportation is the 14 Ohio River Blvd bus. I do not own a car or a lot of money. I take the bus to work, to the doctors, to the Grocery Store, to meet friends, to go to the movies, etc. If you eliminate the 14 on Ohio River Blvd. I will have to take Ubers. I cannot afford to do that. I cannot walk to work from my apartment. To walk to a different bus route would take and extra 30 to 60 minutes going to the other bus route each way.

How will people who live on Ohio River Blvd. have any transportation?

How will people who work until 11 get home?

Who is going to ride the T?

How are people who work for Amazon get to work?

How will the students get to Nazareth Prep on Ohio River Blvd?

I can understand if you change the 14 schedules. Everyone can work around that.

To completely eliminate the 14bus will cause a lot of hardship for people.

I am 86 years old with many health issues. I have taken Access for about 13 YRS. I live alone in a Senior High Rise. I have no other transportation in my area, and have no family member to help.

I rely on Access for Grocery Stores and many DR. Appointments. I have a small Soc Sec. the rates have already been raised in the last few years.

Please, do not change the fares to a higher Rate, or change the schedule.

This is already a hard way to do things.

Thank You

Elizabeth Rohm

Pittsburgh Regional Transit
Attn: Funding Crisis
Heinz 57 Center, 345 Sixth Avenue, Third Floor
Pittsburgh PA 15222

Subject: Regarding the Proposed Discontinuation of PRT Bus Route #14

Dear Pittsburgh Regional Transit,

This letter formally communicates the Leet Township Board of Commissioners' position regarding the proposed discontinuation of PRT Bus Route #14. After careful consideration and thorough discussion of the potential impacts on our community, the Board has unanimously concluded that it is not in favor of discontinuing this vital service.

We understand that service adjustments are sometimes necessary; however, we believe that the elimination of Route #14 would have significant negative consequences for a substantial number of residents. This route provides a crucial link for many individuals to access employment opportunities, healthcare facilities, educational institutions, and essential services. For those without personal vehicles, or those who rely on public transportation for economic or other reasons, Route #14 is an indispensable lifeline.

Discontinuing this route would undoubtedly create significant hardship, potentially isolating vulnerable populations and increasing transportation burdens for many.

The Board urges you to reconsider this proposed discontinuation and to explore alternative solutions that would preserve this essential transportation link for our community. We are open to further discussion and collaboration to identify viable alternatives that address any budgetary or efficiency concerns without compromising the accessibility needs of our residents.

Thank you for your time and consideration of this important matter. We look forward to your response and a positive resolution that serves the best interests of our community.

Sincerely,

The Leet Township Board of Commissioners

Pittsburgh, PA 15222

Dear Sir or Madam,

I am writing to support Pittsburgh Regional Transit. I am a 68 year old man who was blinded in my left eye three years ago as a result of a brain tumor. I cannot drive safely.

I live alone in Ross Township along the Perry Highway branch of the O-12 route, which will be eliminated under the proposed service cuts. This will have devastating effects on me. I will generally have to rely on Uber, a very expensive alternative. I am sure there are many others without viable transportation alternatives, not to mention the traffic congestion and pollution caused by extra cars from commuters that have cars.

Please do what you can to insure continuing service. It is my lifeline to doctors, hospitals, groceries, and so much more.

Respectfully,

Daniel L Hurley

RECEIVED APR 28 2025

To Whom It May Concern,

I am writing to express my strong support for Pittsburgh Regional Transit (PRT) and the urgent need for increased, sustainable transit funding in Pennsylvania.Public transportation is essential to the daily lives of over 33,000 residents in my council district and hundreds of thousands of residents in Allegheny County, ensuring that people can get to work, school, medical appointments, and other critical destinations. But even those of us who do not take public transit personally rely on it every single day—because our region depends on the people who do.

PRT served 37 million trips last year and operates 95 bus routes, three light-rail lines, and the historic Monongahela Incline, while maintaining critical infrastructure, including 79 bridges and eight tunnels. All 10 PRT routes in my district face significant service reductions, with a majority at risk of complete elimination. These service changes effectively immobilize thousands of residents in my district alone. This is a system that has been built and maintained to serve the people of Allegheny County—yet it is now facing a financial crisis that threatens its ability to function.

Governor Shapiro's proposed increase in the public transit share of the Sales and Use Tax would provide much-needed relief, but it falls short of what is necessary to maintain current service levels. Without additional funding, PRT projects a $100 million budget deficit in FY 2026, leading to major reductions in service, longer wait times, increased fares for seniors and riders with fixed-incomes, and a significant reduction in ADA paratransit services.

To prevent these catastrophic impacts, PRT requires an additional $117 million a year in state funding beginning in FY 2026 to sustain operations and invest in the future of our transit system over the next decade. Without action, our communities, economy, and quality of life will suffer.

I urge you to support legislative action in Harrisburg that provides long-term, sustainable transit funding to keep PRT running at full capacity. Public transit is a necessity for a thriving, equitable, and economically strong region. Thank you for your time and attention to this urgent matter.

Sincerely,

Anthony Coghill

Re: Service Reductions for ACCESS ADA
Rider: Karen E. Sams
1160 Bower Hill Road Apt. 902C
Pittsburgh, PA 15243

RECEIVED APR 25 2025

Dear Pittsburgh Regional Transit:

I am writing on behalf of my sister, identified as the rider utilizing ACCESS/STAR for transportation to and from **Prime Time Adult Care**, Bethel Park, PA. Karen has been utilizing the services of ACCESS since May 2020. After the disruption of the world as we knew it, due to "Covid" related issues, her rides were serviced by STAR, *their explanation* - to be able to provide continued service, *we have staffing issues and we need to re-distribute the service area demands from ACCESS to STAR.*

Upon review of the newly "proposed" service areas, we have learned that her residence in the 15243 zip code area will not longer be served by STAR. Karen cannot drive, she can pay for her transportation costs to STAR. The proposed service reduction map, ACCESS ADA Service Area no longer captures 1160 Bower Hill Rd., Pgh., PA 15243, for Karen E. Sams, birthdate 11/28/1959.

The reduced "proposed" service area will negatively impact my sister, with a disability, she will not have access to an ADA transportation service that can take her to an adult day care program, recommended by her neuro doctor at UPMC Mercy.

How did PRT determine the "proposed" service area for ACCESS/STAR? I have already completed an online form, in which they asked, "would the individual be willing and able to pay more for services," I responded yes.

It appears that the city of Philadelphia, PA has similar financial issues with their public transportation and SEPTA. A statewide problem? I have also read that our PA constitution does not allow for public transportation to tap that revenue source. Here a few suggestions:

1. Require individuals over age 65 pay, Allegheny County has a tremendous number of "baby boomer riders. If not full fare, then reduced fare.
2. What are the financial numbers for the fair box take e.g. is there a bar graph of revenues, and the impacts associated with the post-Covid world.
3. Instead of dressing up buses with unrelated to public transportation shrink wrap messages - is there any promotional money left to revitalize ridership? e.g. *Come on back, we have a seat for you, public transportation efficient and safe - here is what we have done to improve our system.*
4. PRT lost invaluable ridership from the suburbs, the park and rides that once spilled over with cars, now sit empty or 1/4 full.
5. **Do not change the the ADA transportation service area for Allegheny County!**

Sincerely, Becky Wisbon (sister/caregiver) becky.wisbon@gmail.com

To whom it may concern:

I am 67 years old and unable to ambulate. I have relied on Access vans with a lift to accomodate me and my mobility scooter for all my transportation needs.

The proposed cuts to the ADA service Area would have a detrimental impact on my medical care because I would be unable to get to my cardiac rehabilitation program run by Forbes Hospital (I am a post-heart attack patient, among other things).

I hope you reconsider the decision to reduce the ADA service area, the proposed reduction in service frequency and the fare increase as any one of these changes will have a detrimental effect on me and thousands of other Access customers.

Respectfully,

To Whom it may Concern;

In regaurds to the cancellation of PRT Bus Route 14, are you folks SERIOUS?

Do you realize the people that will be 'STRANDED' without this mode of Transportation?.

Consider the Riders to and from thier place of Employment; those going to the doctors, the Families going to the grocery store to feed thier children; and those that visit thier 'Loved Ones' on the Bus line.

I am one of those Seniors who rely on my Family to visit me via the PRT Bus. It is hard enough with the changes of growing old, to think they will not be able to visit with the Route cuts. A visit from my Daughter, who does not drive, not being able to ride the Bus to my home, means, to me, the sun will not shine today!. I look foward to "Sunshine" to arrive on Beaver Street from Pittsburgh.

Shame on you; all the money put into changing the name from PAT to PRT, NOW you need to eliminate Routes??

L 2)

Public transportation was a way to cut down on vehicle traffic and pollution. So that's not a problem anymore?? The City of Pittsburgh needs to shape up and take care of its citizens Better!. All of them, the children going to school, to the Seniors Keeping Doctors appointments.

The "money" gets "found" for other problems that arise in our Great City. "find" some to Keep ONE Bus Route going for all of us along Route 44"!

Thank you

April 18, 2025

RECEIVED APR 21 2025

To Whom it may Concern

My name is Darlene Williams. I will turn 85 is July. I no longer drive. I have had several surgeries in the past few years. Stomach surgery, 2 hip replacements, broken shoulder surgery and hand surgery on my hand that has left it partially paralyzed.

I do not get Social Security, I receive a small Government Pension. I worked for the government for 27 years.

I depend on Access to get me to my many doctor appointments. I am having back and walking problems now and need to use Access to go to the chiropractor Monday and Friday, Physical Therapy Tuesdays and Thursdays and Wednesday for eye doctor, dentist, foot doctor, blood work and my PCP. On occasion I can find someone to drive me to the chiropractor who is only 3 – 4 miles from where I live. I don't like to impose on anyone to drive me to my other appointments as they are further away and I know how hard it is to fill a gas tank today.

Right now that is 5 days a week I need NAMS. That has taken a chunk out of my monthly pension. Because there are not enough drivers there are times I have had to wait 2 hours or longer to be picked up. This is not an easy wait when you are so close to being 85 yrs old.

I have driven with many different drives over time and all them are wonderful, kind,, patient, polite and hard hard workers. You have no idea what some of them have to go through picking up people. I commend the drivers of the Vans when taking people in wheelchairs. I have been on a Van with 5 wheelchairs. The driver couldn't have been more pleasant, locking them safely in and getting them out. Going out of their was to take some down to a garage where another wheelchair was awaiting for them and the driver helping them from one wheelchair to another.

I have been with them on some of the most treacherous roads and some of the worst winter weather. No matter how bad the drive is for the driver, they are always up beat, talk to everyone making sure they are comfortable. Access hires the best people to drive and have to deal with the public. Sometimes not an easy job.

Please, please, please do not eliminate routes, do not raise the prices. Most riders elderly senior citizens, like me. We need this service. I tell every driver I thank God for them.

I think you should book a ride on ACCESS and see what a hard job this is for the drivers, see what they actually go through on the job. There main goal is to get us where we are going on time and keeping us safe during the ride. Please do not ruin the much needed service for the people that truly do need it.

Pittsburgh Regional Transit
ATTN: Funding Crisis
345 Sixth Avenue, 3rd floor
Pittsburgh PA 15222

I'm writing with grave concern about the proposed service cuts to public transit. **These cuts are unconscionable.**

Since I'm a Pittsburgh resident who is unable to drive due to limited vision, the changes would affect me personally. (I've used transit all my life – to reach work, to shop, to worship and to maintain social contacts.) However, **I am even more concerned about their impact on our region's most vulnerable residents.**

People with low-wage jobs -- already facing difficulty balancing work and family, and often working multiple part-time positions in different locations – will be required to spend substantially more time getting to and from work on any reasonable schedule. That's IF they are able to reach their job location at all. (Many do not have cars or use unreliable or shared vehicles.) Moreover, they are the most likely to be fired if they are deemed "late" or "unreliable." **This is morally reprehensible** – especially in a society with a seriously limited social "safety net."

As James Baldwin rightly observed: "Anyone who has ever struggled with poverty knows how extremely expensive it is to be poor."

There will be broader effects as well. Small businesses will be hurt The regional economy will be hurt. And once more affluent riders – who use public transit by choice or for laudable environmental reasons – abandon the system due to inconvenience, even greater service cuts will be required.

I am dismayed and angered that such cuts are even being considered.

With grave concern,

Richard St. John

Pittsburgh Regional Transit

ATTN: Funding Crisis

345 Sixth Avenue, 3rd Floor

Pittsburgh, PA 15222

Dear Pittsburgh Regional Transit:

I write this letter to express my passionate feelings about keeping the 54D Herron Avenue and Dobson Street bus stop. This stop is essential for myself and many Polish Hill residents to navigate around multiple neighborhoods in Pittsburgh. I am in my late 60's and my husband is in his mid 70's and find it impossible to negotiate the steep, long hills and many steps required to reach, and worse yet, to return from the bus way, down Herron Avenue toward Liberty Avenue. The hills and steps are too numerous and very steep and long for my arthritic joints, as is the case with many other Polish Hill residents I have spoken with.

The 54D bus, that I catch at Herron and Dobson, allows me to get to medical appointments in Oakland and Bloomfield, get to the South Side for haircuts, the Strip District for shopping, the North Side for CCAC and to reach the bicycle that I keep parked at Allegheny Center to ride along the river trail. These are all neighborhoods which are overcrowded with cars, congested with people and traffic and difficult to find parking which is scarce and expensive to try and park a car.

It truly is a quality of life issue that this bus provides. The 54D allows me and others in the neighborhood to meet our needs medically, physically, mentally, recreationally and socially. It connects the essential parts of Pittsburgh to our homes. I can even get a connection to the 28X bus in Oakland from the 54D stop on Herron and Dobson in Polish Hill, connecting me to the

Pittsburgh International Airport, essentially connecting me and my neighbors with the world. Being able to walk to the Herron and Dobson bus stop is what makes all this possible.

Please, I implore you to keep the 54D Herron Avenue and Dobson Street bus stop intact. In these times of overcrowded roads, air pollution, distracted and dangerous drivers, limited and expensive parking, please allow our community to continue to use the 54D bus to navigate through the city in an economic and environmentally sound manner. Thank you for your attention to this very important matter.

Sincerely,

Gale F. Albright

Pittsburgh Regional Transit
345 Sixth Avenue, 3rd Floor
Pittsburgh, PA 15222

Dear Sir/Madam:

Like many others in the area, I hear and read with concern your plans to greatly reduce service next year. Fortunately, I am a (very) senior citizen, and don't have to worry about using the T or the bus. However, my daughter is not so fortunate. She does not drive, lives in Sheraden, and has to take two buses to her place of employment on Banksville Road. Even now, depending on her schedule, she sometimes has to wait 45 minutes for a bus at the end of the day, if her husband or I can't pick her up. Needless to say, she is very anxious about the proposed changes, one of which would eliminate the service out Banksville. She loves her job and of course, the lack of income would be quite a problem if she couldn't find something else that she could reach by bus.

I grew up riding the streetcar (not the 'T) My father worked for Pittsburgh Railways for 40 years, and my brother and I say, half jokingly, that he is turning over in his grave, as that company never had issues like this. I'm hoping that someone in your organization, or someone in state government is going to realize what a disaster these cuts would be, and find a way to avoid it. The citizens of Pittsburgh are depending on you.

Thank you for your consideration.

Sincerely,

Nancy Carman

Leetsdale Manor Senior Apartments
27 Spencer Street
Leetsdale, PA 15056
10 April 2025

PRT
345 Sixth Avenue, Third Floor
Pittsburgh, PA 15222
Attn: Funding Crisis-PRT

Pittsburgh Regional Transit:

Questions: Why spend three-quarters of a million dollars on rebranding to emphasize regional transit if you are proposing to not serve the region of bus route 14?

Do you not have the creative minds on staff or via outsourcing, as was done for the rebranding, to think of an alternative to eliminating route 14?

This letter is an addendum to the cover story in the April 3rd *Sewickley Herald*, which covered the chaos and hardship PRT will create by eliminating bus route 14.

Speaking for the nearly 60 residents of Leetsdale Manor Senior Apartments, most of whom do not own cars and all of whom reside in low-income subsidized housing: Our building is right on the 14 route. Getting to Pittsburgh is only one reason we ride the 14. But even this one reason would mean having to walk 25 minutes to Ambridge to get the BCTA bus if there is no 14. Some residents are physically unable to do that, and for those of us who are, there is the hot summer or frigid, icy winter. The walk is because BCTA policy is that a trip must originate in Beaver County, and we live in Allegheny County. Also, BCTA does not go to Pittsburgh on weekends. So there would be hardships introduced for getting to Pittsburgh for

- food shopping at East End Food Coop and Trader Joe's
- a doctor's appointment
- a veterinary appointment
- applying for food stamps
- getting a ConnectCard
- going to DMV
- going to a court
- jury duty
- attending Quaker meetings in Shadyside
- the Pittsburgh International Jazz Festival

- the Three Rivers Arts Festival
- clothes shopping at Target or Bridgeville Walmart
- visiting family in Lawrenceville and Scott Twp.
- going to Allegheny General Hospital
- going to the North Side methadone clinic
- going to Rivers Casino
- attending music and other events at Market Square
- visiting friends in Squirrel Hill
- going to an animal shelter to adopt a pet
- meeting with an attorney

There are, in addition, more-local reasons we value the 14:

- to ride to Ambridge to get BCTA buses to Aliquippa or to Baden, Rochester, Beaver Falls, and beyond
- to get to State Representative Rob Matzie's office in Ambridge
- to shop at DeWalt's Health Foods in Ambridge
- to bank at New Alliance Credit Union in Ambridge
- to go to a doctor's appointment in Ambridge
- to shop at a large hardware/garden center --- DoItBest --- in Ambridge
- to have a meal out at Maple Restaurant or K&N Restaurant in Ambridge
- to go to Police Station Pizza in Ambridge
- to make a wheelchair visit to family in Ambridge
- to go to the Thursday Farmers Market in Ambridge
- to visit Old Economy and antique stores in Ambridge
- to get a soft-serve at Ice Cream Therapy in Ambridge
- to go to CVS or Rite Aid in Ambridge
- to get to Leetsdale Giant Eagle when walking is not an option
- to go to one of 9 banks in Sewickley

- to get to work at Eat 'n' Park on Ohio River Blvd. in Sewickley
- to get to Sewickley to get PRT's Route 21 to Coraopolis or Moon
- to go to the Saturday Sewickley Farmers Market
- to recycle glass in the receptacle on Broad Street in Sewickley because Leetsdale Boro does not recycle glass
- to food shop at Safran's Market
- to go to a doctor's appointment in Sewickley
- to go to Rite Aid in Sewickley
- to go to Sewickley Public Library to use a computer or check out books transferred from Carnegie Library of Pittsburgh
- to shop at Robinson's Hardware & Garden Center in Sewickley
- to have a coffee and dessert at Starbucks or Mediterra in Sewickley
- to shop at Fine Wine & Good Spirits in Sewickley or Ambridge
- to go to USPS in Leetsdale, Ambridge, or Sewickley
- to get an ice cream cone at Scoops in Sewickley
- to take advantage of a membership at the Sewickley YMCA
- to do business at the Verizon store in Sewickley

Public transit is not an area of expertise of any of us, but here is an offering of a possible alternative to eliminating the route: Reduce the number of daily trips by half and give the 14 driver the 54 route out of Allegheny Station as well, which would take up the down time created by the reduced route 14 trips.

The above bulleted points are actual destinations of riders who live at Leetsdale Manor. The 14 means a lot to us. Please find a way to serve this "region" and keep the 14 running.

Sincerely,
The Elders of Leetsdale Manor

copies:
State Representative Valerie Gaydos
State Representative Rob Matzie
State Senator Devlin Robinson
Allegheny County Councilperson Suzanne Filiaggi
Leetsdale Borough Council President Maria Napolitano

Resident by Lytle Station
Silver Line Trolley

ATTENTION:
Funding Crisis

Hello, and thank you for your service work there at PRT. As a resident along the very long term trolley route of the former Pittsburgh Railways Company, here in the South Hills, "47L. Library via Overbrook", then the "Blue Line-Library", then The "Silver Line", I'm writing to ask for needed funding from our State and Federal sources to maintain our much needed staple in our community, that's been an extremely SAFE and RELIABLE and necessary public transport for our residents deep into the Southern most communities of Pittsburgh, PA, Allegheny County.

In my particular neighborhood, the Lytle Station on the Silver Line is a crucial access point as well to the large Allegheny County Park of "South Park".

The trolley emits zero pollution exhaust as it is ALL ELECTRIC!

5963

Our Silver Line is a part of the First Generation streetcar system, representing Pittsburghs Legacy of our Beloved South Western Pennsylvanian "Mr. Rogers" ♡

♡-We-Love-our-Trolley-♡♡♡

I personally do regular volunteer litter pick-up in my local Lytle's Park-n-Ride parking Lot and along my neighborhood trolley tracks to Keep the beauty and dignity of this very valuable transit of our "T" Trolley ♡

In the course of Pittsburgh's history it was once proposed to entirely eliminate all streetcars and we residents here in the South Hills particularly stood up to preserve this in our area, or else, Pittsburgh may have lost this very special and healthy form of transit.

While our whole country is picking up the pieces since the traumatic coronavirus Pandemic,
PLEASE ALLOCATE FUNDING for the T and for including the BeLoved SiLVER Line

Attn: Mass Transit Closures

To Whom It May Concern:

I have been a mass transit user since I was fourteen years old. Over the years, transit services have declined for regular users. Recently, the Port Authority of Pittsburgh proposed closing 40 additional routes due to lack of funds. This concerns me deeply, as I depend on the buses to take me where I need to go! Additionally, these closures will negatively effect communities. Many people depend on mass transit to get to work, school, and doctor's appointments! How do you expect these residents to get to where they need to go with no bus services? What about people who leave work late at night and now do not have a safe way home? What about people who work overnight shifts? You can't be serious! Please take their safety into consideration! Port Authority workers will also be negatively affected by these budget cuts. There will be layoffs. What will you do about that? Something needs to be done to prevent these closures. The Port Authority needs to work with state and local organizations and government, and as a team come up with a solution. Pittsburghers need mass transit! It is already difficult to get around the city with the current services let alone closing additional routes! In addition to fare increases, these proposed route changes will negatively affect the residents of our city. I am asking the leaders of the Port Authority to rethink these proposed changes. We need to keep the busses running! Pittsburghers depend on public transportation! Listen to your employees, especially the bus operators, as they have a stake in these changes as well!

Respectfully,

Kristen Greene

To Whom It May Concern: Attention Funding Crisis

I have been riding with Pittsburgh Regional Transit since I was 14 years old. As the years have Gone on it has just got worse. Now hearing about the 40 routes they are trying to get rid of completely due to funding really got me concerned for someone like me who takes the buses everywhere. Not just me but for the whole city of Pittsburgh this is not good at all. will really have an effect on so many people and communities. Pittsburgh depends on public transportation and without it this is going to be so hard on many. Not everyone can drive or afford a car. This will also have an effect on people's jobs, appointments and etc. even businesses the workers that catch the bus how do you expect them to get there without no bus service. Then not having no buses run after 11pm you can't be serious. How about people that work overnight or getting off late. How will they get around. Please take that into consideration. This will even effect the Prt workers a lot of layoffs then they been hiring new people to they will be the first ones laid off. What are you gonna do about that? Something needs to be done theres no way this can happen. Need to figure out something as a team and fix this issue. Listen to us passengers when it comes to certain things we cant lose this it will really be hard getting around. We must have public transportation. Then with the changes they to do already with the buses please leave them alone. Its already hard getting around. This won't make it no easier just more complicated with what has happened already. Then with the fare being raised please don't do that it does not need to be raised no more. It's a struggle already with the prices. People be having a hard time already not having bus fare and that's just going to cause more issues to it. I am asking that you get the funding you need to keep these buses running. Pittsburgh depends on public

transportation and we need it. So many will be stuck it will really effect this city. It will not be good. Please do better for this city listen to the operators when it comes to things to they have a voice as well. Please do something about this.

Thank you

Concerns About Public Transportation Changes

Reducing public transportation routes while increasing fares will have a significant negative impact on our community, particularly on low-income residents, seniors, students, and individuals who rely on transit for daily commutes. Fewer routes mean longer travel times, limited access to essential services like healthcare and grocery stores, and greater difficulty getting to work or school. Higher fares place an additional financial burden on those who can least afford it, forcing many to choose between transportation and other basic needs. These changes could lead to increased traffic congestion and pollution as more people are forced to rely on personal vehicles. Public transit is a vital service that supports economic growth, social mobility, and environmental sustainability—cutting it back will only hurt the community in the long run. We urge decision-makers to prioritize affordable, accessible, and reliable transit for all.

Additionally, reducing routes and increasing fares will disproportionately affect disabled individuals who rely on paratransit services for their independence and daily activities. Limited service options will make it more challenging for them to attend medical appointments, access employment opportunities, and participate in community life. Higher fares create further financial strain, restricting mobility for those who already face significant barriers to transportation. A fully accessible and affordable public transit system is essential to ensuring equal opportunities and quality of life for all members of our community.

We strongly urge lawmakers and transit authorities to reconsider these changes and explore alternative solutions that do not place an unfair burden on vulnerable populations. Investing in public transportation is an investment in the well-being and prosperity of our entire community. We call for open dialogue and community engagement to find equitable solutions that maintain and improve transit services rather than diminish them.

Re: Save Our Service

To the Board of PRT:

I am extremely concerned about the funding cuts to public transportation in our area. Every city that wants to be vital needs great public transportation. Public transportation should not be for the few but for the many. Pittsburgh, long been a "car-centric" city. I, myself, have always favored taking the bus over driving a car because it eliminates problems: parking, road rage, distracted drivers; and, not to mention the fact that cars have become an expensive luxury. The cost of car insurance, fuel, and maintenance has risen exorbitantly. In addition, it is environmentally friendly to ride public transportation.
I believe that if the funding is restored, this situation will crop up again. The question would be how to attract more riders. If employers or the government offered some type of benefit or perk to those employees who ride public transportation, perhaps it would attract some. Also an ad campaign featuring prominent people riding the bus might open some peoples' minds and change their attitudes toward it. I am a senior citizen and enjoy my pass. Each bus ride is an adventure. It would curtail my freedom and lessen the quality of my life if the bus routes and schedules were curtailed. I do not want to think about a car or driving in this day and age so please do what you can and plan a strategy so that others might see the ease, pleasure, and financial savings of public transportation.

BOROUGH OF TARENTUM

OFFICE OF BOROUGH COUNCIL
318 E. SECOND AVENUE
TARENTUM, PENNSYLVANIA 15084
724.224.1818

April 1, 2025

Katharine Kelleman
Chief Executive Officer
Pittsburgh Regional Transit
345 Sixth Avenue, 3rd Floor
Pittsburgh, PA 15222

RECEIVED APR - 4 2025

Subject: Urgent Request to Reconsider Transit Service Reductions in Tarentum, Brackenridge, and Harrison

Dear Ms. Kelleman,

On behalf of the Tarentum Borough Council, I am writing to express our deep concern regarding the proposed service reductions that will affect Tarentum, Brackenridge, and Harrison. These changes would have a disproportionately negative impact on residents in our part of the County, particularly those who rely most heavily on public transportation.

As you are aware, the Allegheny Valley communities, particularly Tarentum and its surrounding areas, are home to one of the largest concentrations of County Housing Authority properties. Our residents rely on reliable, accessible, and frequent transit services to connect with employment opportunities, medical care, grocery stores, and educational institutions throughout the region. Cuts to these routes will isolate the very individuals and families PRT is committed to serving.

We urge PRT to reconsider any service reductions in this corridor and instead work with our municipalities to find solutions that enhance access and equity. Reliable public transit is not a luxury; it is a lifeline. When service is cut, especially in vulnerable communities, the consequences ripple outward, affecting not only workforce participation and healthcare access but also food security and social inclusion.

Our region's economic revitalization and community health depend on inclusive and equitable access to transportation. Tarentum Borough stands ready to collaborate with PRT to explore alternatives and advocate for service improvements that reflect the needs of all our residents.

Thank you for your attention to this matter and your continued commitment to public service.

Sincerely,

Scott Dadowski,
Council President

RE: Funding Crisis
Route: 36 Banksville

Dear Director and Board of Directors:

I write because of the recent news on PRT Funding Crisis, and consequent proposed cuts in service across the region.

Indicated on the LIST of proposed routes for elimination is the 36 BANKSVILLE.

This is the bus my family and I use for transportation into Downtown Pittsburgh, and to the surrounding area of the South Hills, for doctors appointments, and other necessities.

It has provided efficient service for a number of years.

Please note that we have lost 2 other bus routes servicing our area in past Port Authority CUTS; namely, the 37A McFarland, and the 37 B Banksville-Mt Lebanon.

The current 36 Banksville Route has stops on Banksville Road and elsewhere that offer safe passenger boarding and discharge, and WALKABILITY.

Any other bus routes in the vicinity, such as Greentree Routes, do NOT offer safe pedestrian options for walking from our place of residence on the hillsides, to and from the Bus Stop.
Since there are no sidewalks, one has to walk the highly trafficked streets of Potomac Avenue and/or McMonagle Avenue & Greentree Road - to reach the Bus Stop.

In summary,
I urge you to reconsider this bus route elimination - for the economic impact and safety of our neighborhood.
Please keep the 36 Banksville Bus Route in operation.
Thank you.

Sincerely yours,

Marie Senko

Pittsburgh Regional Transit
ATTN: Funding Crisis
345 Sixth Ave, 3rd floor
Pittsburgh, PA 15222

RECEIVED APR 17 2025

Dear Pittsburgh Regional Transit,

For years, organizations throughout the Pittsburgh region – including community development groups like Mon Valley Initiative – have called for consistent, reliable public transit funding. Yet, funding has remained stagnant, even as costs for transit agencies have continued to rise. Across Pennsylvania, transit systems are now approaching a critical funding cliff.

The Mon Valley region includes low- to moderate-income (LMI) communities that depend on public transportation to access essential needs: healthcare appointments, grocery stores, schools, job centers, and more. The proposed funding cuts would have long-term, devastating consequences for these communities as they actively work to recover from decades of disinvestment.

Many participants in Mon Valley Initiative's Workforce Development and Financial Coaching program rely heavily on public transit to get to job fairs, interviews, training programs – and ultimately, their places of employment. Without reliable transportation access from the start, they are placed at a serious disadvantage in their pursuit of sustainable careers and long-term financial stability.

It is imperative that the current funding gap is resolved, and state legislators pass a dedicated source of funding for public transit. Doing so would not only restore transit service across the state to 2019 levels but also expand service in historically underserved communities like the Mon Valley, which have experienced the deepest service cuts.

Sincerely,

Laura R. Zinski

Re: Opposition to elimination of the P71 Route to Swissvale

Dear Ms. Kelleman:

Please accept this correspondence from Swissvale Borough Council and staff as our official opposition to the proposal to eliminate the P71 Swissvale Flyer Route between Swissvale and downtown Pittsburgh as part of the proposed fixed route service cuts.

The P71 serves as a lifeline for many Swissvale residents for transportation access to their jobs, schools, higher education, healthcare and everyday needs. Eliminating this route from Swissvale will cause an undue hardship on our residents who ride this route regularly as they will now have to seek alternative methods to travel to their destinations which may include multiple buses, additional cost and more travel time. Other riders may need to drive to a different location to ride a different bus or seek alternative means to access other stops that will cause an undue hardship which is contradictory to one of the goals of public transit of reducing or eliminating single use vehicles from the road.

The elimination of the P71 from Swissvale would disproportionately affect low-income residents of Swissvale as they do not have the means to seek alternative transportation solutions. Riders who do not have a Connect Card will incur additional costs. Others may be forced to miss work, school or critical healthcare appointments if the bus service can no longer accommodate their needs.

We find the proposed elimination of the P71 Swissvale Flyer Route to be unacceptable and detrimental to the overall well-being of the residents of the Borough of Swissvale. Pittsburgh

7600 Evans Street · Swissvale PA 15218 · 412-271-7101 · 412-271-5441 fax

Regional Transit and its predecessor agencies have made significant infrastructure investments in Swissvale that will now be underused. The elimination of this route is contradictory to your mission to "Advance our region by investing in our communities and connecting people in a safe, equitable and reliable manner." Safety, equity and reliability will be diminished in Swissvale if the P71 Swissvale Flyer is eliminated. We ask that you please reconsider your proposal to eliminate this route and continue to serve the residents of Swissvale in the manner that they have become accustomed to and deserve.

On behalf of the Council for the Borough of Swissvale I would like to thank you for your consideration of our request.

Sincerely,

Greg Bachy

To Whom it May Concern,

My name is Ginger Kymer and I am the Community Manager of St. Justin Plaza, which is part of Presbyterian SeniorCare Network. St. Justin is located on Boggs Avenue and is home to approximately 100 low income senior citizens and adults with physical disabilities.

It has come to our attention that Pittsburgh Regional Transit plans to eliminate 41 routes in February 2026. Two of the routes slated for elimination are the 40 and 43. These routes are vital to the residents of St. Justin, as these are the only two bus routes which travel through Mt. Washington. Every resident of St. Justin relies on their fixed incomes, meaning these eliminations would cause extreme financial hardship to this community.

Many residents do not drive and rely on PRT for transportation to doctor appointments, work, shopping and to see family. There are also SeniorCare Network staff members and home health care aides who rely on PRT to bring them to St. Justin to help the residents who live here.

I implore you to voice this concern on the State & City level by asking for the dedicated funding to preserve public transportation. I have gathered 119 signatures from St. Justin residents, staff and home health care aides who are also asking for your help in this important matter.

The strong support of this petition is a testament to how vital the 40 and 43 PRT routes are to the residents of St. Justin and all of Mt. Washington.

Sincerely,

Ginger Kymer

IN RE: PUBLIC COMMENT ON PROPOSED SERVICE REDUCTIONS AND FARE INCREASE

* * * * * * * * * *

PUBLIC COMMENT PERIOD

S1-027959-001:

Brian from IT. Testing, testing, testing. Thank you.

S1-029108-001:

Hi, my name is Sonya, and Zip Code 15228, Mount Lebanon. Please don't cut service here in the South Hills. I really depend, same with a lot of other people, I really depend on bus service here in the South Hills. I have no other way to get around. I don't have family. I don't have friends. I don't drive. So please, don't cut service in the South Hills. Please, don't. Please, please, don't. I can't afford any other way to get to and from work either. So please, don't cut the service out here in the South Hills. The 41, the 38 or the 36. Please just raise fares. I'll be willing to pay for whatever, how much the fares go up, but I have no other way to get around. I can't afford a car. I'm not rich. I am not a rich

person. I have no family. I have no friends. Okay? I can't call a cab to get to and from work because that'll be paying for cab service and I'd go broke. So this is very scary. This service cut is very scary. It'll hurt the economy. It'll hurt a lot of people like me. I can't go on unemployment. Okay? Please, I'm begging you. I'm one of the people who's going to really make my voice heard, and my voice is going to be heard. Please, don't cut service in the South Hills. Please, don't. Please, don't. Please, don't. Don't you Port Authority people care? It'll hurt a lot of people like me. You have no idea.

S1-029110-001:

Hello. My name is Arlene Wolk. I live in the city of Pittsburgh in the East End, specifically Point Breeze, Squirrel Hill area. I am opposed to so many proposed changes to your

service and funding cuts and so many cuts to various bus routes that would affect me and others in my area. I plan to follow this up with written communication as well. And I think you should not raise fares. They've already been raised in the past few years. And I think that if you make these cuts, fewer and fewer people will be using Pittsburgh Regional Transit. Bye.

S1-029114-002:

My name is Paul Wilkinson. My Zip Code is 15205. I am a disabled person and also a retired person. I need to have public transportation to get around for necessary trips. Please do not cut the buses.

S1-029149-001:

My name is Sonya, again, and I'm really going to make my voice heard. I have no family. I have no friends, and I really depend on a bus service

here in the South Hills, 15228. Please, don't cut bus service. I don't have family. I don't have friends. I can't afford a car. I am not a rich person. I really depend on public transportation out here in the South Hills, the 41 Bower Hill. The 38 Mount Lebanon. I'm one of those people who really depends on this bus service to get around. Please, please, please, don't cut it, please. Just raise fares, raise fares. It's okay. Okay. But other than that, I'm one of the very many people who depends on this bus service out here in the South Hills. Please, please, don't cut the bus service out here in the South Hills. Please, don't cut this bus service out here or a lot of lives, including mine, will be ruined. Please, make Port Authority better and don't let Port Authority go south.

S1-029164-001:

Ross Mitchell, 15104. I understand the fare increase is probably going to happen. I'll adjust my budget. Where I live, I have 3 of your bus lines that kind of serve me very well. One of those bus lines is the 59. Please? As much as the territory it covers, it goes from Walmart to Walmart, North Versailles to West Mifflin. Do not mess with that line. It covers so much. Just don't mess with that. But my main bugaboo, no service after 11:00. No, that cannot fly. That just leaves so many people in the lurch. So many. No. The after 11:00 this cannot fly. I know you're going to cut some lines. People are already up and honest, about some neighborhoods that are - but after 11:00, no. Please, not that. And I will be at the convention center May 29th, April 29th, and say the same things. You got to have service after 11:00. And with all the changes

you'll make, you do not mess with the 59. And when you check into what the 59 covers and how long it is, its coverage, you're probably going to say, maybe we don't have to bust it, but you got to have service after 11:00. And I'll see you'ins on the 29th of April.

S1-029202-001:

Hey, my name Isabel Taylor. I live at Zip Code 15102 and I just wanted to call opposing the service cuts. It's going to be really bad for Pittsburgh. Luckily, my line itself isn't affected, but I have a lot of friends who are not going to be able to get to work, and they'll either have to leave their job or move to be able to earn a living. And I know that that's not isolated just to them. This is going to be something that affects everyone in Pittsburgh and the community as a whole. If there's anything we can do to fight for more funding, obviously,

I'm in support of that, but even fare increases would be favorable to completely gutting the transportation. Again, I appreciate it, and thank you for taking this into account.

S1-029221-002:

My name is Sandra Finley. I live in Greensburg, 15601. But I have lived in Pittsburgh and relied on the bus system when I lived there. And now when we go into town, we often use the buses or the T. We have children and grandchildren who live within this parameter of the transit system. And both, and all of them, rely on the bus system to get to work or the T. So it would be a great inconvenience if the bus routes are changed. I'm not sure what the answer is. I'm hoping that you can perhaps get some additional funding, perhaps some of the foundations. But I would think that most of us would rather have - would rather have an increase in price than

a change in the routes.

S1-029258-001:

Hello, my name is Georgeann, and I'm calling about the 59 Trafford route. I understand that starting in February 2026, it's not going to travel through Pitcairn. And your website and your everything I hear says you service Allegheny County. Well, Pitcairn is in Allegheny County. And if you're not going to be in Pitcairn after February 2026, then you are not servicing all of Allegheny County. And I really would hope that you would reconsider doing that and have the bus run through Pitcairn. I really appreciate that. Thanks again. Bye.

S1-029262-002:

Hello, my name is Georgeann and my Zip Code is 15140. I wanted to discuss the proposed change of the 69 Trafford bus not stopping in Pitcairn. And I know that you serve Allegheny County,

and Pitcairn is in Allegheny County. And if you eliminate that service, you're no longer servicing Allegheny County. And there are quite a few folks here that work in Oakland, like I do, that rely on that bus. And I actually have been using the bus service for 30 some years. So I would appreciate if you would consider, reconsider, I should say, changing that and having the bus run through Pitcairn. Thank you very much. I appreciate your help. Bye.

S1-029320-001:

Hi, my name is Faith Muse. My Zip Code is 15211. I've been riding the buses since I graduated high school and went to CCAC South Campus out in West Mifflin. With the proposed cuts, being someone that is an advocate for --- like a self-proclaimed advocate and tries to do a lot of more public stuff for public transit and now living in an area that relies heavily

on transit with being off of Warrington Avenue. Seeing these proposed cuts to multiple areas makes me concerned for a lot of people, even for the previous community I lived in, which was Baldwin at 15227. Because I remember when you guys cut a lot of buses, and the bus that went up Willett and Church View no longer existed was cut. I don't care about a proposed increase, if you kept every bus we needed. The buses that you're cutting, like the 39 Brookline, is cutting off a community from downtown and other places that they need to get to, including that. And then the 58, which is the Greenfield bus, which is a community within transition between the young and the old. Whereas a lot of young folk, there is an increase in the afternoons and in the mornings when people are getting off and going to work, but I know ridership during the day gets lower. I understand such things. But cutting out the entirety

of a line is not the solution. With Greenfield, using them as an example, with older folks not owning cars, just trying to go to the Giant Eagle and just trying to go to the community center on Greenfield Avenue, that is cutting off a lot of older folks from doing what they need to do because they may not drive or choose not to drive anymore. With the proposed cuts to the Curry Flyer and the Prospect Flyer, both of those go through housing plans and apartment complexes that have high immigrant and low income communities. Those are also one of the only buses that go out to CCAC South Campus. And you're cutting off a lot of people that may be low income going just to community college just to get an education. I like to admit, also, that none of the buses you guys want to cut are anything to Oakland.

S1-029324-001:

Hi, my name is Andi Fischhoff. My Zip Code is 15217 and I'm calling on Monday, the 31st of March. I think cuts to the Pittsburgh Regional Transit System are an appalling idea. Money needs to be found to avoid - in order to avoid these cuts. This is going to be so punishing for so many people in this region if these cuts go through. So I'm calling on PRT and all of our elected officials to do what is necessary to avoid this happening. This would be a disaster. Thank you.

S1-029488-001:

Hello there, my name is Christopher Gordon. My Zip Code is 15218. I'm just leaving a comment about the upcoming changes to Pittsburgh Regional Transit. I just want to say I think it's absolutely despicable, and I want to emphasize that, despicable that these changes are

being made that impact low income Pittsburghers, Pennsylvanians, Allegheny County citizens. It's just absolutely despicable and a disgrace that we can find an estimated $640 million in PA taxpayer money in calendar year 2024 to send to Israel that is dropping bombs on children and massacring and genociding the Palestinians, and yet we can't find the money to take care of our own citizens. How despicable is that? And what an absolute, absolute disgrace. There's no logic to it. There's no rationale. If anything, we should be increasing access to public transit, not blowing up little kids with PA taxpayer money. It is an absolute disgrace. It is absolutely despicable. I am 100% against the changes being made. If anything, we should be increasing bus routes, lowering fees, giving low income people a fucking chance. Put that in the public record. Put that in the

fucking public record that we need to stop donating $640 million annually to a genocidal maniac nation like Israel and we need to be investing that money in our own fucking people. How ridiculous. How absurd. Our elected representatives, none of them, no Democrat, no Republican, none of them deserve reelection. They all should be thrown out. It's just so absurd. It is so absurd. And I hope you record every single word of this in the public record because it is so ridiculous. And something's coming - something is coming if something doesn't change. Because we are so sick and tired of our elected representatives taking money that we've earned and not even spending it on us, spending it on shit that does not.

S1-029501-001:

Andrea Byrom, 412-937-4520. My comment is hopefully they won't have

to cut the buses, specifically 26, 27, 28X and 29, because they also have those same routes is part of the redesign. And I'm not sure, there's some confusion, at least for me, between the PRT redesign, which is supposed to be next year, and now the cuts scheduled for next year in February, specifically the 26th and the 27th. On the cuts, proposed cuts, the 26th is gone, with the 27th staying, but on the redesign it's exactly opposite. The 26 is staying and the 27 is gone. So if they could also clarify the differences between the PRT redesign and the PRT proposed cuts? Thank you. Bye.

S1-029594-001:

This is Margaret Deffler and my Zip Code is 15224. I think this idea of stopping the buses at 11:00 is a crock of salt. The buses - the hospitals run 24 hours a day, 7 days a week. A lot of the people that work in

hospitals, nursing homes, do not drive. So what I want to know is whether the Port Authority, are they going to provide other transportation? Are the big wigs that are making these decisions, are they going to be able to take the hospital personnel and the nursing home personnel home or are they going to tell them to wing it on their own? I'm willing to lay odds that a lot of the people that are making these bad burn decisions to close the, to stop the public transportation at 11:00 probably go out and plant their family in a dagburn car. They probably don't even use public transportation. All's is, me, me, me, and the heck with everybody else. This is bull crap.

S1-029633-001:

Hi, my name is Mark Sussman. My Zip Code is 15236. I'm in the Baldwin area. I'm calling to express a comment on the proposed elimination or

reduction of bus routes. My bus, the Y47 Curry, is the only bus that comes to and from downtown where I make many trips for all sorts of things. I would be - myself and thousands of other people in this area would be left without transportation, simple as that. I know they're waiting for funding from the state. I think they should do any and all things to try to get the funding. This would leave - this would devastate this whole area. I'm semi-retired. I don't have to be at a job at a certain time, but there are tons of people that do. I do have to go downtown. I go to the Rivers Casino. I don't have a car. Even when I had a car, I took a bus because it was so convenient. I, you know, the bus is typically on-time both ways to and from town. This would be devastating. It would leave people basically stranded. I'm not about to go buy a car. I don't have money to buy a car. I don't want to have to

call Uber for such things, as I participate in focus groups, I get paid to do different focus groups downtown and in Oakland in research studies. I'd have no way to get there. I'm not about to pay a ton of money to get to where I, you know, to get there. I would end up making no money. It wouldn't be, you know, feasible. I just feel like this is a bus route that I know they've decreased the amount of times that it goes, but that's fine. Even if they decrease some of the times, that would be okay. Anything's better than total elimination of the Y47 and a lot of these other bus routes in the area that affect so many people. It would be - that's all I have to say. It would just be devastating. And I just wanted to record this message. People in a major city, like Pittsburgh, should not be without transportation, you know, reliable transportation, to just be stranded and have to pay a

fortune to go anywhere. Okay. Thank you for listening.

S1-029653-001:

Hi, I'm calling in regards to the concern, over concerns of cutting funding. I live up in Troy Hill and looks like the route that runs on Troy Hill would be cut and leaving the neighborhood with absolutely no connection, transit connections, which would really isolate the neighborhood and be really terrible for the neighborhood. And yeah, I'm hoping that we can do something about this. My name is Chris. My number is 201-899-8546. And I just wanted to add my concerns. Thank you.

S1-029718-001:

Hello, this is Michael Cochran. I'm very concerned about the scheduling changes coming up in 2026. I need to ride a lot of buses like 61C, the 56 Lincoln Place and the 55 Glassport and

the 59 Mon Valley. I wish you'ins things wouldn't reduce the scheduling of the buses and the times and the drivers and all that, please? My name is Michael Cochran. Please see, look into that for me because my name is Michael Cochran. Phone number's 412-580-4470 and 412-401-8969. I would like for you'ins not to change my bus schedules because I do a lot of bus traveling. Thank you. Bye. Oh, my Zip Code is Michael Cochran, C-O-C-H-R-A-N. My Zip Code is 15132, McKeesport, PA. My post office box, P.O. Box 508, Clairton, PA 15025, if you wish to send any information in the mail. Bye.

S1-029756-001:

My name is Albert Stanish. I live at 1795 Renee Drive, South Park, PA, and I ride the Silver Line at least 3 times a week. Causing me to change my entire schedule, leave later, leave earlier and try to make the

connection. The Silver Line has become an integral part of Library, PA 15129. They just built a number of homes around the parking area to entice these people to come here to make it easier for them to make their transitions to their workplaces. Please do not close this line. It is an integral part of our community. It also puts an extra stress upon those who are disabled to make switches and change cars and take away the fact that you can get on one car and ride into the city. Thank you very much and please, please, consider this an important fact, not a leisure. Thank you, again. Goodbye.

S1-029956-001:

Hi, my name is Anita Penn and I'm opposing to these cuts with the bus service and even the fare. I am a 72 year old woman who has a disability and I really do need the transportation for the convenience.

If not, I'm going to be stuck. Okay. I hope this is enough information and I do hope we can help save this transit service. Thank you.

S1-029961-001:

My name is Susan Krah and my Zip Code is 15102. I am opposed to the elimination of the Silver Line. As a Bethel Park resident and a non-driver, that would leave Bethel Park without any public transit provided by PRT and provide a significant hardship for me as someone who doesn't drive. Thank you.

S1-030110-001:

My name is Christopher Nigel. My Zip Code is 15213. And my compliment (sic) is, are you guys are going to take ACCESS off the street? We need ACCESS, and we need PAT authority, like this to stay on. And we don't want you all guys to shut, you know. And we need PAT authority because how

can people get around go grocery shopping like old people and young people? We need, like, a public based transit, and we got a lot of people in wheelchairs, so, and we going to need like a lot of big transit. My number, that's 412-499-6748. Hope I found you today. Bye-bye.

S1-030143-001:

This is Constance Burger calling. B-U-R-G-E-R. And I'm calling concerning the cutbacks for the ACCESS service starting 2026. I would like to make arrangements to set up a time for it for the hearing at 5:00 p.m. on the 29th of - Tuesday, the 29th of, April 29th, 2025. I'll stay on the line.

S1-030146-001:

This is Constance Burger calling. B-U-R-G-E-R. I'm calling concerning the funding cutbacks for February 26, 2026. It would be very devastating to me. I would like to set up a time for

a hearing which for April 29th at 5:00 p.m. at the David Lawrence Convention Center, downtown Pittsburgh. If somebody could call me back, send me some information so this time could be, you know, committed? You know, I have the time available because I'm going to need a time for that. So if somebody could give me a call back at area code 412-973-5783 to make sure that, you know, my time start is for the start for that time, 5:00 p.m. at the hearing for Tuesday, April 29th at 5:00 p.m. down at the David Lawrence Convention Center, downtown Pittsburgh. Thank you and have a nice day. Could somebody please call me? Area code 412-973-5783. Thank you and have a nice day. Bye. The service cuts would be very devastating to me and I would not be able to leave my nursing home, Southwestern Nursing Center. Okay. Talk to you later. Look forward to hearing from you. Thank you. Bye.

S1-030174-001:

Yes, my name is Christina Bennett. I live in Brookline and I would like to leave a comment. The Zip Code is 15226. If you guys cut the 39 bus line, Brookline, there's going to be a lot of people out of jobs or stuck. We'll be totally cut off from the city of Pittsburgh. You cannot, under any circumstances, consider cutting the 39 bus. I would really appreciate it if you guys reconsider it. My phone number is 412-513-3702. Thank you. And this is a serious situation. Thank you.

S1-030230-001:

Stephanie Ulmer, 15218. Public transit, along with food and shelter, is a necessity. Without adequate transit, you simply can't get to where you need to be. You can't get to work, the store, the doctor, school, church. Cars are expensive for many of us, and for many of us they're

unaffordable. Some of us are no longer able to drive. Public transit is a necessity, not a luxury. We need more of it, and fares should be lower, not raised. Thank you.

S1-030260-001:

Donna Tressler. T-R-E-S-S-L-E-R. And my comment is, I can't believe you're getting rid of the Silver Line here in South Park. My Zip Code is 15129 and people depend on that Silver Line to get to work. I just think it's awful. They put money into that Silver Line a few years ago. It's beautiful at the end of the loop. And I just wanted my voice heard. It is awful.

S1-030839-001:

Hi, my name is Robin Bolea, and I am a Sewickley, PA resident in 15143. And I'm calling to comment on the proposed cuts to the service lines, specifically, the Number 14 Ohio Valley Line, which supports a large

portion of the staff working in Sewickley, as well as a lot of the local residents that rely on that line on their daily needs. Please don't cut that line. We need that line. Please don't cut it. Okay. Thank you. Goodbye.

S1-030932-001:

Hello, my name is Sharon Sealey and I live in the Zip Code 15236. My number is 412-655-0196. Again, this is Sharon Sealey. I'm calling because I don't have computer access to computers. I don't know how to use them. But anyway, I understand or heard that the Y47 Curry Flyer was going to be removed from up here. And I have oxygen and a walker and I need the buses. You know, I've been up here 25 years and, you know, they keep doing this and that with the buses, but we really need to have transportation up here because I can't walk too far either because of my

health issues. So I'm just, you know, want to, you know, put it out there. And also, you know, I need to know where I could go to speak on this on my behalf and maybe others up here that need the Y47 Curry Flyer. Again, this is Sharon Sealey. The day is April the 4th. It's about 10:34 a.m. so. So if someone can call me and let me know what all buses are being discontinued for next year, I appreciate it. Thank you very much. Bye.

S1-031177-001:

Mary G. Perrone, Zip Code 15235. Telephone, 412-551-7950. I am one of two siblings who are wheelchair-bound who are unable and have never been able to drive. We are 50 year subscribers to the Pittsburgh Symphony, the Pittsburgh Opera and the Pittsburgh Civic Light Opera. If we do not have transportation to those matinee performances, we will not be

able to attend as we have. In addition to that, we won't be able to get to doctor's appointments, such as dentists and internists and things like that. It's vital that they keep this service running during the day and especially on the weekends so that, you know, you can attend the ball games and the other cultural activities that the city has to offer. Otherwise, there's no alternative except a private carrier, which is $80 to $100 one way. So I would urge you to find some way to create a tax similar to a RAD tax to try to make up the funding deficit. Thank you.

S1-031405-001:

Good morning. This is April the 7th. It's Mayor Betsy Stevek from the Borough of Pitcairn. I was just calling for to place my comment. I really think bus service is needed out this way. Certainly, maybe not as much. I understand for sure Trafford

is being eliminated, but I think at least one stop here. If you could come to Pitcairn, we have a yard by the fire company. You could turn around and make a stop there, a very convenient stop. You wouldn't have to do the individual stops. Okay. Thank you. Goodbye.

S1-031728-002:

Yes, my name is Joan Ulicny. U-L-I-C-N-Y. I'm calling from the Scott Township area and I'm calling about the proposed changes to the ACCESS system. I've been a user of the system for 16 years. I'm blind, paralyzed on one side. I rely heavily on ACCESS transportation to take me to medical appointments, as well as personal needs. I have no family here in Pittsburgh and with my given handicaps of blindness and paralysis, I don't feel comfortable standing at a bus station. Although, I hear the bus transportation will be diminished as

well with these new proposals. It is such a necessary service. I can't put a price on the confidence I have had over these years. Getting into a car, knowing the drivers and knowing that I'll be delivered safely to my location. It also gives my sister, who lives in Utah, a lot of confidence knowing that I have safe transportation. Very concerned about the cutbacks. I live in the Scott Township area. My main ACCESS provider is Air Star, and I've never had a bad trip. Some have been delayed. I understand there have to be cost increases. Everything's going up. I'm not calling to protest that. I'm calling to call to ask that the services not be diminished in any way with regard to ACCESS to trips in the South Hills area, downtown. Too many fantastic people who are in predicaments where they can't drive themselves because of their own personal health or because of their

age or autistic children. My phone number is 412-310-4026. My name is Joan. I'd be grateful to have a call back from you and would love to talk to anybody about this upcoming change.

S1-032391-001:

Yes, my name is Joe Fedor. I take the P69 Trafford. I work at UPMC. And as I said that's my mode of transportation down there and that's my mode of transportation. I take that daily. And so I hate to see it cut. I said I've been riding the bus for since I was a college student at Robert Morris. And so I hate to see it cut because I just seen the bus and the bus is 80% full, 80 to 90% full when I take it in the morning and at night. But I said, I hate to see it cut. Said I'm not in - I'm in favor if you can raise the fare 25 cents, that's fine. But I said I hate to see the services cut of any service that's cut. I said I'm just voicing my

opinion. Said I ride the P69. Thank you. Bye.

S1-031405-001:

Good morning. This is April the 7th. It's Mayor Betsy Stevek from the Borough of Pitcairn. I was just calling for to place my comment. I really think bus service is needed out this way. Certainly maybe not as much. I understand for sure Trafford's being eliminated, but I think at least one stop here. If you could come to Pitcairn, we have a yard by the fire company. You could turn around and make a stop there. A very convenient stop. You wouldn't have to do the individual stops. Okay. Thank you. Goodbye.

S1-032621-001:

Yeah, my name is Nicholas Cotter. That's Nick Cotter. C-O-T-T-E-R. Zip Code is 15226. Phone number, 412-592-6352. Just calling about the proposed

cuts because of lack of funding that would be enacted later next year, I believe. So I live in Brookline and Brookline would basically lose almost all service minus a couple of Ys that would go through on the sort of far side of the neighborhood which is not accessible by most. So we would lose 39 to 41. And the red line would also have cuts. So Brookline would essentially not have a bus and I rely on the bus. I don't have a car for work, for friends, etcetera. $120 million to not have the cuts from the state. So just calling for that. So again from Brookline. These cuts will be devastating all across the county, but particularly for my neighborhood. Thank you so much for taking my comments.

S1-032771-001:

Hello, my name is Judy Puder. My Zip Code is 15056. I'm very disturbed about the change in discontinuing

Route 14 for the PRT transit. I have many people that I know, including relatives, that ride the bus and this route, and they're going to be very discouraged and they're not going to be able to get to their jobs, to school and other things, even visiting me. I'm an elderly lady and I need my people to come to visit me. And they're not going to be able to do this if they don't have the bus transportation. Please consider this to everybody who rides the bus. You want us to ride public transportation to cut down on the cars. This is not the way to do it. Thank you for your comments and everything that's going on, but consider this.

S1-033409-001:

Hi, my name is Monica Miller. My Zip Code is 15102. I'm in Bethel Park and I just wanted to leave a comment. You know, I understand the struggle of funding and everything, but I have to

still give my feedback. And my feedback is over 30 years ago, I bought a house in Bethel Park and I am very close to the trolley. And for over 30 years, probably more like 35, I rode the trolley, the library, which became the Silver Line. I rode that trolley every day back and forth to work. And I think that eliminating the Silver Line is going to really (A) impact our property values simply because a lot of people bought because they're near the trolley. Because they could take the trolley to work and not have to drive their car. You know, it just saves a lot of money and all that sort of thing. So anyway, that's my feedback on that. I would hate to see that gone. And I thought there was something else and it's not. It went out of my brain. Anyway, I would like to see the silver Line continue and thank you very much.

S1-033428-001:

Hi, my name is Gail Albright. My Zip Code is 15219. And I would like to leave a comment regarding the 54D as in dog or David. 54D as in David stop at Herron and Dobson. I live in Polish Hill and I'm in my late 60s. My husband's in his mid-70s. There's a lot of elderly in this neighborhood, including the whole John Paul Plaza complex up on the hill. And the importance of this stop being kept, the Herron and Dobson stop, because it's not possible for myself to walk down to the busway. It's a huge hill. Herron, in and of itself, and then let alone getting down to the busway and then back up is really not feasible for myself and many others. And the importance of this 54D route connecting myself and others to Oakland for medical appointments, to the Southside, to the Northside where CCAC is. I keep a bike over there so I can ride on the trail. So it's

really a quality of life issue for me. And getting to the Strip District, these are places that are very difficult to drive and park. And using public transportation is better for the environment, traffic on the roads. And also, I'm able to get to the airport, even to get the 28X by connecting on Fifth Avenue, the 54D to the 28X. So it's very important to certainly my quality of life and many of us in the Polish Hill neighborhood to keep that Herron and Dobson stop for the 54D. Appreciate you listening and taking this to those that are making those decisions. Thank you very much. Bye-bye.

S1-033515-001:

This is Thomas Kalanick, 15145. PRT funding is essential. Please fund PRT. I use ACCESS for doctor's appointments and therapist appointments, and there's no other way to get there. Please fund PRT and

ACCESS. Thank you.

S1-033697-001:

Hi, my name is Carol Bors. I live at Zip Code area 15137. I just received this letter about the changes to the ACCESS 65+ program service. I'm not very happy about this changing in no service after 11:00 at night and raising up my fares each direction in the ACCESS vans or ACCESS vehicles. You know, people work and they're in their 70s and 80s and they work. Okay. They have no choice. They don't have a vehicle. This does a disservice to them as well. I use the ACCESS to go down to the Benedum. Shows are over in the evening. Okay. And by you stopping the services though after 11:00, I may not be able to even get transportation back to my home. So now because of PRT and their drivers and the pension plans sucking up all the money; therefore, us people that are 70 years old are now having

to sacrifice our entertainment, our retirement and our social activities because of the expenses of management and the drivers making too much money and the cost of their health insurance and their pension plan. That's not right to the rest of us that want to travel safely rather than traveling alone to downtown Pittsburgh and walking through a parking garage alone in the evening. Pittsburgh is not a safe place for a single person to be maneuvering around the town in the evening. But you are taking away my social activities by attending theaters, plays and any kind of activities that the city of Pittsburgh has. So I thank you for letting me do the comment by phone. Everyone wants you to go online. And again, if PRT wants to buy my computer, pay for my internet and teach me how to use a computer, you're more than welcome to do that. I appreciate it. So time now is 4:15. This is Monday, May 14,

2025. And I wish there was another way to keep the rides available for the 70 year old people. I mean, Allegheny County gets enough taxes. Look at the rental taxes.

S1-033803-001:

Hello, this is Carol Capezzuti. I am a regular rider with ACCESS. I think your service is excellent. I think that you could charge a little more if you need to make it work. Maybe you could give people that are really in dire need a better rate. I am not one that needs a better rate. I would be glad to pay a little bit more even just to help keep the system going. Appreciate your service. Most of the time it's great. Thank you. 724-544-9256. Thank you. Bye.

S1-033822-001:

This is Judith Evans calling, 412-415-0079. I have a comment on the bus cuts. I don't think they should do

it. And also on ACCESS, because a lot of people take ACCESS who want to go to bingo at night, and if it ends at 10:30 and they have to have the PAT Transit 11:00, there's no way that they can do it. So the people have to stay home for the rest of their life. It's not fair. And I'm being honest with you, because there's a lot of older people that have doctor's appointments late at night and it's not fair to them. I'm talking for everybody, not just myself. My phone number is 412-415-0079. I'm here, like, at 3:00 in the afternoon or 4:00. And all these new service lines that you have to go through for your ID license is not fair either. Bye.

S1-033890-001:

Yeah, this is Nancy Ray. I was just concerned about the cuts and the PRT service for the seniors. And I would like to see if what, you know, take effect. I was just curious how that's

going to affect everybody in Pittsburgh, you know. Okay. All right. Bye.

S1-033968-01:

This is Michael Williams. My phone number is 412-683-6392. I was calling to give you all my correct address. And I was calling to get more information on this PRT changes. I would appreciate if somebody would call me back as soon as possible so I can take care of this matter. Thank you very much. Michael Williams. My phone number is 412-683-6392. I'm an ACCESS customer.

S1-033972-001:

My name is Bob Buck. My Zip Code is 15217. I would like to see an audit of the PRT to find out where the money was spent, that they're $100 million in the hole, and I'd like to see that audit published in the newspaper so that people can see it.

S1-034010-001:

Hello, this is John Cotter. My Zip Code is 15226. Wanted to comment on the proposed cuts as they are now, if they happen. I live in Brookline. You know, Brookline wouldn't have any bus access. We would lose even our main bus with the 39. There are over 13,000 people in the neighborhood. So make sure if cuts happen, at least Brookline has something. I wouldn't have any way to get to work without your 39 or any other buses. And a lot of other people wouldn't either. Usually, this bus is pretty full in the mornings and, you know, after work, at least. So I want to make sure there's at least something if the cuts do happen. Thank you. Bye.

S1-034016-001:

Hi, my name is Sharon A. Shimp, S-H-I-M-P. My Zip Code is 15239. I live out here in Holiday Park, Plum Borough. I did fill out the form last

week when I was in town at the office at the Regional Transit Office. I do take the bus on occasion to come home. When I have a dental appointment, I try to use ACCESS or ACCESS to care. It all just depends who can bring me in that morning. On occasion, I do take ACCESS home, if I can, or I take the Port Authority bus. Now, the HP, the P12 Flyer, and the Monroeville Flyer, according to that form, they want to eliminate both buses. So I'm kind of curious as to what bus I'm supposed to get to come home to Holiday Park if ACCESS cannot bring me home or sometimes ACCESS to care, they only wait a certain time. And then, you know, like when I go into town to go to the dentist and I stay in town for a while. Like this happened to me last week. I had a dentist appointment the 12th. I stayed in town for a couple hours and then they canceled my ride, so I took the bus home. I do take ACCESS all the time.

My husband passed away in 2020, and I take ACCESS on a regular basis. In fact, this week I'm taking it tomorrow from Monroeville over to Lowe's, and then tomorrow evening from Panera's back to Holiday Park. Thursday, I have a hair appointment, and then I'll be going to the mall and the mall back to Holiday Park later in the day. I don't have any other form of transportation. I do not drive. I do not have any relatives in the area. I have a grandson, but he's on the road constantly. And I don't have any neighbors I can depend on here. I did have one neighbor, but right now her health is not good and she doesn't even live on my street. I'm on Tahoe Drive. I've been taking Port Authority, which is now Regional Transit, since 1965 when I graduated from high school out here in Plum.

S1-034029-001:

Sally Eberhart, 15212. I think it's

terrible that you'ins want to cut down these buses for certain areas. People cannot get to their jobs and they cannot get home from their jobs. And the seniors cannot walk that far to get other buses and they cannot pay higher wages to ACCESS. And ACCESS don't have the drivers to begin with. So you need to find the money that we're paying for the lottery and other things that you're getting the money. What are you doing with it? And get the mayor to find out what he did with $14 million.

S1-034032-001:

Hello, my name is Ellen, E-L-L-E-N, Savadge, S-A-V-A-D-G-E. I'm an 85 year old woman that is without a vehicle. I don't drive anymore and I depend on ACCESS for my doctor's appointments, mostly doctor's and medical appointments. I don't shop that way. My daughters do the shopping for me with my food and I'm

on a program now that I get food delivered to my door. But this is going to take a big impact on me. I live on Perry Highway in Ross Township and I want someone to listen to me because this is very important. I have a daughter that works, but she also is suffering from cancer. I have another daughter that is mentally challenged and there's no one here to help me. I depend on ACCESS for going to the doctor's only, not anything like going to the theater or anything like that. So I want to propose this and tell you exactly how this is affecting me. I know the money and charges are not a problem. Let the charge --- the problem will be is when you're taking so many routes off the different areas. And some of the doctors that I go to are changing their hours to early hours, which I'm really surprised. They're closing their doors at 5:00 in the afternoon. They're not seeing people very much in

the evening or on Saturdays or on Sundays. So it really requires me and other people to have advantage of having ACCESS. You can call me and talk to me, I appreciate it.

S1-034033-001:

Hello, this is Lisa Williams. I live in the Munhall area. My number is 412-736-1272. My comment is we need ACCESS 65 plus program because a lot of us have to go in different areas and we need the amount to stay the same because a lot of us are on fixed income and we don't have the means of keeping up with the prices every time they go up. But we do need the service locally and far out. So I hope that you will consider us and give it some thought and may you stay within the program that already is. If I could take part in it in any kind of way, give me a call at the number that I left on the line. Lisa Williams.

S1-034035-001:

My name is Ellen, E-L-L-E-N, Savadge, S-A-V-A-D-G-E. I forgot to put my Zip Code. So it's 15237. That's Ross Township. And I want somebody to hear that I'm going to have a real problem without ACCESS to attend any of the doctor's appointments I may have. I'm 85 years old. I live alone. I live in apartment complex and my phone number is 412-883-2999. 412-883-2999. Thank you. And I hope you do something about this because this is going to impact a lot of people. And I'm hoping to --- the money aspect of it and the increase is not going to affect too much, but the actual taking the routes will and we need ACCESS. I'm speaking for myself, but I'm sure other people will agree. Thank you very much. Have a good day.

S1-034089-001:

Yes. My name is Maureen Riley and I live in Lawrenceville. My Zip Code is

15201. I was just calling about the 91 Butler Street bus. I live in Lawrenceville. I don't drive. Most of my neighbors on the block don't drive. And we depend on the Butler Street bus and also the 87 Stanton Heights Friendship Bus to get to doctor appointments and to the hospital over in Shadyside and to dental appointments. A lot of my neighbors, as well as myself in Stanwix and Bloomfield. And were just concerned about that. It's going to affect a lot of people here, and I'm getting up there in years, but I'm not quite as old as so many of these people that are on the buses with their, you know, their scooters, electric scooters and things, and everybody's going to Giant Eagle and Waterworks to get their groceries. It's going to affect a lot of people. And I was just hoping and praying, you know, they don't, you know, cut both of those rides or diminish the rides

or anything for the people. Thank you. Bye-bye.

S1-034186-001:

Hi, my name is Virginia M. Burren. My Zip Code is 15106. That's Carnegie. I take ACCESS to all my medical appointments. My service carrier is Air Star. And it's been working out so nicely. My sister is an RN, but she can only take me to one medical appointment a month, one medical appointment a month. I would have no way to get to my medical appointments. I don't know what I'd do. The people here at my building, it's called Honus Wagner Plaza Apartments at 1 3rd Avenue, Carnegie, Pennsylvania, 15106. And there's many people here that take ACCESS and that is their only means of transportation to life-giving medical treatment that they need. I hope that they can change the policy. And I hope that it'll work out for everyone in a much better way. Thank you.

Bye-bye.

S1-034332-001:

Hi, my name is Linda Claypack, and my Zip Code is 15207. I'm calling to request that you please do your best to maintain the current services, especially ACCESS. I am blind, elderly and I have low income. The reduction of the bus routes would be detrimental to so many. With living expenses rising dramatically and who knows how much they'll increase further with the tariffs, we need to have our public transportation be affordable and accessible. Thanks for listening. I appreciate the services very much.

S1-034352-001:

Hello, my name is Michael McKitra (phonetic). Yes. My name is Michael McKitra. I have a comment about the 69 Trafford Bus. I'm wondering why you're canceling the service to

Haymaker Village. I work out there and I live in East Pittsburgh. I need that bus for my job. My job, Subway out there, 3:00 to 8:00 in the evening. And I would like to say is there any way we can keep the Trafford to go to Haymaker Village instead of Wilmerding? It said you'll just run it 'til Wilmerding. Well, I need to go to Haymaker Village so I don't have to walk. Okay. My name is Michael McKitra. I put in a comment and thank you. Have a good day. Bye.

S1-034393-001:

Hello, My name is Cynthia Jankowski. My Zip Code is 15213. About the proposed cuts to transportation, I rely on public transportation to do everything. To get my groceries in, to be able to visit family and friends, to get to church, to get to doctor's offices, to participate in community activities, everything. To go to my Medicare gym in order that I

stay healthy, everything. So I really, really need this service and I would like to see it continue at the levels that it is on. Thank you.

S1-034490-001:

Hello, this is Gail Eisenberg. My Zip Code is 15102. And I would like to say that it is a very sorry state of affairs that the Trump administration is cutting out funding for so many things, and it takes in cascades into such things as rides for seniors. And I think that somebody has to stand up and stop this cutting of funding. Thank you.

S1-034620-001:

Bradley Harris, 15129, South Park. My comment is I'm very dissatisfied with the proposed changes for the PRT, specifically, the elimination of the Silver Line all the way to the Library stop. That is right within walking distance of where my wife has her

primary transportation to and from the work going into the city. We are a new development that we moved into and this was one of the main points is that the public transportation was there. This severely impacts our ability to have dual income in our house and it also severely impacts our decision to whether or not to stay within Pittsburgh. If that is something that goes away, that's going to restrict us bringing our money, as both employed residents here, bring that money into Pittsburgh, downtown Pittsburgh. So we attend a lot of events. I mean, I'm just not going to be too enamored and I will be moving away as a result. And it's a discussion that I've had. So I really would encourage congress or whoever's in charge, PRT, to really push and get this corrected. This is really unacceptable. There's been increases, to my knowledge, and it's what are we doing? You're dialing back. You're

making incremental improvements, but you do not make a public service better by eliminating everything and continuously raising it. I know for a fact that the workers who are PRT employees are not really doing enough. I know how much they make given my profession that I do. And there is a lot of wasted resources. So this needs to be looked at. And I really implore whoever's in charge of this matter to make adjustments, make amendments. I'd be okay with an increase on the fare, but not an elimination of an entire line or lines. That is unacceptable and that impacts every person in your area who uses PRT. Thank you. And hopefully, this comes with a more positive result as I wholeheartedly disagree with the changes.

S1-034655-001:

My name is Michael Brooks. My Zip Code is 15234. And I'm calling about

these cuts in public transit. There's no reason to be cutting out the Silver Line, which has been in service for over 100 years. There would be no transportation at all on that Silver Line and all these bus lines. As a senior citizen and disabled individual, I have to rely on public transit again. So it is time that the management at PRT and our elected officials get together and take care of this funding issue once and for all. There's no reason to be cutting any type of service whatsoever. Communities that have good public transportation will thrive. Those who do not, will not. So this needs to be taken care of and it's time that they get serious about it. And also, I really think it's time that the CEO of PRT maybe should take a cut in pay. At $300,001, that's a lot of money for a CEO. And then also getting a bonus when it's in the issues in crisis. And also into Oakland to be having

this university line when there's plenty of bus service out there. Again, that's ridiculous, again. And you're going to cut service off to other areas where there's people that are poor, disabled and elderly. Again, it is time to make sure that public transit is funded properly once and for all. Thank you and have a good day.

S1-034689-001:

My name is Christine Coulter. My Zip Code is 15216. What I see constantly, anytime there's a sporting event or say an arts festival in Pittsburgh, every time the T or the bus gets backed up with a lot of people, the drivers will tell everyone, get on, just get on, just get on, just get on. And they don't charge anyone the fares. When it's a busy day like that, that's exactly the day when we should be charging fares. That's when you make your money. Your drivers are

doing your company in because the schedule is so impossible for them to keep when there's an event that they can't handle it, so they just ride everyone for free. It's disgusting. That should never, ever go on. Hundreds and hundreds of dollars on sporting days that are just given away because your drivers only care about keeping the schedule, not keeping the company running. It's a shame.

S1-034707-001:

Hello, my name is Carolyn Garrison. My Zip Code is 15212 and I'm calling in reference to the proposed service changes. And I am greatly saddened by the changes, because two years ago I was in a bad car accident. Totaled my car, messed my back and knees up. And I was unable to get around without asking people or practically begging people to take me places. But then I was approved for ACCESS, which was a blessing on top of a blessing. And

I'm on a fixed income. I get disability and that doesn't go that far. I get $37 in food stamps. That doesn't go that far. I'm grateful, but if the changes go up and the fares go up, it's going to limit me being able to get out and go to the doctor, go to the grocery store and things like that. Because only have one child and she can take me sometimes, but I don't like to ask all the time, and I have no one else to depend on. So basically, what I'm saying is I depend on ACCESS. And I hope that we can get funding, and I pray that we can get funding to help us all. Because we need it, especially those who got to go to dialysis and those who have to go to heart appointments, which I do also. We just need you. We just need you all. Please help us.

S1-034710-001:

My name is Nancy Martin. I'm at Zip Code 15229. I ride the 8. It comes

out to Westview, to Westview Plaza. That is my only mode of transportation, so I would hate to see it cut. And as far as increasing the price of ridership a little bit, I support that if that's going to keep the buses operating. But I'd hate to see you get rid of service on Bus 8. Thank you.

S1-034920-001:

Hello, my name is Audrey Darnie Barker, Zip Code 15122. I think ACCESS is absolutely necessary. We need this because for doctor's appointments and for other things to go shopping and just to get out of it. You hate to depend on other people to have to take you. This way, ACCESS comes to your door, picks you up and takes you to your location of where you want to go and they pick you up. It's a wonderful service and I think we must keep it available for all of us seniors. I have had it for quite a

few years. I'm 78 years old and it's really necessary. It is. Especially, every month I have to go to the eye doctor's and it makes it so much easier just to call up and have ACCESS come and pick me up. Thank you so much. I appreciate it and I hope ACCESS lasts forever. Thank you. Bye now.

S1-034944-001:

Hello, my name is Jane Bettinelli. I just received a few days ago in the mail a letter laying out the proposed service changes. And I was calling to make comments. I use the ACCESS right now, the ACCESS in McKeesport. Excuse me. Because I don't have a car. I can't get anywhere unless I have transportation. And I'm sure that many other people use it for the same reason. I think it would be a big disservice for everyone using ACCESS at this time to take that away. I hope there is some way that you can

find out a way to get some funding to keep it running. That's all for right now. Thank you.

S1-034990-001:

My name is Alan Byrd. I live in Shaler, Glenshaw and my Zip is 15116. The comment I'd like to leave is about the Number 2 Mount Royal bus. I see that it's facing elimination and just wanted to make a comment that a lot of us seniors, that's the only transportation we have from town or from Shaler out to the malls, and it will be a real hardship for us not to have any transportation at all. And we could go along, possibly, with cutting some of the service and times and stuff, but to eliminate it completely would be a real hardship for us living, not only seniors, but other people, too, that live in this area. So if you can take that into consideration, we would appreciate that. Thank you.

S1-035081-001:

My name is Cynthia Watts. My phone number is 412-445-0386. I'm reading about the budget cuts and the ridership availability for people. This does not affect me. I do have a vehicle. I live in Shaler. I drive to work. I drive places and I'm close by to businesses to work if I chose. And I would --- and I'm a certified public accountant and I would like understand the budget restraints existing with the transit system. Because I know what areas this is going to affect and those areas that a lot of your ridership go around do not have vehicles, do not have work opportunities. This is me. I don't know this for certain, but what I hate to see happen is that teenagers and young adults who live in areas that they do not have cars, do not have businesses around them, are no longer going to be able to travel to the North Hills area to work at the Ross

Park Mall and all the businesses up and down that corridor. I think that we should rethink what we're doing, if that's going to affect those kids. I'd love to see people come in from other communities and work in our area at these businesses. And we have to encourage this with our children. We have to. This is important. There's nothing downtown Pittsburgh these kids can work. Malls are closing everywhere and yet we have sort of a vibrant area up in the North Hills. And I would like to see transportation increase to those areas. I'd like to look at the budget and be on a committee to review and get a brainstorming situation. Thank you. My name again, Cynthia Watts.

S1-035163-01:

Hi ma'am, my name is Frank Herbert. I was talking to the chat online option here with some questions in regards to the proposed service changes. I work

for a local business and we're trying to get the proposed service changes uploaded into our mapping software to overlay on top of our facilities to make sure and see what the impact would truly be to our employee database. If you could, please give me a call back. What I'm looking for is a KML file to be able to upload that into our mapping software and based on what I'm seeing from your graphic displays, you should have it. If you could give me a call back at your earliest convenience. My phone number is 619-370-5629. Thank you. Bye.

S1-035191-001:

Jacquelle Blackburne, Zip Code 15146. You know, it's really a shame that these funding cuts are happening, because a lot of people can't make it to where they normally have made it to. And then with the fare going up, that makes it even more expensive to

go places. It really is a shame, you know, and I think it's not right with the way that things are going politically. I think there's something to be said for that, because it's not really fair to people who can't make it different places. To the poor, to the working poor, it's not fair. And the rich don't care because they can afford vehicles to go different places. But this is not fair. This is not fair. They can find money for everything else, you know, but they can't find money to fund transportation. Something has to be done.

S1-035200-001:

Katherine Nahemow. N as in Nancy, A-H-E-M-O-W, 15217. I want to just say that the proposed cuts to ACCESS would cause me a major inconvenience. I go to Mount Lebanon to 700 Bower Hill Road to visit my boyfriend. He's been put in a nursing home and that would

be out of limits according to the proposed cuts and it would cause me a major inconvenience and I want to ask you not to do it.

S1-035227-001:

Hello, my name is Julie Kant. That's K-A-N-T. I'm calling on April 19th. I'm calling about the daughter for, on behalf of the daughter of a good friend of mine. She has been disabled since birth with spina bifida. Although, she's a very active, young woman now in a wheelchair, she is completely dependent on Route 14, the Ohio Valley route bus route, to get her downtown to her job. She also advocates for other disabled people and has served on some boards. This is just a devastating --- would be a devastating change for her, would completely upend her life. So I hope something can be done to change this crisis, to save this crisis from becoming a crisis. And I realize that

there's not a lot can be done at the local level, but I hope people realize just the terrible impact that this is having on the community. Thank you.

S1-035279-001:

Hello, my name is Jennifer Manners. My telephone number is 412-821-2995. My Zip Code is 15209. And, I guess, I would just like to voice my opinion on the Route 2 proposed elimination. My husband and I would strongly oppose the elimination for the Number 2 Mount Royal. It seems like it's a vital lifeline for a lot of people in Millvale and Aetna. I understand if there needs to be a service hike. However, the elimination, I think, would be a very --- it would leave a negative impact and a complete void for a lot of folks. It is a nice option if we have to go into town, and I think that eliminating it would be a very bad decision. Yeah, my husband and I travel quite a bit and we always

take public transportation. And I really don't understand how Pittsburgh always seems to be in this position. The service isn't great to begin with compared to the price. And I feel that we can say that because we have visited many, many cities, and their public transit is almost always better than our transit. So I don't know how it makes sense that we're always in this situation. Okay. Thanks. Bye-bye.

S1-035286-001:

Hello, my name is Dorothy Conroy. I'm at 15226 and I'm calling to comment on the proposed elimination of the 39 Brookline line. More and more, it feels like people don't count in the United States. And now in Pittsburgh, too. I oppose the elimination of the historic 39 Brookline route. Did you know, by the way, that the route started in 1905? So the route's been running for 120 years. As far as I

can tell, only four other lines are older. That should mean something. Now, rather than eliminating the line, I suggest a compromise. Maybe every two hours, so that the driver can share another line also offering service every two hours. Or maybe drop the service to like three times a day so the community isn't left completely stranded. Maybe inbound something like 8:00 a.m. and Noon, or 1:00 p.m. and 6:00 or 6:30. And then outbound maybe 9:00, 1:30, 5:30 or 6:00. And this should include weekends. For example, I depend on the bus for symphonies on Sunday afternoons and for the theater. So please, find a compromise and don't eliminate the route, please. The residents need it. I need it. Don't leave us stranded. Keep 39 Brookline, even if it's at a greatly reduced schedule or like three times a day. At least it would be --- we might have to arrive extra early, but at least it

would still be available to us rather than cutting us off completely. Please don't eliminate 39 Brookline, please. Thank you.

S1-035353-001:

My name is Diana Hull, H-U-L-L. My Zip Code is 15237. And I am concerned about the cuts to public transportation here in Pittsburgh and throughout the surrounding areas, like from Ambridge and Sewickley and so forth there. The people that use them are people that can't afford a car, but need to get to work and are willing to work, but use the public service. There's also a handicapped person I know of who is very independent and uses the transport system to get to her work. And without that, she has no job, no income. And what is she supposed to do as well as these people that are trying to get to work? I mean, when they try to get to work and, you know,

they're spending an hour on the bus to get there because they can't afford a car. We spend so much money on road repair. Why can't some of that money go towards a better transit system so more people would use the transit system and not so much the cars? Anyway, please, really consider this. Thank you.

S1-035606-001:

Hello, my name is Megan Moller. I live in Emsworth. My Zip Code is 15202. I ride the 14 Ohio Valley bus every day to work and sometimes home and other times. And I would hate to see that route cut because it is such a long route from Ambridge all the way to the city. And I know that everybody has a different reason for riding the bus. I do not have a car. We only have one car, so I ride the bus and it gets me to and from where I need to be. So cutting that route would greatly affect that, not just

for myself, but I'm sure for everybody else that rides that bus. It's not like it's an empty bus by any means. So I would hate to see that bus be one of the ones on the chopping block because of how busy it is and the route that it goes. I know a lot of people also don't like to park or pay for parking in the city because it's very expensive. So I feel like people would be greatly affected, the people that go into the city. So please, if anything, please, that would be the last, one of the last routes I would cut. So I hope that this is listened to and that they take into deep consideration the buses they're planning on cutting. So thank you very much. Have a great day. Bye.

S1-035665-001:

My name is Maria Greco. My phone number is 412-415-9591. I would show up at one of the public comment hearings, but I've got dialysis on

those days. In any event, I rely on ACCESS for all my transportation needs. Unfortunately, I can't ambulate and I rely on the use of a scooter. So ACCESS vans are the only mode of transportation that can accommodate my needs. And your proposed change is well, meaning that I will not be able to access my cardiac rehab program run by Forbes Hospital on Route 22. It's within a mile of the Allegheny County border, but it's out of Allegheny County. And so, unfortunately, you folks are cutting it and I just won't be able to attend. So the proposed cuts to the ADA service area will impact me quite severely. So I've written a letter to this expressing my concerns and I hope that you folks can find another way of balancing the budget. Thank you very much. Bye.

S1-035667-001:

My name is Maureen Norrisey, and I am

physically challenged, and I do have a car, and I do had to learn how to drive with hand controls and get them installed in my car. But there are still certain places that I need ACCESS to get to. And my husband also is handicapped and is in a facility because he has Alzheimer's. So I depend on ACCESS for him to get places too, because the only way he can leave the facility is in an ACCESS vehicle that has the lift for a wheelchair. So this would put both of our lives really in horrible positions, and we really try to use ACCESS only when we really need it. But we do need it, and we need the funding for this. So please, don't change the funding. Please find another avenue of funding for ACCESS and PRT. Thank you.

S1-035821-001:

Hi, yes, this is Maureen Gall, G-A-L-L. My Zip Code is 15131. I have no other way of getting to

doctors without ACCESS, and I can't afford them to cancel or deny me, so hopefully they don't do this. All right. Thank you.

S1-035915-001:

Hi, my name is Mike Troley. I live in Zip Code 15090. And the proposed cuts would affect me negatively because it would take away my ability to get to work.

S1-035939-001:

Hi, Carol Wagner, W-A-G-N-E-R. Brookline, Pittsburgh 15226. It's Earth Day. Do you know how many cars you will put on the road and increase pollution in the air by cutting the service that you're planning on cutting? Brookline will have no service and a lot of cars on the road. Earth Day. Think about it, folks. Thank you.

S1-036112-001:

Yes, this is Lisa Williams. My Zip Code is 15120. I would like to make a comment. I think we should keep the ACCESS 65 plus program at the level that it's at right now because most of the people are senior are on fixed income. A lot of them are disabled and they're not able to take the bus or have regular transportation to take them to and from. We also need it because it helps us to get to our appointments and to places where we have to go. And it's very important to us because a lot of us don't have other means. Also, we can depend on ACCESS when the weather is good and when the weather is bad, they're on time and it gets us to our appointments back and to on time. I would hope that you would consider my opinion as well as everybody else's and see if you could keep the program, keep all the locations because it's important. Because some of us can't

drive far out to other places where you're located to take us. We don't have the means of getting there and back and counting on ACCESS 65+ is very useful and helpful to us for us who have to travel further out. I hope you would take note of this and will consider it and I pray, hope that you'll keep everything as is. If you have to go up on gas, and don't let the cost be too expensive where we can't afford. We do need more helpers. There's not enough helpers to help us when we call in for our appointments to make to get to where we have to go. And we also need more drivers because there's not enough of them and that's very important to us. And some of us have to wait a long time to get an operator and sometimes some of us can't wait that long. So we need more operators, too. So thank you for listening to me. Hope you consider it. Lisa Williams.

S1-036115-001:

Hello, this is Debbie Elwell. My Zip Code is 15218. I'm calling to request to keep the 61B as is. Because it's like a walk down from the senior high rise and we all use it and it's very handy and I hope you don't have too many changes to it. All right. Thank you. Bye-bye.

S1-036182-001:

My name is Alex Shapiro. My Zip Code is 15216. My comment is that until I have a car, I need to take the bus to work most of the time. So until I have a car, I rely on the bus. So if the cuts happen, I would have to either Uber all the time or hopefully, I'll have a car by then. But until I have a car, I need the bus. So I am totally against these cuts. Thank you. Bye.

S1-036426-001:

My name is Sandra Heline, H-E-L-I-N-E,

and my Zip Code is 15218. And I'd like to leave a message regarding my concerns for the change in the bus routes, possible elimination of 40 bus routes and the Silver Line. Not so much the Silver line, but the 40 bus routes. I take a 64 out of Squirrel Hill oftentimes to get to the other end of Squirrel Hill from the 61B, 61A, 61C bus line on Forbes Avenue. So I really wanted to know how or, if and or how, I can find out what bus routes that will be eliminated. I am unable to attend the hearings that are being offered come this April, May and June, so that is why I'm calling. Again, I'm concerned about the cuts in the bus routes. So thank you very much for hearing me. And so that's it. Thank you. Bye-bye.

S1-036432-001:

My name is Sandra Heline. I just called a little bit ago, and my Zip Code is 15218. And my message is,

again, pertaining to the proposed 40 bus routes, elimination of 40 bus routes. I forgot to include the bus number 71. I'm hoping very much, though, since I am a senior, that this bus would not be on that list of routes that would be eliminated. I do appreciate the service. I've been riding the 71, the 61B and the 64 for quite a long time. And so thank you very much for hearing me, since I again, once again, I cannot make the public hearings anymore. I had attended years ago and was well worth the trip down there to the David Lawrence Center, Convention Center. So I will miss not being able to go to this public hearing. But again, I thank you for hearing me and so long.

S1-036665-001:

My name is David Gross. I live in Zip Code 15227. Both my wife and I are visually impaired and ACCESS paratransit users. We are very

concerned about our ability to continue our independence for necessary and recreational transportation. Although it does not affect us directly, other disabled passengers will lose jobs under these policies and decisions. I hope that the state can provide adequate funding resources or that the transit board can revisit this and reconsider pending decisions.

S1-036935-001:

Hello, my name is Tina Taylor. My Zip Code is 15209 and my phone number is 412-805-7709. I currently ride NAMS ACCESS and I have cerebral palsy. And I'm upset about these changes because two of the places that it says might be eliminated from my route are Life in Motion Gym, which is a gym for disabled people, and Rite Aid, where I go to get my prescriptions, which does not make any sense at all. Also, we as disabled people, we would much

rather drive ourselves. But in many instances like mine, this is the only option to be independent. And you're going to take that away when we have given up so much in our lives. So you're going to put more restrictions on us when we're just trying to live our life and be somewhat independent. I think it's terrible. Not only do I pay taxes, you know, and you're going to take my freedom away from me. So I just had to call and voice my opinion. It's not right at all. The people who are most vulnerable, who use this service, rather if they're low income, disabled, sick that need to go to dialysis, you're going to make it that much more worrisome. And when we do want to maybe go out and have some fun, we better make sure we have a ride because we might not have it and we better be home by 11:00. So I just had to call up and voice my concerns. All right. Thank you. Bye.

S1-037027-001:

Hi, this is Kathleen Stuckey. I'm in 15212 Zip Code. I'm a senior and one of the reasons I chose to live in Pittsburgh near my family is because of availability of public transportation. I don't have a car presently and if the route to my granddaughter's to help with child care and routes to medical care and keeping up my fitness are eliminated or greatly reduced, may cause me to want to feel that I need to move out of the area. So please thank you for the opportunity to share my comment. and so long.

S1-037346-001:

Hi, my name is Barbara Sorey (phonetic). My area code is 15209, Millville. I'm just calling and leaving a comment. And I'm sure you all are aware that we're having the NFL draft next year, and I just don't know how bad the city's going to look

if we have 500,000 people come here and there's no public transportation for them to get anywhere. I realize not everybody's going to take a bus, but there's in this area, there's a lot of Airbnbs, and it'd be simple for someone to just jump on the 2 Mount Royal to get to town. Same with different parts of the city, and only for myself as well. That's the same bus I get on. I do not drive. So I just hope you guys can find some money somewhere. Okay. Thank you. God bless. Bye.

S1-037378-001:

Hello, my name is Joanna Aman. I'm in the 15202 area and I take ACCESS to get to where I volunteer and I need it. I volunteer at Animal Friends and they say they might cut that out. I hope you can do something to keep it in there because I really need it. Thank you. Bye.

S1-037459-001:

Hello, my name is Bethanie Paul. That's B-E-T-H-A-N-I-E. Last name Paul, P-A-U-L. My Zip Code is 15205 and I take buses along the West Busway in from either Crafton or Ingram to and from work downtown about three days a week. The days I'm required to go in and the proposed cuts of times are just going to make it impossible to catch a bus. If one of four buses that is going into town in the morning is only going to exist, which would be the G2 because the other three buses are either eliminated or will go to the Ingram or Crafton stops, that's just going to make the buses so overly crowded and impossible to even get on. And then on the way home currently, obviously, have to either take the G2 or I could take the 29, but the 29 is supposed to be eliminated. So again, on the way home the G2 is always crazy and talks are --- or at least the proposal is to extend the times for

the G2, which again, it's not going to be possible. I don't see how this is feasible at all. I don't really care about the quarter fare increase after the fact that I probably won't be able to take the bus anymore. So that is the end of my comment. Thank you.

S1-037497-001:

My name is Helen Drescher. My Zip Code is 15132. I'm concerned about the 56 bus being discontinued because we really need that bus. You know, it goes directly into downtown. It's the quickest way. And it gets us into Hazelwood and other places along the way. And it also goes up to Renzie Park and the Penn State campus. And the people living up that way will have no transportation at all without the 56. It is important to have that bus. And also, in general, the buses really need to run later than 11:00. And if they all have to be off the road and above, and a lot of people

are not going to be able to work, they're not going to be able to get to their jobs, it's going to cause a lot of problems for a lot of people. And if they have to cut, you know, cut something in the middle rather than at the end, because people do need those late buses, even if there aren't that many of them on. You put them all together there are, you know, quite a few. So please do not eliminate those buses. Thank you. Bye.

S1-037498-001:

My name is Ellen Beckjord. B-E-C-K-J-O-R-D. I live in Swiss Helm Park. I'm a resident of the city of Pittsburgh. My Zip Code is 15218. My daughter takes the bus to and from school multiple times per week. She's a sophomore at City Charter High School. I take the bus on occasion to work. I work downtown in the Steel Tower. A good public transportation system is quite simply a hallmark of a

vibrant, supported city. A city without a decent public transportation system is a city that is not thriving and that is not in good shape. So I really urge the decision makers to do all that they can to make sure that our public transportation system is as robust and accessible as it can be. Thank you so much.

S1-037580-001:

Elizabeth Albitz, A-L-B-I-T-Z. Penn Hills, 15235. If this goes into effect, I will have no way of getting to work in Shadyside, Squirrel Hill north and will not be able to get back and forth. I cannot afford an Uber every day so I hope that something gets worked out. The Zip Code is 15235. Thank you.

S1-037903-001:

Hi, my name is Irene Dinning. My Zip Code is 15143. I'm opposed to cutting routes and the late run of buses. Many people using the bus do so

because many of them have no other good options to get to work, shop or appointments. Discontinuing routes leaves them stranded. And people who work late won't be able to easily get back home. I have direct knowledge of the Number 14 route. I know a woman in a wheelchair who uses the bus. You will take away her freedom and that of others by eliminating this route. Please find the money. I think it's very important.

S1-038061-001:

Hi, my name is Tessa Carroll. My Zip Code is 15213. And my message is that these budget cuts that are proposed will be devastating cuts, and the impacts will be staggering for riders, for our economy and business, for our region's road congestion, our air quality. My work is to work closely with people with disabilities. And their need for public transportation to be able to get their basic needs

met in life is huge. They depend upon public transportation. And these cuts are just totally disregarding a huge sector of our citizens in this region who rely on this transportation just to get their basic needs met.

S1-038160-001:

Yes, I am retired. My name is Bob and I live here in the South Hills out here in the Brentwood area. And my son, I am retired, but my son works in town and he has two jobs actually, and he really needs those late buses and if a service is going to be eliminated after 11:00 p.m., I don't know what he's going to do because he usually works from 5:00 --- well, about 3:00 in the afternoon to about maybe sometimes 12:30, 1:00, and there's always that 2:00 Carey to get him home. And that's going to hurt him and it's going to hurt a lot of people. I mean, not everybody drives for a lot of reasons. And I thought

the dedicated --- I thought there was going to be dedicated funding, but I guess that hasn't gone through yet. 1 And I know Port Authority faces this every year at this time. I know that. And it's a shame that people don't realize that mass transit is needed. So that's my concern and all right, have a good afternoon.

S1-038195-001:

Yes. Hi. Thank you. My name is Tom Ogden. My Zip Code here is 15219. I live in Polish Hill. And what I want you to know is that the proposed changes to the 54D coming through our neighborhood down Herron Avenue is detrimental to my family. I'm 75 years old. While I can get down the hill to Liberty Avenue, my wife cannot walk there. About all the people who depend on it from John Paul Plaza, I think very few of them could do so. So we need some sort of transportation coming through here to access our

shopping, our medical care at West Penn and the physicians in Dennis we have along, not only along Liberty Avenue and in Bloomfield, but even the North Side and the South Side. So it's more than an inconvenience. It really just isolates folks. So this is not a good thing. We really, really need this transportation. Many, many of us do not have automobiles. So that's what I have to say. And it's serious issue here. So we really deserve consideration as citizens, as people, as taxpayers. Okay. Thank you.

S1-038278-01:

Yes, this is Marianne Carter calling. I'm calling about the bus service that they're trying to cut. I really don't need them to cut it. I will be stranded trying to get to one place to another place. We got to have service in our neighborhood for going out, going to work, going to church, going

shopping, going visiting. And we really need to have service coming in our neighborhood so we can make connection from one bus to the next bus. I am over on the West End. I have to travel, if necessary. I don't need no funding of the bus service cut. I really need the bus service to be stayed on. The number is 412-761-9171. Marianne Carter. Please leave the bus service on. I'm begging you, please leave it on. I have sick family that, you know, people needs to get around. And what are you going to do? You know, I can say you got people who really needs to go places. You can't not be stranded. You can't not be stranded. If you live somewhere, you can't not be stranded. If you go out somewhere, you cannot stranded. Please leave the service on. Please do not cut the service. I beg you, please do not cut the service. Thank you very much.

S1-038859-001:

Yeah, I have a comment about your Port Authority drivers who bought you out that take the transfer from Wyoming and Texas and the other, Memphis, Tennessee. You got to get rid of them because I'm suing Port Authority because they were driving your buses on cameras that are tapped by the FBI. I've been working with Dave Chappella (phonetic) for years on it. You know, you got some fired before. They're the worst drivers in the world. They're jeopardizing the life of our people while they're driving that bus. Bus 51, Bus Y47 and Bus 5955, especially. That's my comment about Port Authority. Goodbye.

S1-039087-001:

Hello, my name is Keith Barnes. Zip Code 15332. I reached out earlier to my State Senator Camera Bartolotta's office about these proposed cuts to the PRT system. My big concern was

why did they spend money changing from Port Authority to Pittsburgh Regional Transit. It seemed like it was a waste of money, but how did it really improve service any? If they were in dire straits for money, I thought that was poor judgment on management's parts to do that. Senator Bartolotta's office seemed to be okay with that, which I'm not. You know, also, I think your legacy costs are too high because the pensions that people get are just crazy. You know, a lot of people that are of low income use your system and they have to support this. Again, I just think it's poor management and money that's part of the problem. I get it. You may need more money from the state, but also we have to look at upper management and see why it's such poor money managers. So again, that's all I have to say.

S1-039132-001:

Hi, my name is Toni, T-O-N-I. Byers, B-Y-E-R-S. My Zip Code is 15216. I am almost 77 years old. I will be in July. I have relied on both ACCESS/AirStar and PRT buses and T Light Rail service because I do not have a car. I'm not, I can't afford to get a car and learn how to drive all over again at this point in my life and I do not have family nearby who can help me out. I had two buses that I could take to get to grocery shopping and doctor's appointments which are mainly out where I used to live. I have moved from Zip Code 15241 to 15216 and I probably would have tried harder to stay in the 15241 Zip Code. Although, there isn't that much apartment housing at a reasonable price up in that way if I'd known this might happen. But I don't know what I would do at this point in my life. I can't afford to take Ubers or Lyfts. I don't have anybody who can, like I

said, who can pick me up and take me to services and I really, I walk everywhere I go. Other than that, I really need to still have the services available. I understand that you have a funding crisis, but surely somebody can help out the senior citizens, at least. Well, I'd like to see everybody helped out. I don't know how I would have gotten to work downtown when I was younger if it weren't for the bus which I took to and from work to the Pittsburgh Press at that time, Post-Gazette building on the Boulevard of the Allies, got off right in front of the building, crossed over the Gateway Plaza and caught the bus back home. Either that or the Green Tree bus. At the time I was living in Mount Lebanon. Please, please, please.

S1-039238-001:

Hi, this is Charity Houser. My Zip Code is 15202. I wanted to comment on

all these possible cuts that may take place next year. First of all, I'd like to say that, and people probably wouldn't like to hear me say this, I'd rather see fare increases than to have all these cuts. Because even if you had to increase all these fares, at least we would still have our rides. I'd rather have rides and fare increases than all these cuts. And I'm sure other people feel the same, but I hope they do not go into effect. But I thank you for ACCESS and I thank you for the service that we do have.

S1-039281-001:

Sonya Kale, Mount Lebanon here, 15228. Please do not eliminate these South Hills buses here. I depend on public transportation. I have no family. I have no friends. I have no other way to get to and from work in Bridgeville. Okay? Please do not eliminate the 41 Bower Hill, the 38 Green Mount Lebanon/Greentree.

Please, please. I don't ride the 36 Banksville, but please do not. Please do not eliminate these buses in the South Hills or it's going to ruin my life along with other people's lives around here. I depend on public transportation to go to work and to go shopping and try to have some kind of a life. I have no car. I can't afford a car. I can't drive. I have no family. I have no friends. Okay? This is the only form of transportation that I depend on to go to work and to go shopping. I can't get around except for public transportation. Please do not eliminate these buses here in the South Hills next year. Please don't. I'm begging you. Sonya Kale, Mount Lebanon. Thank you.

S1-039478-001:

Hi, this is Alyce Wilson. Alyce is spelled A-L-Y-C-E. I live at 1001 New Brighton Road in Avalon, Pittsburgh

15202. I do not have the ADA at this time. I have the 65 Special. But I would like to say I am concerned for the people that are really going to be needing those rides. And I think it would better, if possible, to just increase the fare of the rides instead of limiting people. Because there's people that the only way they get around is through the ACCESS. So I think that's all that you need. That's what I wanted to tell you. I hope that you're able to make those types of changes. Thank you for the opportunity to leave you a message. That's it from here.

S1-039544-001:

Hello, my name is Susan Wright, W-R-I-G-H-T. And my Zip Code is 15216. And I Googled your website about the funding, and I think this will be just too many changes for seniors because, you know, we rely on the bus system and the trolley system because we

don't drive. So if this were cut, we'd have to, well, involve family members. They might have to take off work. So it would really be a mess. And it would be extremely harmful to folks that are over, you know, 60 and who have retired, but especially older people like myself who are 76, because ACCESS has been affected with all of the changes, too. Okay. So that's my comment. I might make one online as well. Thank you so much for listening. Bye now.

S1-039566-001:

Hi, my name is Adrene (phonetic). I'm at - what's my Zip Code? 15212. I'm calling with a comment. I'm just asking that you please consider. I'm disabled and I drive ACCESS, but I also have family members who ride the bus who need to get to work. So when these decisions are made, I'm just asking that you please consider those who have to go to work and those who

have to go shopping and those who --- I'm not sure how this is all planned out, but please consider those things. Thank you. Bye-bye.

S1-039625-001:

Hi, my name is Maggie Switzer. I'm calling from 15215 and service cuts to PRT would be devastating for the Pittsburgh region. Traffic is already a nightmare and if public transit is less convenient, more people will turn to cars and traffic will get worse, sending public transportation into a death spiral as it gets fewer customers on it because it becomes less convenient. We need to keep funding our transit systems so that it is a viable, you know, alternative to driving and for people who don't have access to a car. Old people, students, disabled people, lower income households, all these people depend on public transit in Pittsburgh. Pittsburgh having a

reliable public transit is also a reason that I chose to move here almost a decade ago and I rely on it to get around because I absolutely hate driving here. We need to do anything we can to figure out this funding gap and not cut service because it will, you know, impact the region in just only negative ways. Thank you.

S1-039652-001:

This is Perry Bergman. I'm in my middle 80s here and I'm a disabled person. And I'm getting service from ACCESS and also I take the bus. This is all these cut facts. Ridiculous. Yeah, I can afford to pay other people like Lyft and Uber, but this is just not right. This is really impacting people who can least afford it and who many of them need the service to get any medical care and get to and from work. And Pittsburgh is already a deeply troubled area because of

mismanagement by the mayor and other local officials. But there really is and it really hurt the people that can least afford this. This is very unfortunate. Okay. Thank you for accepting this message. Perry Bergman, 412-587-3497. Have a nice weekend, everyone. So long.

S1-039870-001:

My name is Donna Gribbin. My Zip Code is 15221, and ACCESS is a lifeline for me. I have no car. I can't go to see my husband, who's up in a nursing home, because I can't get a ride. They keep saying it's not available. Please go back to the old way and help us old folks. Please. My phone number is 412-271-0328.

S1-040069-001:

Hi, my name is Katherine McDonald. I live in Brookline, 15226. And a lot of people depend on the bus and cannot afford to not have a bus in Brookline.

It's the biggest city community. My phone number is 412-596-8487. Thank you for letting me give my input. Goodbye.

S1-040233-001:

Hello, my name is Sharon Day, and my Zip Code is 15208. I would like to make a comment because I'm 73 years old and I've been using the ACCESS for traveling the past couple of years even more so. I can't use the public transportation too much with the free bus pass because I am able to not walk like I used to. And when you get off the bus, you sometimes you do have to walk distances. With ACCESS, it goes door to door. Of course, the problem is, you know, I'm on Social Security, which is, you know, limited income, and I will not be able to afford to go to the grocery store, to doctor's offices and to religious services the way I can right now. It's, you know, I think the fare is high enough, and

it's and --- I'm hoping that you appreciate the comment and thank you for listening.

S1-040321-001:

I have a comment on probably an error on your slide called the proposed service changes to ACCESS 55+ program. Under the current one-way fare and proposed one-way fare on the PRT, the Red Line that's going to be reducing services and the 52 route, you have one-way fare currently $5.25. The proposed one-way fare column you have $6.00. Right now, the information I'm getting from other sources on the bus ride, the PRT rides it's only $3.00, it will be $3.00 one-way. You're putting $6.00 one-way in that column. And the current one-way fare you have $5.25 which is the wrong fare. That's a two-way fare to and from. The proposed one-way fare is also a to and from because you say it's $6.00. When you see client customers looking at

that $6.00 as a proposed one-way fare, that's $12.00 a day if they're going to work and back. So I thought you might want to have that corrected somehow. I'm sure your engineers will know how your publishers to correct that because that is a freak-out. You could park your car for $12.00 on the North Side of Pittsburgh. So thank you.

S1-040850-01:

Diane Napoleone spelled N-A-P-O-L-E-O-N-E, Diane, D-I-A-N-E. 15122. My message is to request that we keep the 52L, that's 52 L as in Larry, Homeville Limited service because and possibly extend it to Saturday or possibly give more rides, more buses. Because there is a shopping center, Duquesne Village, that is used on that route and also there's an 80-unit senior citizen building adjacent to the Duquesne Village at 2400 Sharp Avenue. And

some of the seniors here where I live at 2400 Sharp Avenue in West Mifflin use 52L regularly. And that's my suggestion that we keep that route with the upcoming changes. And if you could possibly have an added stop on that route to 2400 Sharp Avenue for the seniors who live there. Or have the bus ride through the Duquesne Village parking lot near the sidewalk so people can board it there because some people have trouble walking to Homeville Avenue. Thank you.

S1-040851-001:

Hi, I'm calling about the possible discontinuation of the Trafford bus. Many people in the area depend on the bus. There are some business employees who ride the bus here to their business where they work. There are young adults I see waiting for the bus, I assume to go to school. We have no grocery or pharmacy or anything like that in Trafford

anymore. It's all across the bridge out of Trafford. We have a high-rise where the senior citizens live. Many, many depend on the bus to get across the bridge to Shop'n Save, Rite Aid, the Dollar Store and many others. I pass by the different bus stops anytime I drive out during the day, and there's usually someone at the stop. Please, please, do not discontinue the Trafford bus. My Zip Code is 15085. Thank you.

S1-040960-001:

Good morning. My name is Gloria M. Ford and I live at West Mifflin Manor. The Zip Code is 15122-3575. It would be a serious problem to take that 52L bus off. It's the only one running out here and it doesn't even run on Saturday or Sunday. And only about four trips in the morning and two in the evening. Please don't take that bus off. That's the only way we can get to town. There's people here who

need that, ride that bus. So please, consider the seniors, consider the people who need that bus. There are other buses you can delete from your bus line, but not that one. That's very, very important for this area, please? Gloria M. Ford. Today is the 8th day of May and I'm asking you not to take that 52L Homeville Road bus off. It's already running with very low rides anyhow. So please, have compassion and keep it running. Keep the service out here one way or another. Some other bus, bring it down here, so we can get into town. Thank you.

S1-041196-001:

Hi, I was calling in the hopes of protecting the Library Line because there's no other way to get out there and nobody rides that Blue Line during the day anyway. You can replace it with the Library Lines and then extend it back out to Library. There's just

no other way. I was researching ways to walk out there because of the hike might be possible. I'd like to keep the Library Line that services the Overbrook Line. Neither one of them is not being used that much either. Nobody rides that Blue Line. The Overlook stops almost never, very rarely. That stop along the South Busway used to be used extensively, but no more. The first stop and the services Memorial Hall I think and the point south of there, but by the time it gets past Willow the Red Line can handle it. So I'd like to keep the Red Line service for South Hills Village and the Library Line service. I don't see where the Blue Line is even needed. All right.

S1-041640-001:

Hi, my name is Satwant Koramatha. I'm a PhD in biochemistry and my Zip Code is 15221. I'm calling because I'm hoping you folks won't make the

changes that you're talking about making to ACCESS transportation. It's a really good service right now. If you make those changes, it won't be a good service. I count on it to get to my mother's place and back. To go to temple, I count on it. To get groceries. I will be counting on it soon. So I hope you won't make the cuts. Thank you. Bye-bye.

S1-042151-001:

Hi, my name is Candice Gormley, and my Zip Code is 15213. I live in the city of Pittsburgh with my husband and my three kids. And I'm calling just to - just to add my voice to the others who are really worried about the funding formula for public transportation. I'm worried about the transit, the proposed transit cuts. We are a family that relies heavily on public transportation. My kids ride a school bus, but then sometimes if we miss the bus, my husband will take them in on

the public bus. My husband relies on it to go to work back and forth. So it's very valuable to us. And I'm just really worried about the impact of having just fewer public transit on the roads and maybe forcing people to use more cars. In my community, we've already had four deaths from individuals who have been hit by a car. And so I'm just worried about the heavier amount of traffic that might come and the air quality of my neighborhood. So I'm just calling to please, please request that state legislators can pass a new, dedicated source of funding for public transit. Something that can restore the transit service across the state and expand transit services. My family lives in eastern Pennsylvania, and they really can't visit me because there's just no way for them to get to the city without needing a car. Please, please don't cut transit. Please keep it. And I hope that you'll be able to hear

our voices and just be wise with the public dollars that we, as a community, give. So please, please don't cut transit. Thank you.

S1-042534-001:

Hi, my name is Julie Heath. I'm the center director for the West End Healthy Active Living Center. And I was told that there's a survey that can be filled out, and I would like to know how I can get a copy of it, a hard copy. If you could call me back at 412-780-5219. Excuse me. Wrong number. 412-937-3068. Thank you.

S1-042540-001:

Hi, my name is Julia Heath. I'm the center director for the West End Healthy Active Living Center. I had just called asking or requesting the survey that you guys that you had. I found it online, so you don't need to call me back. Thank you so much. Bye-bye.

S1-42716-001:

Hello, my name is Susan Lammie, and my Zip Code where we live is 15222. We live downtown. I live here in a condo with my husband. And I just wanted to leave a public or a comment about the changes to the PRT system. We are frequent users of the Airport Flyer, and, you know, we've looked at the proposed changes. And having it go from the airport to Carnegie is really not what we - not what we think our city needs. You know, we have a new airport terminal opening up. We're trying to attract more people to come to Pittsburgh. There needs to be direct service between the airport and downtown. And then also, you know, as it stands now, it goes out to Oakland, because I know when every time we ride it, there's lots of people that work either in Robinson or the airport that are on there. There's people that are traveling. There's a lot of students

that take, you know, that's their form of transportation when they need to go home or wherever they're traveling on weekends. It's just a major, a major service route that should be kept. So we just wanted to make our feelings known about this, and we thank you for the opportunity to give you some input. Okay. Thank you. Bye-bye.

S1-040438-001:

Hello to all those at the Pittsburgh Regional Transit Bus Information. My name is Sister Carol Stanger of the Sisters of Divine Providence and my address is 9000 Babcock Boulevard, Allison Park, 15101. Many of our employees, LaRoche University students and staff members that do not have cars use this resource of the PRT on Babcock Boulevard to get to class and to work. I'm asking that this route on Babcock Boulevard not be eliminated because many of our employees, students and staff members rely on the

PRT to get to work or get to school. So I thank you very much for listening to my comment and I urge you to keep this route in place. Thank you very much and have a good day.

S1-043157-001:

Hi, my name is Michelle Lamanna and my Zip Code is 15227. I live in Baldwin Borough and we don't have a bus down where I live. We have to walk to a main road to get a bus, and they are very few and in between. I can't understand why every time you turn around, the service in our area is very poor. People rely on public transportation to go to their jobs, maybe to do shopping. It's really killing the economy because you can't get from point A to point B. It's very disgusting. Thank you for your time. Bye.

S1-043330-001:

My name is Mary Ellen Reiter. My Zip

Code is 15236 and my address is 257 McClellan Drive. That's M-C, Capital C-L-E-L-L-A-N. And that's Pittsburgh, PA 15236. My message is to save the PRT service. I live in Pleasant Hills and we only have an Elizabeth bus that services out here. Like I said, I live in Pleasant Hills and we don't have a bus in Pleasant Hills. The Elizabeth bus services all of Route 51 South. If you can possibly send me a paper survey, I would appreciate it. My last name is Reiter, R-E-I-T-E-R. And my first name is Mary Ellen. And my address is 257 McClellan Drive. And that's Pittsburgh, PA 15236. Thank you.

S1-043528-001:

Yeah. My name is Gary Hodill, H-O-D-I-L-L. I live on Cherry Street in Coverdale. I use the Silver Line and Red Line to get to work, to get to my business in Dormont. You guys are, you know, out of your minds. This,

you know, you're going to - this is just going to, like, disrupt so much in this community. Getting just like California. Raising rates, cutting services. That's about what it is.

S1-043653-001:

Hi, my name is Stephanie Hughes. I'm calling you from my landline. Area code 412-489-5056. I live on Bower Hill Road at Concordia of the South Hills. That's at 1500 Bower Hill. Please retain bus route 41, Bower Hill, at full service as it is now, including evening and night service. It's vital that we have Bower Hill 41 continuing to be operative because we have so many people who work and live and study and get medical care along this route. Without Bower Hill 41, many people would not be able to get to where they need to go. To live and work and serve other people, such as our staff here at Concordia of the South Hills. Thank you for your good

work and please do everything to get this 41 Bower Hill bus service continuing forever. We cannot hire people to serve. People cannot live here, if we do not have it. Thank you so much. Stephanie Hughes. Area code 412-489-5056. Bye-bye.

S1-043739-01:

Hello, this is Ava Pacheco calling from the Zip Code 15102, Bethel Park, Pennsylvania. As a bit of background, I'm 20 years old, currently in the middle of getting a career for myself started. So as a result, I am volunteering at multiple places multiple times a week. I'm unsatisfied with the changes that are going to be proposed, or excuse me, that are being proposed. For one thing, the fare increase. I'm only on Social Security right now and I only get a certain amount of money a month and I'm already spending around $100 on transportation right now, maybe a

little more than that. And if the fares increase, that means I will have less money for other essentials. And as a completely blind person, I need to be able to get around my area and the areas surrounding it. And the fact that ACCESS is proposing to have some services cut is discouraging. Us blind people really need ways of getting around without depending on family members and/or friends to take their time to get us places. This is a reliable service for us and the drivers are trained in a way that suits us. Thank you.

S1-043766-001:

Betsy Yetiskul, Y-E-T-I-S, like in Sam, -K-U-L. Zip Code 15102. We are residents of Bethel Park in the Boxer Heights neighborhood and we use the King School Station Silver Line to go back and forth to town. Eliminating that would really cripple our entertainment and enjoyment, finding a

route directly into the city of Pittsburgh. Strongly, strongly support continuing the Silver Line. Thank you. Bye.

S1-043912-001:

Hi, my name is Mary D.- 007 Lindermer Avenue in Bethel Park 15102. I'm calling to mention that I am totally against the Silver Line, which is a crucial part of Bethel Park and Library, to not do away with that line. There are residents who depend on that line, some of them which are disabled intellectually, who use that line every single day and would not have any other way of traveling into the city. I really don't understand why the designated Silver Line for removal has happened, especially since it has its own path to the Library neighborhoods. Also, the Red Line needs not to be reduced as much as the information that has been put out talks about. This will all hinder us

in trying to reach necessities, services, and especially employment. Thank you.

S1-044123-001:

Hello, this is Elaine Modrak, and my Zip Code is 15102. I have lived in the South Hills and used the Silver Line since the late ’60s, and it's the only connection that we have between Pittsburgh and South suburbs. And it would really be a devastating loss for businesses as well as people who live here. Thank you very much. Goodbye.

S1-044126-001:

My name is Fran Welsh, Zip Code 15102. I just wanted to comment on any thoughts about closing the Silver Line. I really don't believe that that is a good use of our assets here in Allegheny County. I grew up, I'm in my 80’s, as is my wife, and this is a tremendous asset for us in order to get from one place to another and to

keep, you know, older citizens such as myself and my wife off of the highway, or to at least to minimize our involvement in the highways in our car. I grew up the son of a Pittsburgh Railway streetcar conductor in Brookline, so I'm well aware of the transit system. I remember my dad going on strike virtually every second year, but nonetheless, the system stayed in place. This is something now, not only for us as old folks, but for even younger people just to recognize the PRT system as an asset and certainly as an asset for Bethel Park and surrounding communities. It's too easy to just look at it and say, well, there it goes. This is another one of our money drains. But in this case, as opposed to many, many, many of the other things that are going on in government these days, in community these days, PRT is something that gives back. You can't minimize that. I appreciate all of

your help. Hopefully, this helps pass on my thoughts and my wife's thoughts. So that's all. Thank you. Goodbye.

S1-044238-001:

Hi there, my name is Douglas Bench and I wanted to call this voice message box to share my comments on the funding crisis. I live in the 15229 Zip Code and I traditionally take the 01 for work, as do some of my colleagues and family and friends. Based on the proposed cuts that the PRT has laid out, the 01, as well as the 05 and the 012, will be entirely eliminated as it stands now, no replacement. I don't understand why PRT in some way would be able to make a replacement that combines the 012, 01 and 05 into one bus, a flyer from the North Hills area to downtown or to even Oakland. And that is something very concerning, at least for me, and I would like to hear what PRT's solution would be if there's funding

available to create a combined or new flyer that would be able to take myself, my colleagues, friends and family from the North Hills to downtown. Thanks.

S1-044261-001:

Hi, this is Russ Weber. My Zip Code is 15102. I take the Silver Line five days a week to and from downtown Pittsburgh to go to work. I would like the service to continue. Thank you very much and have a nice day.

S1-044867-001:

Hi, I'm calling for the neighbors committee here at Concordia of the South Hills Senior Independent Living. We are so concerned that there might be a cutback in the bus service, Bower Hill 41, which is crucial for people who live in our community and also people who work in various levels of apartment houses, senior communities, and the hospital. So please keep the

existing Bower Hill 41 bus service. Also, on another note, when I have tried calling area code 412-566-5525, part of the time it seems like it's the wrong number and there isn't an answering machine on with a voice explanation as to what it is. So if you can set it up so that hopefully, 24/7 the 566-5525 number is answered, at least by recording, that would give more people a chance to weigh in. Thank you for your good work. I'm calling from area code 412-489-5056. The neighbors committee at Concordia of the South Hills. Thanks. Bye.

S1-044990-001:

Hello, my name is Megan Edmondson and I live in Bethel Park 15102 and I'm leaving a comment on behalf of my 20 year old daughter who is blind and lives in my home in Bethel Park. And I just wanted to say how much the cuts would impact her. Not only the light rail, but also the ACCESS cuts that

are proposed. She does depend on ACCESS door-to-door transportation to get places independently; doctor's appointments, the library, shopping, etcetera. And it would impact her greatly as it would limit her independent travel. So I appreciate the opportunity to comment. Thank you.

S1-045003-001:

Yes, my name is Rosemary. My Zip Code is 15085 and I'm calling in reference to Route 69, Trafford Bus. I would like to advocate that this route stay open. I live in Trafford Manor. There's 100 residents here, living here. Many of them depend upon this bus to get to Haymaker Village and other points. Please, please don't shut this route down. It's so very important. So many people live in this building. Thank you. Goodbye.

S1-045008-001:

Hello. We are a group of residents at Concordia of the South Hills in Mount Lebanon. We are at 1300 Bower Hill Road and we are very concerned about the elimination of Bus Route 41 Bower Hill. Many people who work here and at other places near us depend on 41 Bower Hill Bus Route to get back and forth, not just within the South Hills, but to downtown Pittsburgh. So please do not eliminate 41 Bower Hill. Keep it, maintain it as it is now. Well-used and well-appreciated. Thank you for your good work. We are about 150 people in independent living and many more in other parts of this community, and we urge you to retain 41 Bower Hill route. Thank you so much. Bye.

S1-045047-001:

Hello, this is Kerry Black at 15102. I was calling about the Silver Line trolley reduction or elimination. I

use it to get to the games and to get into downtown Pittsburgh. And I guess I wouldn't mind if there was some route cutback, but not totally eliminated. Thanks. Bye.

S1-045050-001:

This is Patricia Baker. I live at 534 Trafford High Rise. I think you're going to do the wrong thing. You got a bunch of the seniors, maybe they don't ride all the time but we need that and there's people that do live here that work. So you're cutting - you would cut them off. If you can, I'd appreciate it not to cut that bus, the Trafford bus, even if it's only you cut it back to every two hours or something like that. It wouldn't be too bad. But these people that do need to go to work are going to be stuck and to go by cab or jitney, it will cost them a heck of a lot more money. I'd appreciate it if you wouldn't do that. Please think and it

wouldn't help. It will cut me off, too. So I'll talk to you. I'll leave a message later on or. Okay. Talk. Take care. Bye.

S1-045259-001:

Yeah, my name is Diane and I live at. My Zip Code is 15085. I live at Trafford Manor and I really need to have the bus. I need to get over to my bank, which is, you know, over the bridge where I live, and I want to - I need to get to the food store and the dollar store. And I will really be sad when this bus is taken away. I don't know how I'm going to get over there because my kids are working and they really don't have time on the weekdays to come take me and they're very busy. So I just. Thank you. Bye.

S1-045758-001:

My name is Catherine Konkoleski. My Zip Code is 15102. I am vehemently

against losing the Silver Line. It is imperative that it stay in place for senior citizens and for young people beginning to work. Please consider what you're doing. You can cut down on the hours some. It doesn't have to run overnight all the time, but it needs to be here. The South Hills desperately needs to continue to have decent public trans.

S1-048139-001:

Yeah. My name is Christine Stout. I ride the 53L, and I live up in Munhall, Pennsylvania, Zip Code 15120. And I'm concerned, and many of us others up here, about this 53L being shut down. People work in town. I myself. And we really need that bus route. We need the 53L. And I'm praying that something is going to get done, that we cannot have this bus cut off. We cannot walk two miles down to the Waterfront at certain times of the day to get another bus. We need the

53L. Cut some 61Cs, but don't cut our bus. Thank you. Bye.

S1-048371-001:

Hello, my name is Christina Serafin, Zip Code 15102. I'm calling in regard to the possible change to the Silver Line. I am opposed to this change due to the fact that the, you know, the Silver Line has been a crucial part of the South Hills for over 100 years and the cuts of it will reduce, you know, the convenience and benefits that the residents in this area have. I know some people have moved to this area to be able to access the Silver Line for their job, for work, for entertainment, for other purposes. So that would be a major disservice to those people. So I am against cutting the Silver Line and hope to see that this change will not take place. Thank you.

S1-048498-001:

Hello, my name is Julie Malloy. M-A- --- M, as in man, -A-L-L-O-Y. My Zip Code is 15218. And I'm calling for two reasons. Specifically, in regards to the Route 71 Edge that goes through Edgewood and Wilkinsburg and Swissvale. I do think you need to keep that route going. There are people that are able to use it and willing to use it. It cuts down on traffic. If the older people can get on a bus and get to the Edgewood Town Center, Giant Eagle, as opposed to driving, and especially also helps people who don't have cars. And that's important. And that's my next issue is about the rise of costs. You know, the traffic in Pittsburgh is ridiculous. The parkways, the cities and rush hour, it's horrible to get around. And all the gas that we're wasting. It should be important that we have more buses, not less, to get people from one place to another,

especially those that can't afford cars. Cars are beyond the ability of most people, really, to purchase them. They're extremely expensive. So if they can't get to work, then they don't work. They're not making any money, and then the whole economy kind of falls flat. It's really important that the transit system supports people who don't have cars, can't afford cars, but still need to get to work. Thank you.

S1-048516-001:

I'm calling from Pittsburgh, 15212. I absolutely rely, like many of us, on buses to get to work, hospitals, doctor's appointments, whatever. But I'm going to say this. How can you raise and cut service, raise fares and/or cut service when you're spending millions already? I don't care if it's your capital budget, your working budget on painting stupid red lanes downtown, stupid university

lanes. You think you're getting that much money from University of Pittsburgh? You're spending all that money to do that. You've let hundreds, you let hundreds of people now, hundreds plus people ride the bus for free just because they feel like it. And I'm not talking about people with free passes and tickets. I'm talking about people who just get on the bus, usually bums and drunks and say, I don't have money. And the drivers let them on because they're afraid. You know, what do you think they're afraid of? What do you think? And I've watched their bus driver trainers tell the trainees, if somebody just doesn't have any money just them on. It's gone. The word has gotten out to the point where people can just get on. I could do it too, if I want to and just say I don't have any money or just walk right past. And they let kids ride all the time. I don't mean young kids. I

mean teenagers, hoodlums. You're doing the community a favor and you want to raise. Do you know how much money you're losing on that alone? You want to raise our fares and cut. I don't think so. I don't think so. Cut service and raise fares. And you've been letting these people ride for free. I guess they're going to keep getting free rides anyway. So maybe go ahead, but don't cut our service and don't raise our fares. Thank you.

S1-048544-001:

Hello. My name is Nancy Duggans. My Zip Code is 15243. I live at Concordia Independent Living. Please do not eliminate the Bower Hill Bus Line 41. There are people who serve sick patients at Concordia, St Clair Hospital, Asbury Heights, Providence Point. Some of these people, these nurses, don't have enough money to buy a car. How are they to get to work to

serve all these sick people if they eliminate the Bower Hill bus line? Please do not eliminate the Bower Hill bus line. Thank you. Bye.

S1-049116-001:

Hello. My name is Cassandra Hoy. I live in Wilmerding. Zip Code is 15148. I would appreciate if they would not consider cutting their 69 Trafford because that's the only bus we have out here in Wilmerding. I was just leaving the comment because that's the only transportation we have. I don't drive. A lot of people don't drive. There's a lot of elderly people who catches that bus also. They would need that bus. I was just leaving my comment. Thank you. Phone number 412-923-2990.

S1-049192-001:

Hello. My name is Helen Sowinsky, S, as in Sam, -O-W-I-N-S-K-Y. Zip Code 15211. If the bus service is

taken away from 120 Boggs Avenue, I have no way to get to work. Thank you very much. Bye.

S1-049375-001:

Hi there. My name is --- sorry, just one second here. My name is Abran. Last name. Well, that's my last name anyway. Okay. If you can give me a call back about the bus for people who are disabled, I'm just wanting to know more about that. If you can give me a call back. 786-232-4626. Thank you.

S1-049545-001:

This is Catherine McDonald. Catherine with a C. My address is 15226, and I'm against cutting the bus service in Brookline. We only have one bus that comes this way now, and there's a lot of seniors, including myself, who need the bus transportation. So please find a way to figure it out. Thank you.

S1-049569-001:

Hi, my name is Joshua Holzer. I live 15241. I want to say something to you. What don't you dare take the ACCESS wave funnel. All the people because they need that, the bus and the car. If you take a bus ACCESS off of the people who have no ACCESS, I will come down and down there talk to them. I will go down there talk to them. And you take the ACCESS off of the old people. And put down the bino (phonetic) - oh. And please don't do that again because I will have a better picture out. Please don't do that for bino right now. Please don't you dare do this. Please. Because bino need an ACCESS. My name is Joshua Holzer. Please don't do this. Amen. Bye-bye.

S1-049732-001:

My name is Carolyn Kimmins, K-I-M-M-I-N-S. My Zip Code is 15226. And my message regarding the changes

of proposed PRT and ACCESS. I'm dead set against you taking anything off of these routes. I live in Brookline, there is no other transportation and I'm 80 years old. I think you better get your act together and find the money where you're putting it someplace else. Again, this is Carolyn Kimmins, K-I-M-M-I-N-S. And I'm dead set against your proposed changes to PRT and ACCESS. Thank you very much.

S1-049992-001:

Hello. My name is Jordan Strome. My Zip Code is 15084. I live in Tarentum and I work in Market Square. And my comment is that I would really like the P10 to continue. I know that you're canceling the flyers. I'm not sure why. I heard it was due to low ridership, but every time I'm on the bus, there's plenty of people. I really strongly would reconsider the cancellation of P10 because there are

many people who will not be able to make the connectors. And the connector proposal is several hours longer and it's a nightmare. I mean, we're going to be having to switch buses and stand in the cold for longer than we already do. Please consider my comment. Thank you. Bye.

S1-050157-001:

My name is Stacy. My Zip Code is 15221. As a senior citizen I have some concerns about the changes that are being proposed for ACCESS and for our bus service. I'm calling because I want to express my appreciation for ACCESS and also to have you consider the possibility that an increase in price could affect some seniors, and also since all of us are on fixed incomes. Also, the time factor of it stopping at 11:00 p.m. could be a problem because if you would like to go to some events, for instance, theater downtown, very often those

events are not over until after 10:00 in the evening. So please consider that because we would have no way to get home. This affects our independence as well as our pocketbook. So please consider these comments. Thank you so much for having ACCESS available to us. Not everyone has that and I truly appreciate it. Also, I'm concerned about the bus service because where I live there's only one bus and I have to walk four to five blocks to even get to the bus stop. So please consider that and do not take away the 77 Penn Hills bus or decrease that service because that affects me severely. Thank you for listening and I really appreciate the opportunity to speak.

S1-050585-001:

Hello, this is Richard Geiger, 15216. My concern is that people in wheelchairs won't be able to get to

their medical appointments if you cut back the ACCESS routes. I can understand cutting back or eliminating bus routes that don't pick anybody up. However, you to shift money to ACCESS or, you know, the transit ACCESS pickups for people who are disabled so they can get to their medical appointments and so forth. That's all. Thank you. Bye-bye.

S1-051100-001:

Hi, my name is Geraldine Zamborski. I live in Zip Code 15202. I'm going to make a comment on the proposed changes that you were offering us, which I don't agree with. I need to take ACCESS to my appointments to the doctor. I need it for going to the store. And I need your services. I also need the services for my son. My son takes ACCESS. I'm sorry, not ACCESS, but takes Port Authority to work. He lives with 25 miles from where he goes to work and he needs

your services. This is terrible. We need better people taking care of us. Please try and do something that's going to help us get to where we need to go. Thanks.

S1-051269-001:

Hi, my name is Sean Callahan. My Zip Code is 15219. So I have been a resident in Pittsburgh since June of 2024. So that's one year as of this call. And I want to say that I think, respectfully, the cuts that are being made or those reductions and eliminations are horrific. To start, even those who are drivers that I personally know, whether friends, coworkers, community members, even those that drive, many of them do choose to take the transit that is offered, whether that be the T or whether that be the bus systems, because the congestion that already exists in our current city is just very horrific and just not

sustainable. So to then pile on with these cuts and eliminations of all of these routes and the Silver Line being an entire train line, that would make it even worse. That would require, even if you were to consider Ubers or other alternatives as such, it would just not be sustainable as far as ways to reduce congestion in the city. This would contribute to the problem even more. Buses on their own, as you know, you know, keeps and even trains, you're taking sometimes half a hundred people to locations that all could be taking different cars. So I just, I think even for those that have cars, it's just not sustainable. It is not. There's a reason that many, even those who have, you know, maybe better income situations as I'm fortunate enough to have, that's why we choose to take transit. Because some of us may not have vehicles, but the point is that it reduces the congestion. It makes it easier to get from place to

place. In addition to that, I also think that speaking for those of us who don't have vehicles, as myself, even though I'm privileged to be in an area that's very close to all the important landmarks in downtown, other neighborhoods, and less travel time, this is going to greatly reduce flexibility as far as going to after work events, as far as leisure activities with friends, attending medical appointments and such. I just don't think proposing to cut off most of that by 11:00 p.m. would greatly affect my flexibility as far as doing even necessity activities. And speaking for what I know of, for many of my friends.

S1-051287-001:

My name is Gabrielle Hughes. My Zip Code is 15221. And I just want to say that I am so troubled by the funding, the route cuts and funding excuse me, fare increase that's been proposed. I

understand that PRT is facing a financial crisis, but this is something our state government needs to step in and fund. We should be taking more cars off the road and offering more transit service, not less. Especially for the people that don't have vehicles and rely on PRT in their daily lives. Thank you.

S1-051293-001:

Yes. My name is Michael Sable. My Zip Code is 15219. I have several comments. First of all, the address that you gave then for like the emails, go to emails and stuff like that. I have a notice here from you about the proposed changes and says comment online. When I try to put that in, it turns up to be an invalid, an invalid destination. So I would have actually typed in what I have to say. But I've been taking the ACCESS 65 plus program. I've been in it for two or three years and essentially, I

don't have a problem with the increase, although it might affect some people. So I'm not saying that, you know, that's a good thing or not. I only use ACCESS. Actually, I might have one occasion other than going to a soccer field from where I live out the far part of Monroeville. And the riders with the drivers without exception have been excellent and they're good people. And I am concerned by a one third service cut that jobs are going to be lost. And I think that's a terrible shame because there can be some good people no longer be working for you.
It also affects cutting things by one third. The chances of actually getting a ride somewhere are lessened by that. I know I'm a regular PRT bus rider, I ride all the time. I know that reduction is going to happen also on the bus and it's going to be.

S1-051295-001:

Yes. This is Michael Sable, 15219. I wanted to finish my comment on the overall situation, not just with ACCESS, but with PRT and its regular routes also being reduced. There's people, well-off people in general, are not going to be affected very much by the changes, but the people who are lower income or depend on wage earners getting to work and all that, it's going to have a huge effect. And I think that's terrible. I don't know what can we do, but the going back to the governor seems to be one idea, that's for sure. Anyhow, that's my thought, and I just hope somehow the cuts, particularly to regular PRT service, are minimized. Thank you.

S1-051307-001:

Hello. My name is Lee Hassinger and I've used ACCESS my entire life. I have cerebral palsy and it is my only way around town in Allegheny County.

It is crucial that ACCESS service is kept up to the level that it currently is or I won't be able to get to and from work. Now, granted, it's only once a week because I do work from home, but it's still important that I get to doctor's appointments, to work and to live an independent life. We must increase funding to allow service to remain the same. 412-953-1531 is my number. Feel free to give me a call. Thank you. Zip Code 15106.

S1-051393-001:

Hello, my name is Tanya Davis. My Zip Code is 15003. I depend on the 14 Ohio River Boulevard to get me back and forth downtown, to get me to Giant Eagles, to get to work. Without this transportation or with any more time cuts, I will not be able to work anywhere. And even though I live in Beaver County, again, I say I use public transportation. I depend on this bus to get me to my doctor's

appointment, to get me to work, to get me to the grocery store, to get me to my family. I need this bus. And you all cannot count disconnected or cut it down any further than you have. It's already putting a strain on me where I have to take certain jobs and I have to turn down jobs because I can't get home. Or I'll be downtown too late, where it's dark and it's dangerous. I won't be able to survive. I'll be out in the street because I have no way to pay my rent or to buy groceries or to do anything. You all are dealing with people's lives, you all that, and it's not right.

S1-051538-001:

Hi, this is Sheila Griffin. I live at 663 Ramoma Drive, Pittsburgh, PA. I'm just calling to object to PRT's cutting transit routes. Thank you. Those are really needed by many people. Thank you. Bye-bye.

S1-051545-001:

Hello, my name is Bobby Lampson. I reside at 226 Chalfont Street, Pittsburgh, PA 15210. And the reason that I'm calling you is because of the bus concerns. Now, I've been riding the bus. I grew up here and I ride the 44 Knoxville. Before that it was the 44, we call it the 44K. But anyway, this is neither here nor there. We were all concerned about services here because it used to run every half an hour going to and fro up, usually, yeah, from here. But the Knoxville goes up through Beltzhoover, Knoxville and then up to where you can catch the K. Going down to town, it goes from that same way in reverse. Knoxville, Beltzhoover, Allentown, down to the South Hills junction and into town. And every people live here. I've been riding that bus since I was a kid. Plus children have to, you know, high schoolers and that, get on the bus and we need that service.

We don't mind the price hike. We don't even mind it, but the bus service is necessary, is definitely necessary. I ride it. I used to work for the Bank of New York Mellon. Well, Mellon Bank, but it's now the Bank of New York, but that's another story because I used to work there. Well, the takeover. You don't even understand. That was about 2009 this and that. But the services for the children and the people who need to ride, because everybody don't have a car. Everybody's not a billionaire. And this is why this is important for you to recognize. Now you cut the service.

S1-051548-001:

Hi, this is Shawn. I live in Dormont. It’s Shawn Barrett. I live in Dormont. Zip Code is 15216. I'm just calling because I have heavily relied on public transit for the last decade or so. And as a service worker, the

cuts are going to heavily affect me because I don't get off work until after the T would be shut down at that point. And then it would just cause me to spend an inordinate amount of money after work each week trying to get an Uber or a Lyft home where I could be spending $2.75 or the $3.00, if it goes up. I know that I am not the only one. I know very, very many service industry workers that are much like me that rely on public transportation to get to and to get home from work. I highly hope that this change gets shut down and that more money gets put into PRT because public transportation is extremely important, especially in a city like Pittsburgh, where the infrastructure of the streets is not set up perfectly. And it's just - it's not made for everybody who has the money to own a car. And I'd honestly prefer to not driving in a car because it's an extra expense. I'd rather save the

environment and ride share with buses, trolleys, things of that nature. It saves money. It's good for the environment. And it's helping a lot of people who can't afford any other option to stay afloat. I hope you take that all into account. And I know that I am not the only one and I'm sure there are many other people calling in with very similar circumstances. So hopefully, it doesn't get shut down because it's going to screw over an inordinate amount of people in this city. Thanks for listening to me and hopefully good things come. Bye.

S1-051553-001:

Hello, my name is James Jackson, and I ride the 44 Knoxville. We need it. We need our bus services. The reason being I'm elderly and I can't drive anymore. And reason being of that because I'm elderly. But we depend on our services. We don't mind the price

going up a little, but you have deleted our services. Used to busses to run every half an hour, but it runs every hour. But that's cool. You know what I mean? It services Beltzhoover, Knoxville, Allentown. One bus does that. And it takes children to school and everything. We need our bus, period. We pay. You're running in the middle of the city of Pittsburgh and you're cutting off funding for a bus services. People need these things. They need it. Why? 'Cause they don't have cars. In the morning, I used to work downtown. And why pay for parking? You can ride a bus and you're up above when a bus takes you there. So let's talk about this particular situation. We need to talk. For your PRT, you're called Port Authority Transit. That's how long I've been riding that bus.

S1-051570-001:

Hello, my name is Terry Breisinger.

T-E-R-R-Y, Breisinger, B-R-E-I-S-I-N-G-E-R. I am visually impaired and I catch the 44 Knoxville Baldwin bus on Agnew Road and it is my understanding that my bus route is going to be cut. I catch the 5:00 a.m. 44 bus that leaves Churchview Garden Apartments every morning. I've been working for over 34 years and taking public transit for over 34 years as a visually impaired person. This restriction in service, this cut in service, will now cause me to lose my job. So I would like the PRT to reconsider what they're going to do here and keep the buses up to the North Baldwin area. Myself, as well as people back at Churchview Garden Apartments, as well as people who live on Agnew Road, catch this bus on a daily basis to go to school and to work and is required for me for my job. If this bus is eliminated, I will have to walk approximately two miles to catch the 51C in Carrick on

Brownsville Road at 5:00 in the morning to be able to get to work on time. So please reconsider what you're doing and please continue to have service to North Baldwin. We are not a transit desert. We are in an area where people are required to go to work, to go to school, to simply live their life, to feed their family. Again, my name is Terry Breisinger. T E R R Y. Breisinger, B-R-E-I-S-I-N-G-E-R. And I'm at area code 15227 in North Baldwin and I catch the bus at Agnew and Lafferty, the 44 at 5:00 a.m. in the morning. Thank you. Goodbye.

S1-051583-001:

Hello, my name is Jordan Johnson, Zip Code 15220. I'm calling about the proposed changes to bus routes and the fare increase. I live in Greentree, Scott Township, and there are two bus lines that would be eliminated based on the current proposal. I know the

38G is one of them. I don't use the bus often, but I have used it to go downtown to work. But what I think about even more are the people who I see in the apartment complex across the street using these buses every morning. There are dozens of people who live in the - goodness, what's it called? Carnegie Hill Plaza, maybe? It's right across from the - it's Chatham Park Drive and the Carnegie Road Apartments. There are just dozens of people who take these buses to work every day. I'm not sure how they'll be able to get to work. I will be impacted. They will be impacted, as well as my other neighbors and community members. So thank you for considering not shutting down these lines and for considering funding and continuing to fund regional transit.

S1-051583-001:

Hi, my name is Lynn Rehas. My Zip

Code is 15226. I'm a senior that rides the bus. I see friends with it. I go shopping. I have appointments. And transportation is definitely a benefit to the city as a whole as well. So please try to keep up, you know, not to cut things. Okay. Thank you. Bye.

S1-051697-001:

Hi, my name is Cheryl Montgomery. My Zip Code is 15211. I was planning to go to the open public hearing today and testify, but I was unable to leave my home due to the air pollution and my lung disorder. I am permanently disabled and in a power chair. I use PRT from the Incline from Mount Washington and the buses to shop, go to doctor's appointments, socialize, take classes. Pretty much everything in my life I use the public transportation for. I have no other option, being in a power chair permanently and I would be devastated.

My whole life would be devastated with these cuts to PRT and I just wanted to let you know from a permanently disabled person that the PRT services are lifesaving and life changing for me. Thank you.

S1-052058-001:

Hello, my name is John. Sorry, that's spelled J-O-H-N. McNulty is M-C, capital N-U-L-T-Y. And my Zip Code is 15220 in the West End Elliot neighborhood. Yes, my comment is actually, I'm from the suburbs originally and I was a cab driver. Grew up with a very pro car family. My dad worked in the auto industry and everything. And looking from their point of view about, you know, I've heard comments how, you know, oh, why don't they get a car? Why should my tax money go to help, you know, fund public transit? Here's my message. That all the negative impacts this will have on people who generally

never get on a bus or ride the T, the more people have to ride in their own car and the less public transit that there is, there will absolutely be increased traffic, longer commuter times, less parking space downtown, more pollution. Right? I have so many personal examples. My mother is in a nursing home in Whitehall. Very nice nursing home, private room. Well, who do you think works in those places? People coming from the city working for $7.25 an hour that take the bus. Right? Loss of productivity. I have a cousin, his daughter is going to college and works at the Target in Robinson. Now, if the 29 were to be cut, she couldn't get to work. So people who come in from the exurbs and want to go shopping, they might experience shorter operating hours. And then businesses, they also look for a healthy public transit system. So these will have cascading effects. Oh

well, how about loss of productivity and the inconvenience, just happened last week with the business owner here in the West End. She's normally open until 6:00. I was down there 5:05. She had to close early because the bus didn't come for her daughter, so she had to stop what she's doing and go and pick somebody up. Now, that is going to affect - everybody knows somebody who can't drive for one reason or another. Okay. And it can happen to any of us. So it's just we're - it's the state senators. I get it. They're the ones that have to understand how important this system is. Even in rural Pennsylvania, as you scale that up, the loss of productivity, it's like saying, you know, those of us who live without a car, I choose to live without a car, work in town, you know, why should my tax money go to pay for state police or state.

S1-052195-001:

Hello. Helen Sowinsky. S as in Sam, O-W-I-N-S-K-Y. Zip code 15211. If the 43 Bailey is taken away, I have no means to get to work. You know, it will be a severe hardship. I need to get to work and I plead for mercy. Again, if you take away the 43 Bailey, I have no way to get to work. Thank you.

S1-052196-001:

Hello, this is Helen Sowinsky calling back. S-O-W-I-N-S-K-Y. Zip Code 15211. I'm calling back because it said on the automated system to call, please call back. So that is why I'm calling back. If you eliminate the 43 Bailey, I will have no way to get to work. I'm pleading for help again. If you take away the 43 Bailey, I have no way to get to work. Thank you.

S1-052198-001:

Hello, this is Helen Sowinsky calling

back. I'm calling back a third time because the automated system said to please call back. The spelling on the last name is S-O-W-I-N-S-K-Y. H-E-L-E-N, first name. Zip Code 15211. If you - I'm calling to say that if the 43 Bailey is eliminated, I have no way to get to work. Thank you very much. Bye.

S1-052428-001:

Hello, this is Patricia Hernandez, H-E-R-N-A-N-D-E-Z. Zip Code 15224. I attended the Port Authority meetings for the proposed cuts. And I feel, and most the people that spoke at the meeting, that this would be a catastrophe to the city, immobilizing a lot of things in the city. And I just want to let you know that I'm very, very. I hope that the state can come up with the funding. Thank you very much.

S1-052475-001:

My name is Donald C. Adelsberger. I'm calling about the proposed changes in the 28X. If someone from the East Liberty area has to get to the airport, particularly if they're employed there, they will now have to take three buses when the changes come into effect. At least if you would go to Oakland and end up on at the Dithridge Street, the Board of Education, you could turn around there and come back through the same route that you normally use. I think this would benefit a lot of the college kids and particularly, the people that work at the airport that have no other means of getting there except by bus. And taking three buses would be an inconvenience. Thank you.

S1-052546-001:

Hello. My name is Eric Thorsen. My Zip Code is 15017. And I'd just like to voice my opposition to the rate

increases and the service cuts. Thank you very much.

S1-052547-001:

Yes. My name is Derek Klingman. My Zip Code is 15101. I am a double amputee in an electric wheelchair and I ride the Number 2 Mount Royal every day, including weekends. I basically ride seven days a week. Taking this route away from me will basically confine me to home. And it would just be the end of me. I have no other means of transportation on a daily basis like that. So I would really, really prefer that they do not change the Number 2 ride. Eliminating it, I wish they would not eliminate it. Thank you.

S1-052548-001:

Yes. 15206 Pittsburgh, Garfield Section. My name is Mark A. McHugh. I used to work with unions for close to 40 years. If you're having a

financial crisis, why aren't you asking the workers for a decrease in pay, a pay cut to help you get through this situation? That should be one of the proposals also, along with fare hikes and cuts. I think you should ask the drivers, who make a very good wage and workers, to take a pay cut. Thank you.

S1-052553-001:

Please do not make the cuts you're speaking of. As a senior, I use ACCESS exclusively. And I just can't imagine cutting services for people. My name is Linda Clark. My Zip Code is Pittsburgh 15221. Thank you.

S1-052861-001:

Hi, my name is Jody Olson. My Zip Code is 15084. I'm calling about the proposed fare increase and the - whatever. Please do not get rid of or change the 1 Freeport Road. I use that one a lot and I just moved far

away from. So I'd like to keep it as is. So please do not change the 1A Freeport Road. Leave it as is, please. Thank you. Bye.

S1-052904-001:

Spiro Papakis, 15106. I am a senior citizen who is blind and my wife is also blind. We depend heavily on public transportation and occasionally on ACCESS. This transit cut will deeply impact where we are able to go and how often we are able to travel. We urge the company and legislature to reconsider and find a way to maintain bus and paratransit service.

S1-052917-001:

Hi, my name is Christine Adams. I live at the Trafford Manor Senior Apartments on Brinton Avenue. My Zip Code is 15085. And I wanted to leave a comment about the proposed changes for the 69 Trafford bus that may be eliminated. There's many of us

seniors at the Trafford Manor Senior Housing Apartments rely on the bus stop at 5th Avenue and Cabot Avenue to do our shopping at the Shop'nSave at Haymaker Village Shopping Center. And if there's any way that you can still keep that stop so that we can get to our home from the shopping center, it's hard on us with limited mobility. Anyway, thank you. I'm putting in my comment to please on the 69 Trafford bus, whatever is replacing it, to at least keep the stop at 5th Avenue and Cabot Avenue in Trafford. Thank you very much.

S1-052945-001:

My name is Holly Dick. H-O-L-L-Y D-I-C-K. 412-683-8151. Zip Code 15213 in the Oakland section of Pittsburgh. I wish to express my terrible abhorrence, I guess, to any reduction in current PRT service. And I'm concerned about both fixed, you know, fixed bus and rail service and

paratransit ACCESS service. I utilize both of them. I have done so since 1963, increasing amounts probably now with ACCESS. And I am in the center of the city, so if service were reduced on fixed lines, I probably still would be able to have ACCESS. But I have great, great empathy with people who live all over the county who would not be in 3/4 of a mile on either side of an operating bus line if service were cut. And they would not get paratransit service. And they would certainly not get good fixed bus and rail service either. We desperately need this. Public transit service is the lifeblood of our region and of our individual lives, and I do not wish to see anything reduced. I have lobbied and lobbied my state legislators to find a way of funding, on a permanent basis, existing and improved PRT service and for transit service all over the state. Please, please do not cut service and please

continue to service with fixed rail and bus service and ACCESS service. Thank you.

S1-053041-001:

Hi, my name is Lori Cardillo, C-A-R-D-I-L-L-O. My Zip Code is 15226. The reason I'm calling, I ride the 39 Brookline to the junction to catch the 41 Bower Hill to my work. I work at Providence Point. And if they cut this bus out, I will not have a job because I do not have a car and I do not. It's too far for me to walk. By them cutting this bus, I'm going to lose my job. And I need transportation to get to and from my job. Thank you.

S1-053057-001:

Linda Van Buren, 15220. I have a lot of concerns about the buses, mostly evening and weekend services, which is mainly when I use it, making my connect, having the buses I need to

get where I need to go. I may live on the West End or Elliott area, but I go to the Strip District and Pittsburgh Ballet Theater to take classes in the evenings and on weekends. And to lose that would mean I wouldn't be able to take classes again. And also, I go to Community College of Allegheny County. And the bus service to that already is appalling. It's horrible. You have to get off at North and Brighton and walk three blocks to get to the college, which means that taking evening classes is out of the question. And even during the day it's just, it's a very long walk when you have art supplies and computer equipment and things like that with you. It's just not a very doable kind of journey. So there should be buses that go directly from downtown to the community college and not have to switch to another bus like the 54. And that's another thing. I'm concerned about the 54 being cut

because that's a very important bus for me because I use that after my classes are finished at CCAC to get to the South Side or the Strip District for my ballet class or the South Side afterwards, depending on which class I'm taking. So it's extremely important to me to be able to go those places. I don't drive and never will and really, really need and cannot afford Ubers, Lyfts and cabs to be able to get there. So it's very important that I have these services evenings, weekends and to CCAC at any time. Thank you.

S1-053073-001:

Hi, my name is Eric Melman. I live in the Zip Code 15213. So that's Oakland. And my comment to PRT and to any state representatives that might hear this comment or others, is that is just that we really need good funded public transit. If you - like, I like to travel. I like to go see

other cities. If you go to any city that's successful, any city that people want to go to, they have good trains, they have good buses, they have good bike infrastructure. And if Pittsburgh even wants to come close to being a city people want to go to, it needs to invest its money properly and into infrastructure that will grow Pittsburgh, not shrink it. And I mean, just, like, I'm biking right now and there's a lot of freaking cars on the road all the time. And I don't think we can handle any more cars on the road with the traffic that we already have. And if we're going to cut public transit, there's just going to be even more cars on the road if people will have to find a way to get around. And sadly, that's cars for most people, especially because the public transit here isn't too reliable. So it's not that people don't want to use it, it's that people can't use it or that it's just too

unreliable. And so thank you for listening to this and to everyone else, I'm sure, who's sent in messages. Yeah, have a nice day. I hope everything works out. And if it doesn't this time, I hope that in the future we can come back twice as powerful and twice as strong. And once people realize what a good city looks like. Yeah. Thank you so much. I really hope everything works out for all the people of Pittsburgh and especially the people who need it public.

S1-053125-001:

My name is Anna Porter, P-O-R-T-E-R. My Zip Code is 15212. And I'm just calling to say that public transit is essential. I use it to shop. I use it to go to doctor's appointments. And I'm asking that the state to increase the funding so that people like me, who are senior citizen, can have public transit available. I

think it's essential for this area. Thank you very much. Bye.

S1-053165-001:

William Irving Smith, 15219-3603, the Hill District. I want to echo, reinforce, supplement and underscore all other speakers and commentators. I fully agree with everything they've said. When I was at the last public hearing, I couldn't disagree with anything they said. On the proposed fare hike, you may have to go to $3.25 to $3.50 to get the extra quarters to help keep things running. The $3.00 was proposed, but it may not be enough. I just wanted to let you know that. May 7th to 14th in the city paper there was a big article on mass transit. In fact, in that article Giant Eagle even came out and supplemented everything. They proposed that things be retained as they are. All people who are contemplating reductions need to read

that article. Definitely. I know that a $3.25 to $3.50 fare hike won't be popular, but it might be needed just to get those extra coins in the fare boxes. Another thing that's been overlooked is mass transit has enemies, and I'm sure Donald Trump and his minions are some of them. Don't let the White House or anyone in it sabotage or undermine this effort. Remember, Trump is also trying to wipe out all funding for NPR and PBS. So I just wanted to list the six things my name, Zip Code and district, reinforcing speakers, enemies, the fare hike may be insufficient and that article in the city paper in May was very, very well written. All parties need to read it. Thank you very much.

S1-053171-001:

Hi, my name is Joan Monroe. My Zip Code is 15085. I'm calling because I'm very concerned about what is happening with the 69 bus. The

proposal eliminates the bus coming into Trafford. Trafford's only scheduled route, fixed route transportation, is the Trafford 69 bus. We have a senior residence located near the bus stop. We have residents who take that bus to and from work daily. Students going to Pitt, Carnegie Mellon and Duquesne and other higher ed institutions. We have the Trafford bus stops at Forbes Hospital. Without that bus, people who do not have cars will not be able to get to the Forbes Hospital complex. The bus stops at Haymaker Village, which is our shopping center. Where there's a grocery store, pharmacy, and dollar store, as well as, a couple restaurants. The bus also stops at the Trafford Commerce Center. And the bus provides transportation to neighboring communities. And it also provides people the opportunity to come to Trafford by bus. Our cook at our restaurant takes the bus. Nursing

assistants take the bus to the Trafford Manor, which is our senior building. Our local barbershop said that their customers come from Pitcairn and Turtle Creek. Without that bus, all of these people will be impacted. Trafford is just beginning to have an economic resurgence. New businesses are opening, and we know that people take the bus to Trafford now. So it's not just people leaving Trafford to go downtown or neighboring communities. It's people coming to Trafford. This will have a great economic impact on our community as well as all the communities along the 69 bus route. Thank you.

S1-053263-001:

Hi, this is Zip Code 15202. I live in Bellevue and work in Sewickley. So the 14 Ohio Valley is a lifeline for me. And I'd really - I'd really hate to see it go. A lot of people take that bus. And it's, you know, these

days with everything going on, cars are so expensive now. So I really depend on the 14 Ohio Valley. And I just wanted to let you know, I hope you guys change your minds and decide to keep it. Thank you.

S1-053275-001:

Hi, my name is Tim Perkosky. My Zip Code is 15102. My comment is, as far as the fare increases go, I believe that the county workers, specifically, the jail guards, I know for that for a fact pay no fare whatsoever on the T. I rode the T many times and saw groups of them just getting off without having to pay. And there were some instances where in the wintertime there were people who had blue coats that mimicked the guards' coats and simply walked out with them and also did not pay, because they just walked past the booth like they owned the place. I, as a taxpayer, do not believe that I should also be paying

for them to ride the T for free. It's enough that they're using taxpayers' money to give them pay for their job and I don't know what they do for uniforms. But then to give them a free ride is unbelievable that it's all for nothing. I called one time to the county commissioners at one time and voiced this complaint about - at another time about a fare increase and I did attend meetings and as far as I know, nothing has happened. It is beyond belief that these people ride for free and I'm sure there's quite a few of them that take advantage of this. I did call the county commissioners and I explained what I was trying to find out. My answer was that nobody seems to know why they ride for free and also that there might have been a handshake years ago. At which point I commented, well, my grandfather was in on that handshake so I'm not going to pay either. So that's how these guards are riding for

free. Nobody knows. Yet, you're fine with increasing everybody else that has no money and has to scrape money to pay for a fare and now you wish to increase when these people are riding for free. I worked across from the First Avenue Station at one time and outside the parking garage there are meters.

S1-053303-001:

My name is Helen Sowinsky. That's S-O-W-I-N-S-K-Y. Zip Code 15211. Ride the 43 Bailey in addition to other buses such as 48,51. You know, the way I see it, you're doing all this work for the rich people in Upper St. Clair, Mount Lebanon. And people like me with a severe disability and I'm just trying to hang in there every day and do the best job that I can do despite extreme stress. And what you're doing is wrong. You don't go cut out the 43 altogether. All I'm trying to do is work. And if you cut

out the 43, I have no way to get to work. I also, it's also going to be very difficult to get to the grocery store, to medical appointments, to pick up medications. You know, this is wrong. I went to the face-to-face meeting and it was a very emotional time for me and my mind went blank. So you people are probably going to think that I'm not worth helping because I lose my train of thought. Well, you know, you take the poor and the disabled and you grind them into the dust. So again, please, please, please, do not cut out the 43 Bailey. Thank you.

S1-053331-001:

Hello, my name is Sherry Crum. My Zip Code is 15202. I live in Avalon and the service increases and fare reductions will affect me in that I do qualify for paratransit service, however, many of the places I go will be out of the range of 3/4 of a mile.

And so I will not be able to go to social functions. I will be able to miss medical appointments and the like. I do hope that there is funding, dedicated funding, as we've been advocating for, for many, many years, and I hope this gets resolved. Any questions, concerns? 412-732-2769. Thank you for taking the time to listen to this message. Bye-bye.

S1-053356-001:

My name is Rosemary Guyer. My Zip Code is 15210. I take the Silver Line to Library, three, four days a week. We are the working people and we need that Silver Line. I cannot believe that with all the repairs you made to all the trolley stops, the resurfacing and the painting, now you're going to close it? I think a better idea should be put in to keep the city, the county and all these things that you service opened to people. I know the pandemic hit everything hard, but

let's get this back together. We need that Silver Line. We need the Blue Line and we need the bus service. We are the working poor and we need this service. I couldn't begin to drive. I couldn't pay for a car and all the gas. Please keep all of this open. We need the Silver Line, we need the Blue Line and we need the bus service. God bless America. And, please, Port Authority, get busy keeping all these things open. There's got to be another way of working these lines and paying for all of this. Thank you. Goodbye.

S1-053357-001:

My name is Thea Young, 15206. I'm calling to say that the 11:00 p.m. stoppages service will be a hardship to people who work the night shift, people who want to use the public transit to go out and perhaps drink, but not drive, people who want to attend things like Pirate baseball

games during the nighttime when you don't know when they're going to finish. Also, the major reduction of service on the Penn Avenue, 88 Penn Avenue, would hurt people who are working or patients at Children's Hospital trying to get there from the East End. Also, the increase in fares for ACCESS would be particularly hard on people with fixed incomes and disabilities. But I'm saying all that to say to oppose those changes. Thank you for your time. And my phone number is 412-592-3918.

S1-053359-001:

My name is Madeline Turner Dickerson and I would like to make some comments about the possible fare increase in terms of riding the bus. I think that it's important that service be available to people. A lot of people cannot afford cars, in addition, they may work after 11:00, especially if they work as like an aide in a

hospital and stuff. A lot of those people need to have public transportation, so I think we should continue to have the service, not cut services, not cut buses and not cut the time. I also want to mention about ACCESS. ACCESS is very important to older people, including myself. We need it to get around to doctor's appointments and get groceries and we also just need it for cultural events and to be social. Being social as a senior is really important because those seniors that aren't social and don't have activities, a lot of times develop dementia and that can be more costly than just having affordable fares for transportation. Okay. Thank you. Goodbye.

S1-053364-001:

Hello. I'm calling about the elimination of the 58 Greenfield. It's imperative that this bus remain.

We are situated about four miles from the city, but yet we do not have as good of service as people that live out on McKnight Road in that area. We really need that bus. It is important, because right now it only comes once an hour. And to eliminate that is eliminating a whole pocket of people that won't be able to go to town, to Oakland, and are required to either drive or get some other form of transportation. I purposely live in the city because I love the Port Authority, or now called PRT, and it is a great service and I believe in public transportation. But this bus cannot be eliminated. We need to be able to figure out how you can either connect that with people coming in from Hazelwood and then routing onto Greenfield Avenue. That's a main line. It avoids the parkway and it's a direct line into downtown. And somehow we need to be able to utilize that run, that Greenfield Avenue run.

Also, I do not like the fact that it's being eliminated, but yet it seems to be that the PRT wants to service Carnegie Mellon, Pitt and all the students. The students are not permanent residents of Allegheny County. They're here for a short time, yet they have wonderful service. And I see them on the bus if I ride the 61s. You see them constantly on the bus. They're utilizing the service. But those of us that are residents of Allegheny county are not being able to utilize the services, yet we're paying taxes. And part of that funding that you get for different projects is reflected in our taxes. It's time that we try to make public transportation accessible to everybody and not leave out a section of the city, and somehow we're just left forced to drive. And that shouldn't be the case.

S1-053372-001:

This is Gabrielle Harrison. My Zip Code is 15235. Gabrielle Harrison, my Zip Code is 15235. I'm calling concerning the proposed fare increase on ACCESS rides. I am 86 years old and I do use the ACCESS and I'm very grateful for it. My concern is that as seniors, especially those of us that are up in age, the Social Security increase is not always guaranteed. Many years we don't get any increase. So every time anything goes up, it means we have to perhaps go into our small nest egg, if we have such a thing, but in many cases we do not. And so the only thing we can go into would be our food purchases, which means less food. And that means we're not going to be as well fed as we should be. So I thank you. If you would reconsider and only increase on the years that the Social Security gives us a cost of living adjustment, I really would appreciate that because

that would be the only new money coming into us. Thank you again. And I do appreciate the ACCESS program. They are very fine people. Gabrielle Harrison.

S1-053384-001:

You have a 26 year old who's ranked in your top 20. Be that as it may, this is, I think, a really important stretch in a time to give Billy Cook and.

S1-053386-001:

Yes. My name is Michelle Haas and I usually ride the 58 Greenfield. My Zip Code is 15207. And I'm asking, please don't take buses off from Lydia and Greenfield. Because especially, the people who live in Greenfield Terrace would really have a hard time getting into town and out of town. Thank you so much. Take care. Bye.

S1-053386-001:

Hi, this is Joanna, and my Zip Code is 15102. And I just wanted to make a comment. I will really miss the Silver Line if they close. I use it all the time. I don't drive anymore into town. And I will really miss that a lot. So I hope they don't take it away from us next February. Thank you. God bless.

I am writing to strongly oppose the cancellation of the 36 bus route, which is a vital connection between the South Hills and Downtown Pittsburgh. Eliminating this route would severely impact residents who rely on it for work, school, access to shopping centers and essential services, especially seniors and those without other transportation options. I also urge the Port Authority to add a bus stop at Cedar Boulevard and Gilkeson Road for outbound routes, as the lack of a stop there creates unsafe conditions for pedestrians and limits transit access for many Mt. Lebanon residents. Please reconsider cutting the 36 and prioritize expanding, not reducing, public transportation access. Thank you for your prompt attention in this matter.

Sincerely,
Ramesh Bhambwani

I live downtown and rely on pet.
It was mentioned you want to stop service after 11pm Please don't cut the 28x Many times I barely caught the last bus when I returned from travelling Quite a few people were also on the last bus including airport workers.
That route must run until all flights are done for the night Thanks Tess Truskowski Gateway Towers

Hi Darcy,

I heard that your group was accepting testimony. Someone sent me their testimony through email yesterday. I asked Mike Cetra and he confirmed that this was okay to accept in this form, so I emailed her back and told her that we will add this to the public comments.

Please let me know that you received it – thank you!

Hello,

I fully planned on attending but my power is out due to the storms and I am not able to get my car out of my garage without electricity. Please give my time slot to another individual but also note my statement:

I am a lifelong Pittsburgher and while I'd consider myself well-traveled, I've found few places that have the charm and character Pittsburgh does. We are in an incredible, unique position in so many ways to be leaders and innovators, to welcome people from many different walks of life, and to allow success in a variety of formats. With so much to offer, our continued lack of robust public transportation has already limited our ability to grow and will continue to do so if we do not find better solutions to invest in more widespread, affordable public transportation. Limiting accessibility limits diverse populations of our community. We cannot expect equal opportunity for success if we do not allow everyone an equal playing field to be successful. To that extent, in a city consistently ranked as "Most Liveable" a prerequisite of individual success should not be a person's ability to own and maintain a car. This has been the case far too long in Pittsburgh and yet we continue ignoring the improvements so desperately needed in our public transportation. If we cannot allow opportunities for individual success we will miss out on our ability to continue growing as a community. This includes those living here as well as those visiting. It is *unfathomable* that a city hosting the NFL draft next year still does not have easy options for people to make their way to and from various parts of the city to the airport. Note: there is one bus line currently with an airport stop. That is unacceptable. No other modernized city has such limitations in public transportation offerings. In sum, if we cut routes and do not prioritize investing instead, we cut the ability for people in all parts of our city to contribute by limiting access to healthcare, diverse jobs, and educational opportunities, while visitors are limited in their ability to easily access our beautiful city. All of this will have a greater economic impact if we are not careful with our actions. Please, do not cut our routes. Thank you.

Hi Marie Kiss,

Your PRT State Funding Public Hearing- April 29 with Odessa Ragan at 06:30pm (Eastern Time - US & Canada) on Tuesday, April 29, 2025 is scheduled.

Individuals will have 3 minutes to give their testimony. You may only register for one speaking time per hearing. You may not donate your time to another individual or group.

If you do not see your desired time available, please note that we have an overflow room with the opportunity to give testimony as a one-on-one with a court reporter. Individuals may schedule a speaking time for the overflow room through our phone registration system at 412-566-5187. The overflow room court reporters will also accept walk-up testimony.

The public hearing will take place in the Pittsburgh Ballroom on the third floor of the Convention Center. The best way to access the hearing is by using the elevator from the Convention Center parking garage, attached to the Westin Hotel walk way.

Location: David L. Lawrence Convention Center- Pittsburgh Ballroom, 3rd floor
